

## Zero Emissions Vehicle/Plug-In Hybrid Vehicle Rideshare Incentive Form

Employees who commute to work in a Zero Emissions Vehicle or a Plug-In Hybrid Vehicle are eligible for a one-time \$250 credit offered by South Coast Air Quality Management if certain requirements are met. In order to be eligible, the distance between your home and worksite must be within your vehicle manufacturer's stated mileage range on a single electric charge. You cannot take the credit if the one-way distance between your home and worksite is more than the vehicle's range on a full electric charge (or if the engine switches to the gas operation). Proof of your vehicles purchase agreement, manufacturers stated vehicle range, and online map source (home to work) are required as supporting documentation and must be submitted with this form.
