

## Statement from Blue Shield of California regarding the Anthem Blue Cross Cyber-Attack

As you may have heard, Anthem Inc. was recently the target of a cyber-attack. The news broke Wednesday, February 4, 2015. Blue Shield of California is aware of Anthem's cyber-attack and we are working to gather more information and understand the scope of this issue. In California, Anthem Blue Cross is separate and independent from Blue Shield of California, though some members could be affected due to various collaborative agreements between Blue Plans throughout the country.

Blue Shield of California continually assesses and monitors the security of its IT systems and employs advanced and up-to-date security measures. For additional information and assistance about the Anthem situation, visit <http://www.anthemfacts.com/> or call their dedicated toll-free phone line at 1-877-263-7995.
