

ELECTRIC VEHICLES ARE NOW PART OF THE RIDESHARE PROGRAM!

RIDE ALONE OR WITH OTHERS TO WORK!

Program Guidelines

The South Coast Air Quality Management District (SCAQMD) gives employers the opportunity to offer Electric Vehicle credit to employees who travel to work in a Zero Emissions Vehicle (ZEV) or a Plug-In Hybrid Vehicle (PHEV). Employees who commute in a PHEV are eligible only if the distance between the employee's worksite and home is within the vehicle manufacturer's stated vehicle mileage range on a single charge.

The employee cannot take credit if the one-way distance between the worksite and employee's home is more than the PHEV's range on a full electric charge (or if the engine switches to the gas operation).

For more information or to sign up for the program, contact
