F.O.R. PARKS

Friday, October 17, 2014
Sierra Lake Golf Club
Fontana, CA

The Friends of Regional Parks Foundation was founded in 1975, and is a 501 (c) 3 non-profit organization, registered with the State of California. The Foundation's purpose is to preserve and protect our outdoor park activities, and natural environment by enhancing and contributing to programs, educational opportunities and community involvement.

Our Foundation is currently involved in obtaining grants and donations to be utilized in supporting approved programs at any community park that asks.

F.O.R. Parks is governed by a 10-member Board of Directors that is composed of volunteers from our community with a passion to assist in the activities of outdoor programs through various County and City Parks Departments. The F.O.R. Parks by-laws allows for the Board to grow up to 21 members.

With the generous assistance from both San Bernardino County Supervisor Josie Gonzales and previous golf tournament sponsors, we have been able to teach over 1,500 local youth and 45 adults how to fish. In addition to the fishing program we have also sent children to an Environmental Science Day Camp at Yucaipa Regional Park, assisted with developing a children's garden, donated trees, placed memorial benches and more.

Working to preserve and protect our outdoor park activities, by enhancing monetary contributions to programs, educational opportunities and community involvement is our mission.
