San Bernardino Countywide Vision and Element Groups

BACKBONE ORGANIZATION

In order to fulfill a vision, regardless of its focus area, a backbone organization essentially pursues six common activities to support and facilitate collective impact. These activities distinguish this work from other types of collaborative efforts.

Over the life cycle of an initiative, they:

- *Guide vision and strategy
- *Support aligned activities
- *Establish shared measurement practices
- *Build public will
- *Advance policy
- *Mobilize funding

*San Bernardino Associated Governments

ROLE OF COUNTY GOVERNMENT

Our Job:

Our job is to create a county in which those who reside and invest can prosper and achieve well-being.

Our Paradigm:

The County of San Bernardino is a regional government. We understand that every aspect of the quality of life in a community is part of an interrelated system. The County takes responsibility for ensuring that the community has determined how, when and by whom each element of that system is being addressed in pursuit of our shared Vision of the county and the future we desire.

- Partner with all sectors of the community to support the success of every child from cradle to career.
- Establish San Bernardino County as a model in the state where local government, regulatory agencies and communities are truly business friendly.
