SYNOPSIS:
On December 2, 2013 the 17 year old victim was driving a few blocks from her home when she saw a puppy in the road. Victim stopped to pick up the puppy when an unknown white male, who was parked across the street, thanked her and told her the puppy had jumped out of his vehicle window. The white male then asked the victim if she could help him place boxes into his truck. The victim felt uncomfortable and drove off. The following day, the victim was at grocery store in Orange County when she noticed the unknown male's truck parked two rows north of her vehicle. The male walked up to victim and said he wanted to talk to her, and as the victim entered her vehicle the male told her to "stop". The victim quickly drove away. On another occasion, the victim's father woke at 3:00 a.m. to find a truck matching the description of the suspect truck idling in the street outside the victims residence.
On March 12, 2014 the victim saw the suspect driving a silver Mustang and has seen the suspect at various places, three different times, in the past week.
The unidentified white male is described as being in his mid 30's, very short light brown hair, 6'04", 200lbs. and very fit and muscular.
