Social Worker II

What will my role be as a Social Worker for DAAS?

Social Workers assist clients in order to ensure their safety and well being. Social Workers collaborate with clients to develop service plans, provide referrals, connect to resources, and facilitate conflict resolution with service providers and/or family members. They often work collaboratively with other agencies in order to best meet client needs. Social Workers can expect to regularly work in the field in order to conduct home visits/required contacts.

What are some important qualities for DAAS Social Workers?

- Commitment to compassionate, client-centered services
- Excellent interpersonal, relationship building and conflict resolution skills
- An appreciation of diversity and ability to work with individuals from all walks of life
- Ability to effectively manage cases and prioritize work
- Creativity in approaching and resolving problems
- Strong written communication skills
