This Combined Evidence of Coverage and Disclosure Form is intended for your information; it constitutes a summary of the Dental Plan and is included as a part of the agreement between Cigna Dental and your Group (collectively, the “Group Contract”). The Group Contract must be consulted to determine the rates and the exact terms and conditions of coverage. A specimen copy of the Group Contract will be furnished upon request. If rates or coverages are changed under your Group Contract, your rates and coverage will also change. A prospective member has the right to view the Combined Evidence of Coverage and Disclosure Form prior to enrollment. It should be read completely and carefully. Members with special health care needs should read carefully those sections that apply to them. Please read the following information so you will know from whom or what group of providers dental care may be obtained.

NOTICE: IF YOU OR YOUR FAMILY MEMBERS ARE COVERED BY MORE THAN ONE HEALTH CARE PLAN, YOU MAY NOT BE ABLE TO COLLECT BENEFITS FROM BOTH PLANS. EACH PLAN MAY REQUIRE YOU TO FOLLOW ITS RULES OR USE SPECIFIC DOCTORS OR DENTAL OFFICES, AND IT MAY BE IMPOSSIBLE TO COMPLY WITH BOTH PLANS AT THE SAME TIME. READ ALL OF THE RULES VERY CAREFULLY, INCLUDING THE COORDINATION OF BENEFITS SECTION.

Important Cancellation Information – Please Read the Provision Entitled “Disenrollment from the Dental Plan – Termination of Benefits.”

The Dental Plan is subject to the requirements of Chapter 2.2 of Division 2 of the Health and Safety Code and of Division 1 of Title 28 of the California Code of Regulations. Any provision required to be in the Group Contract by either of the above will bind the Dental Plan, whether or not provided in the Group Contract.

READ YOUR PLAN BOOKLET CAREFULLY

I. Definitions

Capitalized terms, unless otherwise defined, have the meanings listed below.

**Adverse Determination** – a decision by Cigna Dental not to authorize payment for certain limited specialty care procedures on the basis of clinical necessity or appropriateness of care. Requests for payment authorizations that are declined by Cigna Dental based upon clinical necessity or appropriateness of care will be the responsibility of the member at the dentist’s Usual Fees. A licensed dentist will make any such denial. Adverse Determinations may be appealed as described in the Section entitled “What to Do if There Is a Problem.”

**Cigna Dental** – Cigna Dental Health of California, Inc.

**Clinical Necessity** – to be considered clinically necessary, the treatment or service must be reasonable and appropriate and meet the following requirements:

A. be consistent with the symptoms, diagnosis or treatment of the condition present;
B. conform to professionally recognized standards of dental practice;
C. not be used primarily for the convenience of the member or provider of care; and
D. not exceed the scope, duration, or intensity of that level of care needed to provide safe and appropriate treatment.

**COBRA** – Consolidated Omnibus Budget Reconciliation Act of 1986, as amended. The federal law that gives workers who lose their health benefits the right to choose, under certain circumstances, to continue group health benefits provided by the plan under certain circumstances.

**Covered Services** – the dental procedures listed on your Patient Charge Schedule.

**Dental Office** – your selected office of Network General Dentist(s).

**Dental Plan** – the plan of managed dental care benefits offered through the Group Contract between Cigna Dental and your Group.

A. less than 19 years old; or

B. less than 23 years old if he or she is both:

C. any age if he or she is both:
   1. incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness or condition; and
   2. chiefly dependent upon you (the subscriber) for support and maintenance.

For a dependent child 19 years of age or older who is a full-time student at an educational institution, coverage will be provided for an entire academic term during which the child begins as a full-time student and remains enrolled, regardless of whether the number of hours of instruction for which the child is enrolled is reduced to a level that changes the child’s academic status to less than that of a full-time student.

For a child who falls into category B above, you will need to furnish Cigna Dental evidence of his or her reliance upon you, in the form requested, within 31 days after the Dependent reaches the age of 19 and once a year thereafter during his or her term of coverage.

For a child who falls into category C above, you will need to furnish Cigna Dental proof of the child’s condition and his or her reliance upon you, within 60 days from the date that you are notified by Cigna Dental to provide this information. Cigna Dental will initially request this information at least 90 days prior to the child’s nineteenth (19th) birthday, and will subsequently request such proof on an annual basis after the child turns 21.

Coverage for dependents living outside a Cigna Dental service area is subject to the availability of an approved network where the dependent resides; provided however, Cigna Dental will not deny enrollment to your dependent who resides outside the Cigna Dental service area if you are required to provide coverage for dental services to your dependent pursuant to a court order or administrative order.

This definition of “Dependent” applies unless modified by your Group Contract.

### II. Introduction to Your Cigna Dental Plan

Welcome to the Cigna Dental Plan. We encourage you to use your dental benefits. Please note that enrollment in the Dental Plan allows the release of patient records to Cigna Dental or its designee for dental plan operation purposes.

### III. Eligibility/When Coverage Begins

**A. In General**

To enroll in the Dental Plan, you and your Dependents must live or
work in the Service Area and be able to seek treatment for Covered Services within the Cigna Dental Service Area. Other eligibility requirements are determined by your Group.

If you enrolled in the Dental Plan before the effective date of your Group Contract, you will be covered on the first day the Group Contract is effective. If you enrolled in the Dental Plan after the effective date of the Group Contract, you will be covered on the first day of the month following processing of your enrollment (unless effective dates other than the first day of the month are provided for in your Group Contract).

Dependents may be enrolled in the Dental Plan at the time you enroll, during an open enrollment, or within 31 days of becoming eligible due to a life status change such as marriage, birth, adoption, placement, or court or administrative order. You may drop coverage for your Dependents only during the open enrollment periods for your Group, unless there is a change in status such as divorce. Cigna Dental may require evidence of good dental health to be provided at your expense if you or your Dependents enroll after the first period of eligibility (except during open enrollment) or after disenrollment because of nonpayment of Prepayment Fees.

If you have family coverage, a newborn child is automatically covered during the first 31 days of life. If you wish to continue coverage beyond the first 31 days, your baby must be enrolled in the Dental Plan and you must begin paying Prepayment Fees, if any additional are due, during that period.

Under the Family and Medical Leave Act of 1993, you may be eligible to continue coverage during certain leaves of absence from work. During such leaves, you will be responsible for paying your Group the portion of the Prepayment Fees, if any, which you would have paid if you had not taken the leave. Additional information is available through your Benefits Representative.

**B. New Enrollee Transition of Care**

If you or your enrolled Dependents are new enrollees currently receiving services for any of the conditions described hereafter from a non-Network Dentist, you may request Cigna Dental to authorize completion of the services by the non-Network Dentist. Cigna Dental does not cover services provided by non-Network Dentists except for the conditions described hereafter that have been authorized by Cigna Dental prior to treatment. Rare instances where prolonged treatment by a non-Network Dentist might be indicated will be evaluated on a case-by-case basis by the Dental Director in accordance with professionally recognized standards of dental practice. Authorization to complete services started by
a non-Network Dentist before you or your enrolled Dependents became eligible for Cigna Dental shall be considered only for the following conditions:

(1) an acute condition. An acute condition is a dental condition that involves a sudden onset of symptoms due to an illness, injury, or other dental problem that requires prompt dental attention and that has a limited duration. Completion of the covered services shall be provided for the duration of the acute condition.

(2) newborn children between birth and age 36 months. Cigna Dental shall provide for the completion of covered services for newborn children between birth and age 36 months for 12 months from the effective date of coverage for a newly covered enrollee.

(3) performance of a surgery or other procedure that is authorized by Cigna Dental and has been recommended and documented by the non-Network Dentist to occur within 180 days of the effective date of your Cigna Dental coverage.

C. Renewal Provisions

Your coverage under the Dental Plan will automatically be renewed, except as provided in the section entitled “Disenrollment from the Dental Plan – Termination of Benefits.” All renewals will be in accordance with the terms and conditions of your Group Contract. Cigna Dental reserves any and all rights to change the Prepayment Fees or applicable Copayments during the term of the Group Contract if Cigna Dental determines Group’s information relied upon by Cigna Dental in setting the Prepayment Fees materially changes or is determined by Cigna Dental to be inaccurate.

IV. Your Cigna Dental Coverage

Cigna Dental maintains its principal place of business at 400 North Brand Boulevard, Suite 400, Glendale, CA 91203, with a telephone number of 1.800.Cigna24.

This section provides information that will help you to better understand your Dental Plan. Included is information about how to access your dental benefits and your payment responsibilities.

A. Member Services

If you have any questions or concerns about the Dental Plan, Member Services Representatives are just a toll-free phone call away. They can explain your benefits or help with matters regarding your Dental Office or Dental Plan. For assistance with transfers, specialty referrals, eligibility, emergencies, Covered Services, plan benefits, ID cards, location of Dental Offices, conversion coverage...
or other matters, call Member Services from any location at **1.800. Cigna24.** If you have a question about your treatment plan, we can arrange a second opinion or consultation. The hearing impaired may contact the state TTY toll-free relay service number listed in their local telephone directory.

**B. Prepayment Fees**

Your Group sends a monthly Prepayment Fee (premium) to Cigna Dental for members participating in the Dental Plan. The amount and term of this prepayment fee is set forth in your Group Contract. You may contact your Benefits Representative for information regarding any part of this Prepayment Fee to be withheld from your salary or to be paid by you to the Group.

**C. Other Charges – Copayments**

Network General Dentists are typically reimbursed by Cigna Dental through fixed monthly payments and supplemental payments for certain procedures. Network Specialty Dentists are compensated based on a contracted fee arrangement for services rendered. No bonuses or financial incentives are used as inducements to limit services. Network Dentists are also compensated by the Copayments that you pay, as set out in your Patient Charge Schedule. You may request general information about these matters from Member Services or from your Network Dentist.

Your Patient Charge Schedule lists the dental procedures covered under your Dental Plan, subject to plan exclusions and limitations. Some dental procedures are covered at no charge to you. For other Covered Services, the Patient Charge Schedule lists the Copayments you must pay when you visit your Dental Office. There are no deductibles and no annual dollar limits for services covered by your Dental Plan.

Your Network General Dentist is instructed to tell you about Copayments for Covered Services, the amount you must pay for optional or non-Covered Services and the Dental Office’s payment policies. Timely payment is important. It is possible that the Dental Office may add late charges to overdue balances.

IMPORTANT: If you opt to receive dental services that are not covered services under this plan, a participating dental provider may charge you his or her usual and customary rate for those services. Prior to providing a patient with dental services that are not a covered benefit, the dentist should provide to the patient a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If you would like more
information about dental coverage options, you may call member services at 1.800.Cigna24 or your insurance broker. To fully understand your coverage, you may wish to carefully review this evidence of coverage document.

Your Patient Charge Schedule is subject to change in accordance with your Group Contract. Cigna Dental will give written notice to your Group of any change in Copayments at least 30 days prior to such change. You will be responsible for the Copayments listed on the Patient Charge Schedule that is in effect on the date a procedure is started.

D. Facilities – Choice of Dentist

1. In General

You and your Dependents should have selected a Dental Office when you enrolled in the Dental Plan. If you did not, you must advise Cigna Dental of your Dental Office selection prior to receiving treatment. The benefits of the Dental Plan are available only at your Dental Office, except in the case of an emergency or when Cigna Dental otherwise authorizes payment for out-of-network benefits.

You may select a network Pediatric Dentist as the Network General Dentist for your dependent child under age 7 by calling Member Services at 1.800.Cigna24 to get a list of network Pediatric Dentists in your Service Area or if your Network General Dentist sends your child under the age of 7 to a network Pediatric Dentist, the network Pediatric Dentist’s office will have primary responsibility for your child’s care. For children 7 years and older, your Network General Dentist will provide care. If your child continues to visit the Pediatric Dentist upon the age of 7, you will be fully responsible for the Pediatric Dentist’s Usual Fees. Exceptions for medical reasons may be considered on a case-by-case basis.

If for any reason your selected Dental Office cannot provide your dental care, or if your Network General Dentist terminates from the network, Cigna Dental will let you know and will arrange a transfer to another Dental Office. Refer to the section titled “Office Transfers” if you wish to change your Dental Office.

To obtain a list of Dental Offices near you, visit our website at Cigna.com, or call the Dental Office Locator at 1.800.Cigna24. It is available 24 hours a day, 7 days per week. If you would like to have the list faxed to you, enter your fax number, including your area code. You may always obtain a current Dental Office Directory by calling Member Services.
2. **Appointments**

To make an appointment with your Network Dentist, call the Dental Office that you have selected. When you call, your Dental Office will ask for your identification number and will check your eligibility.

3. **Office Transfers**

If you decide to change Dental Offices, we encourage you to complete any dental procedure in progress first. To arrange a transfer, call Member Services at **1.800.Cigna24**. To obtain a list of Dental Offices near you, visit our website at [Cigna.com](http://Cigna.com), or call the Dental Office Locator at **1.800.Cigna24**.

Your transfer request will take about 5 days to process. Transfers will be effective the first day of the month after the processing of your request. Unless you have an emergency, you will be unable to schedule an appointment at the new Dental Office until your transfer becomes effective.

There is no charge to you for the transfer; however, all Copayments which you owe to your current Dental Office must be paid before the transfer can be processed. Copayments for procedures not completed at the time of transfer may be required to be prorated between your current Dental Office and the new Dental Office, but will not exceed the amount listed on your Patient Charge Schedule.

**E. Your Payment Responsibility (General Care)**

For Covered Services at your Dental Office, you will be charged the Copayments listed on your Patient Charge Schedule, subject to applicable exclusions and limitations. For services listed on your Patient Charge Schedule provided at any other dental office, you may be charged Usual Fees. For non-Covered Services, you are responsible for paying Usual Fees.

If, on a temporary basis, there is no Network General Dentist available in the Service Area to treat you, Cigna Dental will let you know and you may obtain Covered Services from a non-Network Dentist. You will pay the non-Network Dentist the applicable Copayment for Covered Services. Cigna Dental will pay the non-Network Dentist the difference between his or her Usual Fee and the applicable Copayment. If you seek treatment for Covered Services from a non-Network Dentist without authorization from Cigna Dental, you will be responsible for paying the non-Network Dentist his or her Usual Fee.

All contracts between Cigna Dental and Network Dentists state that you will not be liable to the Network Dentist for any sums owed to the Network Dentist by Cigna Dental.

F. Specialty Care

Your Network General Dentist at your Dental Office has primary responsibility for your professional dental care. Because you may need specialty care, the Cigna Dental Network includes the following types of specialty dentists:

- Pediatric Dentists – children’s dentistry.
- Periodontists – treatment of gums and bone.
- Oral Surgeons – complex extractions and other surgical procedures.
- Orthodontists – tooth movement.

When specialty care is needed, your Network General Dentist must start the referral process. X-rays taken by your Network General Dentist should be sent to the Network Specialty Dentist. Except for Pediatrics, Orthodontics and Endodontic services, payment authorization is required for coverage of services by a Network Specialty Dentist.

See Section IV.D, Facilities – Choice of Dentist, regarding treatment by a Pediatric Dentist.

G. Specialty Referrals

1. In General

Upon referral from a Network General Dentist, your Network Specialty Dentist will submit a specialty care treatment plan to Cigna Dental for payment authorization prior to rendering the service. Prior authorization from Cigna Dental is not required for specialty referrals for Pediatrics, Orthodontics and Endodontic services. You should verify with the Network Specialty Dentist that your treatment plan has been authorized for payment by Cigna Dental before treatment begins.

If your Patient Charge Schedule reflects coverage for Orthodontic services, a referral from a Network General Dentist is not required to receive care from a Network Orthodontist. However, your Network General Dentist may be helpful in assisting you to choose or locate a Network Orthodontist.

When Cigna Dental authorizes payment to the Network Specialty Dentist, the fees or no-charge services listed on the Patient Charge Schedule in effect on the date each procedure is started will apply, except as set out in Section V.A.7, Orthodontics.
Treatment by the Network Specialty Dentist must begin within 90 days from the date of Cigna Dental’s authorization. If you are unable to obtain treatment within the 90-day period, please call Member Services to request an extension. Your coverage must be in effect when each procedure begins.

If Cigna Dental makes an Adverse Determination of the requested referral (i.e. Cigna Dental does not authorize payment to the Network Specialty Dentist for Covered Services), or if the dental services sought are not Covered Services, you will be responsible to pay the Network Specialty Dentist’s Usual Fee for the services rendered. If you have a question or concern regarding an authorization or a denial, contact Member Services.

Specialty referrals will be authorized by Cigna Dental if the services sought are (i) Covered Services; (ii) rendered to an eligible member; (iii) within the scope of the Specialty Dentists skills and expertise; and (iv) meet Clinical Necessity requirements. Cigna Dental may request medical information regarding your condition and the information surrounding the dentist’s determination of the Clinical Necessity for the request. Cigna Dental shall respond in a timely fashion appropriate for the nature of your condition, not to exceed five business days from Cigna Dental’s receipt of the information reasonably necessary and requested by Cigna Dental to make the determination. When you face imminent and serious threat to your health, including, but not limited to, the potential loss of life, limb, or other major bodily function, or the normal time frame for the decision-making process would be detrimental to your life or health or could jeopardize your ability to regain maximum function, the decision to approve, modify, or deny requests shall be made in a timely fashion appropriate for the nature of your condition, not to exceed 72 hours after receipt of the request. Decisions to approve, modify, or deny requests for authorization prior to the provision of dental services shall be communicated to the requesting dentist within 24 hours of the decision. Decisions resulting in denial, delay, or modification of all or part of the requested dental service shall be communicated to the Member in writing within 2 business days of the decision. Adverse Determinations may be appealed as described in the Section entitled “What to Do if There Is a Problem/Grievances.”

After the Network Specialty Dentist has completed treatment, you should return to your Network General Dentist for cleanings, regular checkups and other treatment. If you visit a Network Specialty Dentist without a referral or if you continue to see a Network Specialty Dentist after you have completed specialty
care, it will be your responsibility to pay for treatment at the
dentist’s Usual Fees.

When your Network General Dentist determines that you need
specialty care and a Network Specialty Dentist is not available,
as determined by Cigna Dental, Cigna Dental will authorize
a referral to a non-Network Specialty Dentist. The referral
procedures applicable to specialty care will apply. In such cases,
you will be responsible for the applicable Copayment for Covered
Services. Cigna Dental will reimburse the non-Network Dentist
the difference between his or her Usual Fee and the applicable
Copayment. For non-Covered Services or services not authorized
for payment, including Adverse Determinations, you must pay
the dentist’s Usual Fee. Or, if you seek treatment for Covered
Services from a non-Network Dentist without authorization from
Cigna Dental, you will be responsible for paying the dentist’s
Usual Fee.

You may request from Member Services a copy of the process
that Cigna Dental uses to authorize, modify, or deny requests for
specialty referrals and services.

2. Second Opinions

If you have questions or concerns about your treatment plan,
second opinions are available to you upon request by calling
Member Services. Second opinions will generally be scheduled
within 5 days. In the case of an imminent and serious health threat,
as determined by Cigna Dental clinicians, second opinions will
be rendered within 72 hours. Cigna Dental’s policy statement on
second opinions may be requested from Member Services.

V. Covered Dental Services

A. Categories of Covered Services

Dental procedures in the following categories of Covered Services
are covered under your Dental Plan when listed on your Patient
Charge Schedule and performed by your Network Dentist. Please
refer to your Patient Charge Schedule for the procedures covered
under each category and the associated Copayment.

1. Diagnostic/Preventive

Diagnostic treatment consists of the evaluation of a patient’s dental
needs based upon observation, examination, X-rays and other
tests. Preventive dentistry involves the education and treatment
devoted to and concerned with preventing the development
of dental disease. Preventive Services includes dental cleanings,
oral hygiene instructions to promote good home care and
prevent dental disease, and fluoride application for children to
strengthen teeth.
a. Limitation

The frequency of certain Covered Services, like cleanings, is limited. Your Patient Charge Schedule lists any limitations on frequency. If your Network Dentist certifies to Cigna Dental that, due to medical necessity you require certain Covered Services more frequently than the limitation allows, Cigna Dental will waive the limitation.

2. Restorative (Fillings)

Restorative dentistry involves materials or devices used to replace lost tooth structure or to replace a lost tooth or teeth.

3. Crown and Bridge

An artificial crown is a restoration covering or replacing the major part, or the whole of the clinical crown of a tooth. A fixed bridge is a prosthetic replacement of one or more missing teeth cemented to the abutment teeth adjacent to the space. The artificial tooth used in a bridge to replace the missing tooth is called a pontic.

a. Complex Rehabilitation/Multiple Crown Units

Complex rehabilitation is extensive dental restoration involving 6 or more “units” of crown, bridge and/or implant supported prosthesis (including crowns and bridges) in the same treatment plan. Using full crowns (caps), fixed bridges and/or implant supported prosthesis (including crowns and bridges) which are cemented in place, your Network General Dentist will rebuild natural teeth, fill in spaces where teeth are missing and establish conditions which allow each tooth to function in harmony with the occlusion (bite). The extensive procedures involved in complex rehabilitation require an extraordinary amount of time, effort, skill and laboratory collaboration for a successful outcome.

Complex rehabilitation will be covered when performed by your Network General Dentist after consultation with you about diagnosis, treatment plan and charges. Each tooth or tooth replacement included in the treatment plan is referred to as a “unit” on your Patient Charge Schedule. The crown, bridge and/or implant supported prosthesis (including crowns and bridges) charges on your Patient Charge Schedule are for each unit of crown or bridge. You pay the per unit copayment for each unit of crown, bridge and/or implant supported prosthesis (including crowns and bridges) PLUS an additional charge for complex rehabilitation for each unit beginning with the 6th unit when 6 or more units are prescribed in your Network General Dentist’s treatment plan. The additional
charge for complex rehabilitation will not be applied to the first 5 units of crown or bridge.

b. Limitations

(1) all charges for crown and bridge are per unit (each replacement or supporting tooth equals one unit).

(2) limit 1 every 5 years unless Cigna Dental determines that replacement is necessary because the existing crown or bridge is unsatisfactory as a result of poor quality of care, or because the tooth involved has experienced extensive loss or changes in tooth structure or supporting tissues since the placement of the crown or bridge.

c. Exclusions

(1) there is no coverage for crowns, bridges and/or implant supported prosthesis used solely for splinting. This exclusion will not apply if a crown or bridge is determined by Cigna Dental to be the treatment most consistent with professionally accepted standards of care.

(2) there is no coverage for resin bonded retainers and associated pontics.

(3) there is no coverage for the recementation of any inlay, onlay, crown, post and core, fixed bridge or implant supported prosthesis (including crowns, bridges and dentures) within 180 days of initial placement. Cigna Dental considers recementation within this timeframe to be incidental to and part of the charges for the initial restoration.

4. Endodontics

Endodontics is root canal treatment which may be required when the nerve of a tooth is damaged due to trauma, infection, or inflammation. Treatment consists of removing the damaged nerve from the root of the tooth and filling the root canal with a rubber-like material. Following endodontic treatment, a crown is usually needed to strengthen the weakened tooth.

a. Exclusions

(1) Coverage is not provided for Endodontic treatment of teeth exhibiting a poor or hopeless periodontal prognosis.

(2) Coverage is not provided for intentional root canal treatment in the absence of injury or disease to solely facilitate a restorative procedure.

5. Periodontics

Periodontics is treatment of the gums and bone which support
the teeth. Periodontal disease is chronic. It progresses gradually, sometimes without pain or other symptoms, destroying the support of the gums and bone. The disease is a combination of deterioration plus infection.

**a. Preliminary Consultation**

This consultation by your Network General Dentist is the first step in the care process. During the visit, you and your Network General Dentist will discuss the health of your gums and bone.

**b. Evaluation, Diagnosis and Treatment Plan**

If periodontal disease is found, your Network General Dentist or Network Specialty Dentist will develop a treatment plan. The treatment plan consists of mapping the extent of the disease around the teeth, charting the depth of tissue and bone damage and listing the procedures necessary to correct the disease.

Depending on the extent of your condition, your Network General Dentist or Network Specialty Dentist may recommend any of the following procedures:

1. **Non-surgical Program** – this is a conservative approach to periodontal therapy. Use of this program depends upon how quickly you heal and how consistently you follow instructions for home care. This program may include:
   - scaling and root planning
   - oral hygiene instruction
   - full mouth debridement

2. **Scaling and Root Planing** – this periodontal therapy procedure combines scaling of the crown and root surface with root planing to smooth rough areas of the root. This procedure may be performed by the dental hygienist or your Network General Dentist.

3. **Osseous Surgery** – bone (osseous) surgery is a procedure used in advanced cases of periodontal disease to restructure the supporting gums and bone. Without this surgery, tooth or bone loss may occur. Two checkups by the Periodontist are covered within the year after osseous surgery.

4. **Occlusal Adjustment** – occlusal adjustment requires the study of the contours of the teeth, how they bite (occlude) and their position in the arch. It consists of a recontouring of biting surfaces so that direct biting forces are along the long axis of the tooth. If the biting forces are not
properly distributed, the bone which supports the teeth may deteriorate.

(5) **Bone Grafts and other regenerative procedures** - this procedure involves placing a piece of tissue or synthetic material in contact with tissue to repair a defect or supplement a deficiency.

c. Limitations

(1) Periodontal regenerative procedures are limited to one regenerative procedure per site (or per tooth, if applicable), when covered on the Patient Charge Schedule.

(2) Localized delivery of antimicrobial agents is limited to eight teeth (or eight sites, if applicable) per 12 consecutive months, when covered on the Patient Charge Schedule.

d. Exclusions

(1) General anesthesia, sedation and nitrous oxide are not covered, unless specifically listed on your Patient Charge Schedule. When listed on your Patient Charge Schedule, IV sedation is covered when medically necessary and provided in conjunction with Covered Services performed by a Periodontist. General anesthesia is not covered when provided by a Periodontist. There is no coverage for general anesthesia or intravenous sedation when used for the purposes of anxiety control or patient management.

(2) There is no coverage for Periodontal (gum tissue and supporting bone) surgery of teeth exhibiting a poor or hopeless periodontal prognosis.

(3) There is no coverage for the replacement of an occlusal guard (night guard) beyond one per any 24-consecutive-month period.

(4) There is no coverage for bone grafting and/or guided tissue regeneration when performed at the site of a tooth extraction; or when performed in conjunction with an apicoectomy or periradicular surgery.

(5) There is no coverage for localized delivery of antimicrobial agents when performed alone or in the absence of traditional periodontal therapy.

6. Oral Surgery

Oral surgery involves the surgical removal of teeth or associated surgical procedures by your Network General Dentist or Network Specialty Dentist.
a. Limitation

The surgical removal of a wisdom tooth may not be covered if the tooth is not diseased or if the removal is only for orthodontic reasons. Temporary pain from normal eruption is not considered disease. Your Patient Charge Schedule lists any limitations on oral surgery.

b. Exclusion

General anesthesia, sedation and nitrous oxide are not covered unless specifically listed on your Patient Charge Schedule. When listed on your Patient Charge Schedule, general anesthesia and IV sedation are covered when medically necessary and provided in conjunction with Covered Services performed by an Oral Surgeon. There is no coverage for general anesthesia or intravenous sedation when used for the purposes of anxiety control or patient management.

7. Orthodontics (This section is applicable only when Orthodontics is listed on your Patient Charge Schedule.)

a. Definitions – If your Patient Charge Schedule indicates coverage for orthodontic treatment, the following definitions apply:

(1) **Orthodontic Treatment Plan and Records** – the preparation of orthodontic records and a treatment plan by the Orthodontist.

(2) **Interceptive Orthodontic Treatment** – treatment prior to full eruption of the permanent teeth, frequently a first phase preceding comprehensive treatment.

(3) **Comprehensive Orthodontic Treatment** – treatment after the eruption of most permanent teeth, generally the final phase of treatment before retention.

(4) **Retention (Post-Treatment Stabilization)** – the period following orthodontic treatment during which you may wear an appliance to maintain and stabilize the new position of the teeth.

b. Copayments

The Copayment for your entire orthodontic case, including retention, will be based upon the Patient Charge Schedule in effect on the date of your visit for Orthodontic Treatment Plan and Records. However, if (a) banding/appliance insertion does not occur within 90 days of such visit, (b) your treatment plan changes, or (c) there is an interruption in your coverage or treatment, a later change in the Patient Charge Schedule may apply.
The Copayment for orthodontic treatment is based upon 24 months of interceptive and/or comprehensive treatment. If you require more than 24 months of treatment in total, you will be charged an additional amount for each additional month of treatment, based upon the Orthodontist’s Contract Fee. If you require less than 24 months of treatment, your Copayment will be reduced on a prorated basis.

c. Additional Charges

You will be responsible for the Orthodontist’s Usual Fees for the following non-Covered Services:

(1) incremental costs associated with optional/elective materials, including but not limited to ceramic, clear, lingual brackets, or other cosmetic appliances;

(2) orthognathic surgery and associated incremental costs;

(3) appliances to guide minor tooth movement;

(4) appliances to correct harmful habits; and

(5) services which are not typically included in orthodontic treatment. These services will be identified on a case-by-case basis.

d. Orthodontics in Progress

If orthodontic treatment is in progress for you or your Dependent at the time you enroll, call Member Services at 1.800.Cigna24 to find out the benefit to which you are entitled based upon your individual case and the remaining months of treatment.

e. Exclusion

Replacement of fixed and/or removable orthodontic appliances (including fixed and removable orthodontic appliances) that have been lost, stolen, or damaged due to patient abuse, misuse or neglect.

B. Emergency Dental Care – Reimbursement

An emergency is a dental condition of recent onset and severity which would lead a prudent layperson possessing an average knowledge of dentistry to believe the condition needs immediate dental procedures necessary to control excessive bleeding, relieve severe pain, or eliminate acute infection. Emergency dental care services may include examination, X-rays, sedative fillings, dispensing of antibiotics or pain relief medication or other palliative services prescribed by the treating dentist. You should contact your Network General Dentist if you have an emergency in your Service Area.
1. Emergency Care Away from Home

If you have an emergency while you are out of your Service Area or you are unable to contact your Network General Dentist, you may receive emergency Covered Services as defined above from any general dentist. Routine restorative procedures or definitive treatment (e.g., root canal) are not considered emergency care. You should return to your Network General Dentist for these procedures. For emergency Covered Services, you will be responsible for the Copayments listed on your Patient Charge Schedule. Cigna Dental will reimburse you the difference between the dentist’s usual fee for emergency Covered Services and your Copayment, up to a total of $50 per incident. To receive reimbursement, send the dentist’s itemized statement to Cigna Dental at the address listed for your state on the front of this booklet.

2. Emergency Care After Hours

There is a Copayment listed on your Patient Charge Schedule for emergency care rendered after regularly scheduled office hours. This charge will be in addition to other applicable Copayments.

VI. Exclusions

In addition to the exclusions listed in Section V, listed below are the services or expenses which are also NOT covered under your Dental Plan and which are your responsibility at the dentist’s Usual Fees. There is no coverage for:

1. services not listed on the Patient Charge Schedule.
2. services provided by a non-Network Dentist without Cigna Dental’s prior approval (except emergencies, as described in Section V.B.).
3. services to the extent you, or your Dependent, are compensated for them under any group medical plan.
4. services considered to be unnecessary or experimental in nature or do not meet commonly accepted dental standards.
5. surgical placement of a dental implant; repair, maintenance, or removal of a dental implant; implant abutment(s); or any services related to the surgical placement of a dental implant.
6. cosmetic dentistry or cosmetic dental surgery (dentistry or dental surgery performed solely to improve appearance) unless specifically listed on your Patient Charge Schedule. If bleaching (tooth whitening) is listed on your PCS, only the use of take-home bleaching gel with trays is covered; all other types of bleaching methods are not covered.
7. prescription drugs.
8. hospitalization, including any associated incremental charges for dental services performed in a hospital. (Benefits are available for Network Dentist charges for Covered Services performed at a hospital. Other associated charges are not covered and should be submitted to the medical carrier for benefit determination. If special circumstances arise where a Network Dentist is not available, the Plan will make special arrangements for the provision of covered benefits as necessary for the dental health of the member.)

9. procedures, appliances or restorations if the main purpose is to: (1) change vertical dimension (degree of separation of the jaw when teeth are in contact); (2) diagnose or treat abnormal conditions of the temporomandibular joint (“TMJ”), unless TMJ therapy is specifically listed on your Patient Charge Schedule; (3) restore asymptomatic teeth where loss of tooth structure was caused by attrition, abrasion, erosion and/or abfraction and the primary purpose of the restoration is (a) to change the vertical dimension of occlusion; (b) to diagnose or treat abnormal condition of the temporomandibular joint; or (c) for cosmetic purposes.

10. procedures or appliances for minor tooth guidance or to control harmful habits.

11. charges by dental offices for failing to cancel an appointment or canceling an appointment with less than 24 hours notice (i.e., a broken appointment). You will be responsible for paying any broken appointment fee unless your broken appointment was unavoidable due to emergency or exigent circumstances.

12. consultations and/or evaluations associated with services that are not covered.

13. infection control and/or sterilization. Cigna Dental considers this to be incidental to and part of the charges for services provided and not separately chargeable.

14. services to correct congenital malformations, including the replacement of congenitally missing teeth.

As noted in Section V, the following exclusions also apply:

15. there is no coverage for crowns, bridges and/or implant supported prosthesis used solely for splinting. This exclusion will not apply if a crown or bridge is determined by Cigna Dental to be the treatment most consistent with professionally accepted standards of care.

16. there is no coverage for resin bonded retainers and associated pontics.

17. general anesthesia, sedation and nitrous oxide are not covered, unless specifically listed on your Patient Charge Schedule. There is no coverage for general anesthesia or intravenous sedation when used for the purposes of anxiety control or patient management.
18. replacement of fixed and/or removable orthodontic appliances (including fixed and removable orthodontic appliances) that have been lost, stolen, or damaged due to patient abuse, misuse or neglect.

19. endodontic treatment and/or periodontal (gum tissue and supporting bone) surgery of teeth exhibiting a poor or hopeless periodontal prognosis.

20. the recementation of any inlay, onlay, crown, post and core, fixed bridge or implant supported prosthesis (including crowns, bridges and dentures) within 180 days of initial placement. Cigna Dental considers recementation within this timeframe to be incidental to and part of the charges for the initial restoration.

21. the replacement of an occlusal guard (night guard) beyond one per any 24-consecutive-month period.

22. intentional root canal treatment in the absence of injury or disease to solely facilitate a restorative procedure.

23. bone grafting and/or guided tissue regeneration when performed at the site of a tooth extraction; or when performed in conjunction with an apicoectomy or periradicular surgery.

24. localized delivery of antimicrobial agents when performed alone or in the absence of traditional periodontal therapy.

Should any law require coverage for any particular service(s) noted above, the exclusion for that service(s) shall not apply.

**VII. Limitations**

In addition to the limitations listed in Section V, listed below are the services or expenses which have limited coverage under your Dental Plans. No payment will be made for expense incurred or services received:

1. for or in connection with an injury arising out of, or in the course of, any employment for wage or profit;

2. for charges which would not have been made in any facility, other than a Hospital or a Correctional Institution owned or operated run by the United States Government or by a state or municipal government if the person had no insurance;

3. to the extent that payment is unlawful where the person resides when the expenses are incurred or the services are received;

4. for the charges which the person is not legally required to pay;

5. for charges which would not have been made if the person had no insurance;

6. due to injuries which are intentionally self-inflicted.
7. Periodic oral evaluations, comprehensive oral evaluations, comprehensive periodontal evaluations, and oral evaluations for patients under three years of age are limited to a total of 4 evaluations during a 12-consecutive-month period.

Should any law require coverage for any particular service(s) noted above, the limitation for that service(s) shall not apply.

VIII. What to Do if There Is a Problem/Grievances

For the purposes of this section, any reference to “you” or “your” also refers to a representative or provider designated by you to act on your behalf.

Most problems can be resolved between you and your dentist. However, we want you to be completely satisfied with the Dental Plan. That is why we have established a process for addressing your concerns and complaints. The complaint procedure is voluntary and will be used only upon your request. No Plan employee shall retaliate or discriminate against a member (including seeking disenrollment of the member) solely on the basis that the member filed a grievance. Instances of such retaliation or discrimination shall be grounds for disciplinary action, (including termination) against the employee.

A. Your Rights to File Grievances with Cigna Dental

We want you to be completely satisfied with the care you receive. That is why we have established an internal grievance process for addressing your concerns and resolving your problems.

Grievances include both complaints and appeals. Complaints may include concerns about people, quality of service, quality of care, benefit interpretations or eligibility. Appeals are requests to reverse a prior denial or modified decision about your care. You may contact us by telephone or in writing with a grievance.

B. How to File a Grievance

To contact us by phone, call us toll-free at 1.800.Cigna24 or the toll-free telephone number on your Cigna identification card. The hearing impaired may call the state TTY toll-free service listed in their local telephone directory.

Send written grievances to:

Cigna Dental Health of California, Inc.
P.O. Box 188047
Chattanooga, TN 37422-8047

We will provide you with a grievance form upon request, but you are not required to use the form in order to make a written grievance.
You may also submit a grievance online through the following Cigna website: Cigna.com/health/consumer/medical/state/ca.html#dental.

If the Member is a minor, is incompetent or unable to exercise rational judgment or give consent, the parent, guardian, conservator, relative, or other legal representative acting on behalf of the Member, as appropriate, may submit a grievance to Cigna Dental or the California Department of Managed Health Care (DMHC or “Department”), as the agent of the Member. Also, a participating provider may join with or assist you or your agent in submitting a grievance to Cigna Dental or the DMHC.

1. Complaints

If you are concerned about the quality of service or care you have received, a benefit interpretation, or have an eligibility issue, you should contact us to file a verbal or written complaint. If you contact us by telephone to file a complaint, we will attempt to document and/or resolve your complaint over the telephone. If we receive your complaint in writing, we will send you a letter confirming that we received the complaint within 5 calendar days of receiving your notice. This notification will tell you whom to contact should you have questions or would like to submit additional information about your complaint. We will investigate your complaint and will notify you of the outcome within 30 calendar days.

2. Appeals

If your grievance does not involve a complaint about the quality of service or care, a benefit interpretation or an eligibility issue, but instead involves dissatisfaction with the outcome of a decision that was made about your care and you want to request Cigna Dental to reverse the previous decision, you should contact us within one year of receiving the denial notice to file a verbal or written appeal. Be sure to share any new information that may help justify a reversal of the original decision. Within 5 calendar days from when we receive your appeal, we will confirm with you, in writing, that we received it. We will tell you whom to contact at Cigna Dental should you have questions or would like to submit additional information about your appeal. We will make sure your appeal is handled by someone who has authority to take action and who was not involved in the original decision. We will investigate your appeal and notify you of our decision, within 30 calendar days. You may request that the appeal process be expedited, if there is an imminent and serious threat to your health, including severe pain, potential loss of life, limb or major bodily function. A Dental Director for Cigna
Dental, in consultation with your treating dentist, will decide if an expedited appeal is necessary. When an appeal is expedited, Cigna Dental will respond orally and in writing with a decision within 72 hours.

C. You Have Additional Rights Under State Law

Cigna Dental is regulated by the California Department of Managed Health Care (DMHC or the “Department”). If you are dissatisfied with the resolution of your complaint or appeal, the law states that you have the right to submit the grievance to the department for review as follows:

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at 1.800.Cigna24 and use your health plan’s grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (1-888-HMO-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The department’s Internet website http://www.hmohelp.ca.gov has complaint forms, IMR application forms and instructions online.

You may file a grievance with the DMHC if Cigna Dental has not completed the complaint or appeal process described above within 30 days of receiving your grievance. You may immediately file an appeal with Cigna Dental and/or the DMHC in a case involving an imminent and serious threat to the health, including, but not limited to, severe pain, the potential loss of life, limb, or major bodily function, or in any other case where the DMHC determines that an earlier review is warranted.

D. Voluntary Mediation

If you have received an appeal decision from Cigna Dental with which you are not satisfied, you may also request voluntary mediation with us before exercising the right to submit a grievance to the DMHC. In order for mediation to take place, you and Cigna
Dental each have to voluntarily agree to the mediation. Cigna Dental will consider each request for mediation on a case-by-case basis. Each side will equally share the expenses of the mediation. To initiate mediation, please submit a written request to the Cigna Dental address listed above. If you request voluntary mediation, you may elect to submit your grievance directly to the DMHC after participating in the voluntary mediation process for at least 30 days.

For more specific information regarding these grievance procedures, please contact our Member Services Department.

IX. Coordination of Benefits

Coordination of benefit rules explain the payment process when you are covered by more than one dental plan. You and your Dependents may not be covered twice under this Dental Plan. If you and your spouse have enrolled each other or the same Dependents twice, please contact your Benefits Administrator.

If you or your Dependents have dental coverage through your spouse’s employer or other sources, applicable coordination of benefits rules will determine which coverage is primary or secondary. In most cases, the plan covering you as an employee is primary for you, and the plan covering your spouse as an employee is primary for him or her. Your children are generally covered as primary by the plan of the parent whose birthday occurs earlier in the year. Coordination of Benefits should result in lowering or eliminating your out-of-pocket expenses. It should not result in reimbursement for more than 100% of your expenses.

The following is a more detailed explanation of the rules used to determine which plan must pay first (your “primary” plan) and which plan must pay second (your “secondary” plan):

A. A member may be covered as an employee by his/her employer and as a dependent by his/her spouse’s employer. The plan that covers the Member as an employee (the policyholder) is the primary plan.

B. Under most circumstances, if a child is covered as a dependent under both parents’ coverage (and parents are not separated or divorced), the plan of the parent with the earliest birthday in the year is the primary plan.

C. If a child of divorced or separated parents is covered as a dependent under at least one of the parents’ (or stepparents’) coverage, benefits are determined in the following order:

1. According to a court decree that designates the person financially responsible for the dental care coverage; or without such decree,

2. The plan of the parent who has custody of the child;
3. If the parent with custody of the child is remarried, then the stepparent’s plan; and finally,

4. The plan of the parent without custody of the child.

D. The benefits of a plan that covers an active employee (and any dependents) are determined before those of a program which covers an inactive employee (laid-off or retired). However, if one of the plans does not have a provision regarding retired or laid-off employees, this section may not apply. Please contact the Plan at the number below for further instruction.

E. If a Member is covered under a continuation plan (e.g., COBRA) AND has coverage under another plan, the following determines the order of benefits:

1. The plan that covers the member as an employee (or dependent of employee) will be primary;

2. The continuation plan will be secondary.

However, if the plan that covers the person as an employee does not follow these guidelines and the plans disagree about the order of determining benefits, then this rule may be ignored. Please contact Cigna Dental at the number below for further instructions.

F. If none of the above rules determines the order of benefits, the plan that has been in effect longer is the primary plan. To determine which plan has been in effect longer, we will take into consideration the coverage you had previously with the same employer, even if it was a different plan, as long as there was no drop in eligibility during the transition between plans.

G. Workers’ Compensation – Should any benefit or service rendered result from a Workers’ Compensation Injury Claim, the Member shall assign his/her right to reimbursement from other sources to Cigna Dental or to the Participating Provider who rendered the service.

H. When Cigna Dental is primary, we will provide or pay dental benefits without considering any other plan’s benefits. When Cigna Dental is secondary, we shall pay the lesser of either the amount that we would have paid in the absence of any other dental coverage, or your total out-of-pocket cost payable under the primary dental plan for benefits covered by Cigna Dental.

I. Please call Cigna Dental at 1.800.Cigna24 if you have questions about which plan will act as your primary plan or if you have other questions about coordination of benefits.
Additional coordination of benefits rules are attached to the Group Contract and may be reviewed by contacting your Benefits Administrator. Cigna Dental coordinates benefits only for specialty care services.

X. **Disenrollment from the Dental Plan – Termination of Benefits**

Except for extensions of coverage as otherwise provided in the sections titled “Extension/Continuation of Benefits” or in your Group Contract, disenrollment from the Dental Plan/termination of benefits and coverages will be as follows:

**A. For the Group**

The Dental Plan is renewable with respect to the Group except as follows:

1. for nonpayment of the required Prepayment Fees;
2. for fraud or other intentional misrepresentation of material fact by the Group;
3. low participation (i.e., less than 10 enrollees);
4. if the Dental Plan ceases to provide or arrange for the provision of dental services for new Dental Plans in the state; provided, however, that notice of the decision to cease new or existing dental plans shall be provided as required by law at least 180 days prior to discontinuation of coverage; or
5. if the Dental Plan withdraws a Group Dental Plan from the market; provided, however, that notice of withdrawal shall be provided as required by law at least 90 days prior to the discontinuation and that any other Dental Plan offered is made available to the Group.

**B. For You and Your Enrolled Dependents**

The Dental Plan may not be canceled or not renewed except as follows:

1. failure to pay the charge for coverage if you have been notified and billed for the charge and at least 15 days have elapsed since the date of notification.
2. fraud or deception in the use of services or Dental Offices or knowingly permitting such fraud or deception by another.
3. your behavior is disruptive, unruly, abusive or uncooperative to such an extent that the Dental Plan or the Network Dental Office is materially impaired in its ability to provide services to you or another Member. Cigna Dental will provide reasonable opportunities to transfer to another Dental Office prior to such termination. In the event of such termination, Cigna Dental will
cooperate as needed to help you establish a relationship with a non-participating dental office.

4. you threaten the life or well-being of any Dental Plan employee, Network Dentist, Dental Office employee or another Member and the Dental Office is materially impaired in its ability to provide services to you. Cigna Dental will provide reasonable opportunities to transfer to another Dental Office prior to such termination.

C. Termination Effective Date

The effective date of the termination shall be as follows:

1. in the case of nonpayment of Prepayment Fees, enrollment will be canceled as of the last day of the month in which payment was received, subject to compliance with notice requirements.

2. in the case of failure to meet eligibility requirements or for disruptive or threatening behavior described above, enrollment will be canceled as of the date of termination specified in the written notice, provided that at least 15 days have expired since the date of notification.

3. on the last day of the month after voluntary disenrollment.

4. termination of Benefits due to fraud or deception shall be effective immediately upon receipt of notice of cancellation.

D. Effect on Dependents

When one of your Dependents disenrolls, you and your other Dependents may continue to be enrolled. When you are disenrolled, your Dependents will be disenrolled as well.

For you and your Dependents, disenrollment will be effective the last day of the month in which Prepayment Fees are not paid to Cigna Dental. Cigna Dental will provide at least 15 days’ notice to your Group as to the date your coverage will be discontinued.

E. Right to Review

If you believe that your termination from the Dental Plan is due to your dental health status or requirements for dental care services, you may request review of the termination by the Director of the Department of Managed Health Care.

F. Notice of Termination

If the Group Contract is terminated for any reason described in this section, the notice of termination of the Group Contract or your coverage under the Group Contract shall be mailed by the Dental Plan to your Group or to you, as applicable. Such notice shall be dated and shall state:
1. the cause for termination, with specific reference to the applicable provision of the Group Contract or Plan Booklet;
2. the cause for termination was not the Subscriber’s or a Member’s health status or requirements for health care services;
3. the time the termination is effective;
4. the fact that a Subscriber or Member alleging that the termination was based on health status or requirements for health care services may request a review of the termination by the Director of the California Department of Managed Health Care;
5. in instances of termination of the Group Contract for non-payment of fees, that receipt by the Dental Plan of any such past due fees within 15 days following receipt of notice of termination will reinstate the Group Contract as though it had never been terminated; if payment is not made within such 15-day period a new application will be required and the Dental Plan shall refund such payment within 20 business days;
6. any applicable rights you may have under the “Continuation of Benefits” Section.

XI. Continuity of Care

If you are receiving care from a Network Dentist who has been terminated from the Cigna Dental network, Cigna Dental will arrange for you to continue to receive care from that dentist if the dental services you are receiving are for one of the following conditions:

(1) an acute condition. An acute condition is a dental condition that involves a sudden onset of symptoms due to an illness, injury, or other dental problem that requires prompt dental attention and that has a limited duration. Completion of the covered services shall be provided for the duration of the acute condition.

(2) newborn children between birth and age 36 months. Cigna Dental shall provide for the completion of covered services for newborn children between birth and age 36 months for 12 months from the termination date of the Network Dentist’s contract.

(3) performance of a surgery or other procedure that is authorized by Cigna Dental and has been recommended and documented by the terminated dentist to occur within 180 days of the effective date of termination of the dentist’s contract.

Cigna Dental is not obligated to arrange for continuation of care with a terminated dentist who has been terminated for medical disciplinary reasons or who has committed fraud or other criminal activities.
In order for the terminated Participating Provider to continue to care for you, the terminated dentist must comply with the Cigna Dental’s contractual and credentialing requirements and must meet the Cigna Dental’s standards for utilization review and quality assurance. The terminated dentist must also agree with Cigna Dental to a mutually acceptable rate of payment. If these conditions are not met, Cigna Dental is not required to arrange for continuity of care.

If you meet the necessary requirements for continuity of care as described above, and would like to continue your care with the terminated Dentist, you should call Member Services.

If you do not meet the requirements for continuity of care or if the terminated dentist refuses to render care or has been determined unacceptable for quality or contractual reasons, Cigna Dental will work with you to accomplish a timely transition to another qualified Network Dentist.

XII. **Continuation of Benefits (COBRA)**

For Groups with 20 or more employees, federal law requires the employer to offer continuation of benefits coverage for a specified period of time after termination of employment or reduction of work hours, for any reason other than gross misconduct. You will be responsible for sending payment of the required Prepayment Fees to the Group. Additional information is available through your Benefits Representative.

XIII. **Individual Continuation of Benefits**

If you are no longer eligible for coverage under your Group’s Dental Plan, you and your enrolled Dependents may continue your dental coverage by enrolling in the Cigna Dental conversion plan. You must enroll within 3 months after becoming ineligible for your Group’s Dental Plan. Premium payments and coverage will be retroactive to the date coverage under your Group’s Dental Plan ended. You and your enrolled Dependents are eligible for conversion coverage unless benefits were discontinued due to:

- permanent breakdown of the dentist-patient relationship,
- fraud or misuse of dental services and/or Dental Offices,
- nonpayment of Prepayment Fees by the Subscriber,
- selection of alternate dental coverage by your Group, or
- lack of network/service area.

Benefits and rates for Cigna Dental conversion coverage and any succeeding renewals will be based on the Covered Services listed in the then-current standard conversion plan and may not be the same as those for your Group’s Dental Plan. Please call the Cigna Dental...
Conversion Department at 1.800.Cigna24 to obtain current rates and make arrangements for continuing coverage.

XIV. Confidentiality/Privacy

Cigna Dental is committed to maintaining the confidentiality of your personal and sensitive information. You may obtain additional information about Cigna Dental’s confidentiality policies and procedures by calling Member Services at 1.800.Cigna24, or via the Internet at Cigna.com.

XV. Miscellaneous

A. Programs Promoting General Health

As a Cigna Dental plan member, you may be eligible for various benefits, or other consideration for the purpose of promoting your general health and well being. Please visit our website at Cigna.com for details.

As a Cigna Dental plan member, you may also be eligible for additional dental benefits during certain episodes of care. For example, certain frequency limitations for dental services may be relaxed for pregnant women for other medical conditions. Please review your plan enrollment materials for details.

B. Organ and Tissue Donation

Donating organ and tissue provides many societal benefits. Organ and tissue donation allows recipients of transplants to go on to lead fuller and more meaningful lives. Currently, the need for organ transplants far exceeds availability. The California Health and Safety Code states that an anatomical gift may be made by one of the following ways:

- a document of gift signed by the donor.
- a document of gift signed by another individual and by two witnesses, all of whom have signed at the direction and in the presence of the donor and of each other and state that it has been so signed.
- a document of gift orally made by a donor by means of a tape recording in his or her own voice.
One easy way individuals can make themselves eligible for organ donation is through the Department of Motor Vehicles (DMV). Every time a license is renewed or a new one is issued to replace one that was lost, the DMV will automatically send an organ donor card. Individuals may complete the card to indicate that they are willing to have their organs donated upon their death. They will then be given a small dot to stick on their driver’s license, indicating they have an organ donor card on file. For more information, contact your local DMV office and request an organ donor card.

C. 911 Emergency Response System

You are encouraged to use appropriately the 911 emergency response system, in areas where the system is established and operating, when you have an emergency medical condition that requires an emergency response.
