

San Bernardino County
Permits Operations/Support Division – Flood Control
825 East Third Street, Room 108
San Bernardino, CA 92415-0835
(909) 387-7995 – Fax 387-1858

PERMIT APPLICATION CHECKLIST

Each initial permit application must contain the following minimum items, and, depending on the specific nature of the permit request, may also need to include additional information to meet District requirements for review:

- A Flood Control Permit Application signed by the Applicant (Engineer or preparer of permit submittal) which clearly specifies the Permittee's (the person or agency responsible for ensuring that all permit provisions or requirements stipulated by the District for activity within District right-of-way are properly adhered to) name, address, telephone number, and contact person.
- **One CD containing all relevant information (i.e. plans, hydrology, hydraulics, structural calculations, environmental documentation, etc.)**
- **Six sets of plans for proposed improvements located within District right-of-way only**, signed by a registered civil engineer. (Unless Army Corps of Engineers built facility; then see next bullet.)
- **Nine sets of plans for proposed improvements located within District right-of-way, that are within R/W of facilities constructed by the Army Corps of Engineers**, signed by a registered civil engineer. Additional information, such as geotechnical reports and structural reports assessing the impact of loading on the channel walls are also required. This information is used for a 408 permit submittal to ACOE (Army Corps of Engineers).
- **FOR ALL PLANS PROVIDED, ONLY INCLUDE PLAN SHEETS WHICH INDICATE WORK WITHIN DISTRICT RIGHT-OF-WAY. DO NOT INCLUDE PLAN SETS SUCH AS STREET LIGHTING, ELECTRICAL OR STRIPING PLANS. PLAN SETS SUBMITTED WHICH INCLUDE EXTRANEIOUS SHEETS NOT IMPACTING DISTRICT RIGHT-OF-WAY MAY RESULT IN ALL SUBMITTED PLAN SETS BEING RETURNED WITHOUT REVIEW.**
- Filing and/or Review fees in accordance with the current Fee Schedule. **Cities, State, public agencies and non-profit organizations/agencies are exempt from filing fees for new permits, but still must pay review and inspection fees. State agencies are exempt from filing, review and inspection fees.**
- Applications that involve storm drain connections or channel improvements must be accompanied by **three** hard copy sets and **one** electronic copy of hydrology and hydraulic calculations; **input file listings MUST accompany the hydraulic calculations.**
- **WDID (Waste Discharger Identification) Number issued by the Regional Water Quality Control Board for ANY project impacting an area of 1 acre or greater. A WDID must be issued for any project impacting an area of 1 acre or greater, REGARDLESS whether such impact to District right-of-way will be less than 1 acre. THE DISTRICT WILL NOT ISSUE A PERMIT WITHOUT THIS INFORMATION BEING PROVIDED.**
- **Note:** Prior to beginning any permit activities within District right-of-way, a certificate of insurance will be required covering the agency (Permittee and/or contractor) that will be performing the permitted activities. The insurance certificate must meet minimum District requirements, and list both San Bernardino County and San Bernardino County Flood Control District as additionally insured.
- **FAILURE TO PROVIDE ALL NECESSARY INFORMATION MAY RESULT IN DELAY OF THE DISTRICT'S REVIEW**

All submitted plans must contain the following as applicable:

1. **Digital Submittal** Any connection to a Flood Control District facility shall require a CADD or GIS file of the location latitude/longitude at the connection. Additionally, when a Flood Control facility meets qualifications as a Regional facility or if the Flood Control District will assume any type of maintenance or rights-of-way over the facility, a CADD or GIS file showing the basin footprint and/or channel alignment with a minimum of 1 meter accuracy in NAD 1983 State Plane California V FIPS 0405 coordinates shall be submitted. Any basin, channel, or connection alignment/locations shall reflect the actual location in said real world coordinates. Acceptable file formats are as follows: .dgn, .dwg, .dxf, .pro, GIS .shp, or GIS .mdb.
2. **Structural Integrity** The District does not review the structural integrity of bridges crossing District right-of-way. It shall be the responsibility of the engineer of record to ensure the structural integrity of proposed bridge crossings.
3. **Title Block/Stationing** Description/type of work, **District stationing** and location of the project. Corps' stationing must be shown for projects impacting a U.S. Army Corps of Engineers' facility.
4. **Vicinity Map** Show the approximate location of the proposed project in relation to major streets and flood control facilities
5. **Streets** All street names must be labeled on all applicable plan sheets.
6. **Right-of-Way** All right-of-way (District, City, Street, Caltrans, etc.) must be clearly shown and labeled on each applicable sheet of the plans with dimensions. **Include a typical section.** Acceptable manner of indicating District right-of-way is SBCFCD R/W or similar. Using a designation such as "R/W" is not acceptable.
7. **Typical Cross Section** Show all existing and proposed improvements as they relate to the District's right-of-way.
8. **Facility Name** All District facilities must be clearly and correctly labeled on the plans. "Flood Control Channel" or similar designation is not acceptable.
9. **North Arrow** Indicate the direction of true north relative to the project site on plan drawings.
10. **Scale** Horizontal and vertical scales must be used on each sheet submitted for review. Use a scale that most accurately reflects the scope of the work that is being proposed.
11. **Benchmark** The control elevation for the project should be shown on the plans.
12. **Notes** General and construction notes must be shown on each plan sheet where applicable. Notes shall be clear, concise, legible and related to the proposed project.
13. **Invert** The invert elevation of all District facilities and the proposed inlet shall be shown on the plans.

14. **Removal** The removal or break out limits of an existing facility must be shown on the plans with dimensions.
15. **Match Line** When a submittal includes multiple sheets within District right-of-way, each sheet shall have a match line to indicate how each sheet relates to one another.
16. **Non-District Standards** Any proposed non-District standard referenced on the plans and/or notes shall be shown on the plans and are subject to District approval.
17. **USA** Underground Service Alert note or similar must be shown on the plans.
18. **Legend** Description of all symbols and abbreviations used on the plans. Include legend on all applicable plan sheets.
19. **Contact Personnel** A list of relevant emergency personnel involved in the proposed project. Include name, title and telephone numbers of relevant parties on the Title Sheet.
20. **Revision Block** Revision block must be placed on all plan sheets.
21. **Plans/Profiles** Show elevations, grades, slopes, length, types and sizes of all proposed facilities and the existing and proposed finished grades.
22. **Drivable Widths** All access routes within District right-of-way shall be constructed in such a manner as to allow unimpeded access to all District maintenance equipment, which includes 18-wheel vehicles. All drivable widths shall be a minimum of 20-feet wide, and shall have the following additional requirements:
- All turns must be constructed with a minimum outside radius of 60-feet, and a maximum outside radius of 25-feet.
 - Hammerhead turnarounds shall be a minimum 90-feet by 55-feet. Inside corners shall have a minimum radius of 35-feet.
 - Turnaround areas shall have a minimum radius of 50-feet.
23. **Gate Setbacks** All District access gates shall be set back a minimum of 30-feet from curb face to allow for vehicular access.
24. **Channel Construction** Drainage facilities that are designed utilizing Los Angeles County Flood Control District structural, hydraulic and design criteria shall be acceptable to the District. Please contact the District prior to utilizing design criteria from other agencies.
25. **Underground Utilities** All underground utility crossings of District facilities shall be encased. Acceptable methods of encasement include steel or concrete. A minimum clearance of 5-feet must be shown between bottom of channel invert and top of casing. Plans must show all proposed and existing utilities within the District's right-of-way that will be affected by the proposed project. Trenching details must be shown on the plans indicating method of support of the District's facility, along with supporting structural calculations.

26. **Overhead Utilities** A minimum of 35-feet of line clearance shall be maintained by all electrical lines over District right-of-way. A minimum of 25-feet of line clearance shall be maintained by other non-electrical overhead lines over District right-of-way. This shall include new installations of aerial crossings and utility poles as well as aerial installations attached to existing poles. The installation of guy wires within District right-of-way is not allowed.
27. **Parallel Utilities** Shall be located as close to the District's right-of-way boundaries as possible. A lease agreement or easement shall also be required to be executed **PRIOR** to permit issuance allowing a parallel utility within District right-of-way. Utilities shall have a minimum of 3-feet of cover within District right-of-way.
28. **Manholes** Any manhole within District right-of-way shall be shown on the plans with depth, station and rim elevation indicated. The District's minimum manhole cover shall be 36-inches in diameter. All manholes not located within asphalt or concrete must include a manhole apron in accordance with District Standard D260. Under no circumstances shall any manhole within District right-of-way extend above finish grade.
29. **Side Drains** All side drain connections to District facilities shall be reinforced concrete pipe (RCP), and shall be sized to adequately convey flows from a 100-year storm event. The size, type and loading must be labeled on the plans. The minimum allowable RCP connection size is 24-inches, with a 1350 D-load. RCP not meeting either minimum criteria shall be rejected.
30. **Concrete** All structural concrete shall be 660-A-4000 in all inverts and 660-B-4000 for all walls, including wingwalls and headwalls. All concrete shall conform to Section 201-1 of the Standard Specification for Public Works Construction, latest edition, unless otherwise specified. Concrete for rock structures, bottom controls, and splash pads shall be 560-B or C-3250.
31. **Reinforcing Steel** All reinforcing steel shall conform to the requirements of ASTM A-615 and shall be Grade 60.
32. **Angle of Entry** The inlet angle to any District facility shall be shown on the plans. The following angles of confluence are recommended:
- | <u>Super Critical Flows</u> | | <u>Sub-Critical Flows</u> | |
|-----------------------------|----------|---------------------------|----------|
| 24" - 33" | 90 ° max | Up to 36" | 90 ° max |
| 36" – 57" | 45 ° max | 36" – 57" | 45 ° max |
| 60" and over | 30 ° max | 60" and over | 30 ° max |
33. **HGL** Existing and proposed Hydraulic Grade Lines must be plotted on all plans involving storm drain connections or basin/channel improvements. Indicate Q_{100} and V_{100} in the profile view.
34. **Resubmittals** All resubmitted plans must be accompanied by a cover letter that addresses the District's previous comments. Resubmittals without a cover letter addressing previous comments will be returned without review.

San Bernardino County Flood Control District
Schedule of Fees Ordinance No. FCD 14-01

Effective July 19, 2014

(a) Permits and permit amendments:

1. Minor Construction
 - A. Definition: utilities (parallel up to 100', site, non-parallel); general and miscellaneous; small side drain connection (maximum 4x4' reinforced concrete box (RCB) or 48" diameter reinforced concrete pipe (RCP));
 - I. Filing fee (non-refundable)..... \$ 385.00
 - II. Review fee (for each connection)..... Actual Cost as described in (j) herein (non-refundable)
 - Review fee initial deposit..... \$ 3,000.00 /ea connection
 - III. Inspection fee (for each connection) Actual Cost as described in (j) herein (non-refundable)
 - Inspection fee initial deposit..... \$2,670.00 /ea connection
2. General and miscellaneous use:
 - A. Permit amendments:
 - I. General amendment (during construction only):..... \$ 1,210.00
 - II. Administrative amendment (for each requested change)..... \$ 237.00 /each change (changes include name change, site change and time extension)
 - B. Confined space video inspection Actual Cost as described in (j) herein
 - Confined Space Video Inspection Initial Deposit..... \$ 1,300.00
 - C. Monthly land use fee of San Bernardino County Flood Control District property (minimum \$600/month for area up to 1 acre. Fee.... prorated above 1 acre)..... \$ 600.00 /acre/mo
 - D. Long term encroachment permit:
 - I. Definition: Long term encroachments are site encroachments initially installed under a minor or major permit but involve more permanent structures such as a well site.
 - II. Renewal fee (non-refundable)..... \$ 287.00
 - III. Annual inspection fee (for each location)- Applicable each anniversary date for any permit extending past 1 year term \$ 1,900.00 /ea location
 - IV. Late fee (for annual billings)(non-refundable)..... \$287.00 plus 1.5%/month

NOTE: If any fee is not paid when due and payable, permittee shall pay to the District an additional two hundred and eighty-seven dollars (\$287) for each fee due as an administrative processing charge. Fees not paid when due shall bear interest from the date due at the rate of one and one-half percent (1 1/2 %) per month.
3. Major Construction:
 - A. Filing fee..... \$ 857.00 (non-refundable)
 - B. Review fee..... Actual Cost as described in (j) herein (non-refundable)
 - Review fee initial deposit..... \$ 5,450.00
 - C. Inspection fee..... Actual Cost as described in (j) herein
 - Inspection fee initial deposit..... \$ 5,000.00
4. Community improvement temporary ingress:
 - A. Definition: Community improvement temporary ingress permits are when community groups want access to facilities for litter removal, graffiti removal or other beneficial reasons.
 - (I) Filing fee..... no fee
5. Non-obstructive existing encroachment (5 year term):
 - A. Definition: Non-obstructive existing encroachments are encroachments where the encroachment does not interfere with the operation and maintenance of the facility and has been in existence for over 10 years:
 - I. Filing fee..... no fee
6. Soil removal or select disposal (goods and services):
 - A. Under 50 cubic yards:
 - I. Borrow..... \$75.00 (non-refundable)
 - II. Aggregate Material for Flood protection group:

Definition: Aggregate Material for Flood protection group are permits for community and fire agencies who request material for sandbags and pick up the material themselves.

 - a. Filing fee..... no fee
 - B. 51 cubic yards to 100 cubic yards:
 - I. Borrow..... \$ 150.00 (non-refundable)
 - C. 101 cubic yards to and including 10,000 cubic yards:
 - I. Filing fee..... \$325.00 (non-refundable)
 - II. Administration and inspection fee:
 - i. Borrow \$1.50/cu. yd. (non-refundable)
 - D. Permit fees for sand and gravel removal over 10,000 cubic yards shall be set by competitive market conditions as determined by bids or proposals. In addition, a filing and inspection fee will apply as follows:
 - I. Filing fee (non-refundable)..... \$ 431.00 (non-refundable)
 - II. Administration and Inspection fee:
 - i. Borrow Actual Cost as described in (j) herein (non-refundable)
 - Inspection fee initial deposit..... \$ 2,000.00
 - E. Minor Temporary Ingress (non-refundable)..... \$ 138.00 (non-refundable)
7. Apiary rental site on property..... \$ 1.00 per colony
 - A. Apiary rental site on property minimum fee..... \$ 100.00
8. Gravel operations:

Note: Gravel operation permits will be negotiated on an individual basis by County of San Bernardino Real Estate Services Department and be approved by the Board of Supervisors. Existing gravel operation permits will be reissued as leases upon expiration of the permit, and, if needed, will be renegotiated.
9. San Bernardino County Flood Control District land use with Board of Supervisors approval:
 - A. Filing fee..... \$ 680.00 (non-refundable)

NOTE: San Bernardino County Flood Control District land use permits will be negotiated as leases on an individual basis. Existing land use permits will be reissued as leases upon expiration of the permit.

(b) Plans and special provisions:

1. Plans (CD) and special provisions (hardcopy) plus applicable sales tax..... \$ 20.00 /set
 2. Plans and special provisionsm (CD) plus applicable sales tax..... \$ 8.00 /set
 3. Mailing charge, if applicable..... Actual cost
- (c) Reproduction services:
1. Maps, exhibits and plans:
 - A. Prints..... \$ 0.40 /sq. ft.
 - B. Plotting service (3 square feet minimum)..... \$ 0.60 /sq. ft.
 2. Miscellaneous documents:
 - A. Black and white copies:
 - I. 8 1/2" x 11"..... \$ 0.10 /page
 - II. 8 1/2" x 14"..... \$ 0.20 /page
 - III. 11" x 17"..... \$ 0.30 /page
 - B. Color copies:
 - I. 8 1/2" x 11"..... \$ 3.00 /page
 - II. 8 1/2" x 14"..... \$ 3.10 /page
 - III. 11" x 17"..... \$ 3.25 /page
- (d) Hydrology manuals..... \$ 83.00 /manual
- (e) Flood hazard analysis..... \$ 1,701.00 /report
- (f) Hydrologic-climatological research..... \$ 46.00 /half-hour
1. Biannual report..... \$ 41.50 /volume
 2. Transfer of data (CD/DVD)..... \$ 11.00 /each
- (g) Mapping services:
1. Digital data preparation (1/4 hour minimum)..... \$ 23.00 /qtr hr
 2. Digital data on CD..... \$ 10.00 /order
- (h) Area drainage plan fees:
1. Upper Etiwanda area..... \$ 9,790.00 /acre
 2. San Sevaine Creek Area..... \$ 4,405.00 /acre
 3. Comprehensive Storm Drain Plan #3 Project 3-5..... \$ 7,159.00 /acre
- (i) Surplus Property
1. Application fee (non-refundable)..... \$ 1,250.00
 2. Appraisal and Administration..... Actual Cost as described in (j) herein (non-refundable)
- Appraisal and administration fee initial deposit..... \$ 3,500.00
- Potential purchaser will be responsible for providing all property boundary surveys, legal descriptions and appraisals of the property. The San Bernardino County Flood Control District will review the survey work, prepare the grant deed and work with the Real Estate Services Department to prepare the resolution and Board agenda item for declaring the property surplus and seek Board of Supervisors' approval of the transaction. These fees are in addition to the requirement that the purchaser pay fair market value for the property.
- (j) Actual cost calculation as identified in Sections (a)(1)(A)(II), (a)(1)(A)(III), (a)(2)(B), (a)(3)(B), (a)(3)(C), (a)(6)(D)(II)(i), (b)(3), and(i)(2) of this ordinance.
1. Actual cost is the sum of:
 - A. The products of multiplying the time spent on the project by the San Bernardino County Flood Control District personnel by the applicable hourly charge rates; and
 - B. Mileage charges; and
 - C. Any other costs incurred by the District in processing the project.
 2. Hourly charge rates and mileage rates:
 - A. Schedule of Charges:

Personnel Classification.....	Hourly Rate
I. Deputy Director.....	\$ 194.00
II. Ecological Resource Specialist.....	\$ 93.00
III. Engineering Technician II.....	\$ 79.00
IV. Engineering Technician III.....	\$ 87.00
V. Engineering Technician IV.....	\$ 100.00
VI. Engineering Technician V.....	\$ 111.00
VII. Equipment Operator I.....	\$ 74.00
VIII. Equipment Operator II.....	\$ 82.00
IX. Equipment Operator III.....	\$ 86.00
X. Equipment Parts Specialist.....	\$ 58.00
XI. Maintenance and Construction Supervisor I.....	\$ 97.00
XII. Maintenance and Construction Supervisor II.....	\$ 105.00
XIII. Maintenance and Construction Worker I.....	\$ 65.00
XIV. Maintenance and Construction Worker II.....	\$ 77.00
XV. Office Assistant II.....	\$ 48.00
XVI. Office Assistant III.....	\$ 61.00
XVII. Planner I.....	\$ 98.00
XVIII. Planner II.....	\$ 105.00
XIX. Planner III.....	\$ 123.00
XX. Public Service Employee.....	\$ 31.00
XXI. Public Works Engineer II.....	\$ 125.00
XXII. Public Works Engineer III.....	\$ 152.00
XXIII. Public Works Engineer IV.....	\$ 177.00
XXIV. Public Works Operations Supt.....	\$ 127.00
XXV. Public Works Operations Supvsvr.....	\$ 105.00
XXVI. Secretary I.....	\$ 67.00
XXVII. Stormwater Program Manager.....	\$ 139.00
XXVIII. Supervising Land Surveyor.....	\$ 138.00
XXIX. Supervising Planner.....	\$ 135.00
 - B. Mileage Charges..... \$ 0.86 /mile

3. Deposits:
An initial deposit is required for each actual cost project. The initial deposit is as specified in this ordinance. If no amount is specified, the initial deposit is the San Bernardino County Flood Control District's initial estimate of the actual cost of the project. The San Bernardino County Flood Control District may revise its estimate at any time during the processing of the project. If a revised estimate is higher than a previous estimate, the San Bernardino County Flood Control District may require an additional deposit. Notice of any required additional deposit shall be mailed to the applicant. The notice shall include the date by which the deposit must be made, and shall inform the applicant that unless provision for payment is made by the date specified, the application will be deemed denied without prejudice, without further action by the San Bernardino County Flood Control District. Any such denial without prejudice is not appealable. Each estimate shall be the result of a good faith attempt to determine the probable actual cost of the project based on the nature of the project, the District's experience in processing projects, and applicable rates.
4. Applicant's obligation to pay actual cost:
The applicant shall pay the actual cost of the project, regardless of any estimate; except that the applicant is not obligated for costs incurred after the applicant delivers to the San Bernardino County Flood Control District either an unconditional written withdrawal of the application, or a written notice to stop work which includes a waiver of any applicable time limits for processing the application.

(k) Waiver/refund of fees:

1. Except as otherwise provided by law, the San Bernardino County Flood Control District Board of Supervisors, by Board action, can waive or refund any fee set forth in this ordinance or any other fee levied by the Flood Control District provided one of the following conditions is met:
 - A. The service for which the fee was levied has not and will not be performed; or
 - B. The fee was collected in error; or
 - C. For other good cause shown, provided such waiver/refund would serve a San Bernardino County Flood Control District purpose.
2. In the event of a disaster, or other good cause shown to serve a San Bernardino County Flood Control District purpose, the Flood Control Engineer may waive or refund any fee set forth in this Ordinance or any other fee levied by the San Bernardino County Flood Control District provided all of the following conditions are met:
 - A. Exigent conditions exist whereby obtaining Board approval of the fee waiver/refund would not be immediately feasible; and
 - B. The amount of the waiver/refund would not exceed \$3,000 per event; and
 - C. The San Bernardino County Flood Control District receives concurrence from the County Administrative Office
3. The Flood Control Engineer, or designee, may refund any fee or deposit set forth in this ordinance provided one of the following conditions is met:
 - A. The service for which the fee or deposit was levied has not and will not be performed; or
 - B. The fee or deposit was collected in error; or
 - C. Unused deposit monies remain on actual cost projects when all charges for the project have been recorded.
4. Agencies with an elected board and cities are exempt from the filing fees and administrative amendment fee.
5. The State is exempt from the filing, administrative amendment and review fees.
