IN HOME SUPPORTIVE SERVICES PUBLIC AUTHORITY Helen Lopez

MISSION STATEMENT

The mission of the San Bernardino County In-Home Supportive Services (IHSS) Public Authority is to improve the availability and quality of IHSS and to eliminate barriers to providing assistance and choice for the aged and persons with disabilities who need support services to live independently and with dignity in the community.

ORGANIZATIONAL CHART

IHSS Public Authority

DESCRIPTION OF MAJOR SERVICES

The In-Home Supportive Services (IHSS) program was created in 1973 to serve elderly, blind, and/or disabled individuals who are not able to remain safely in their home without assistance. Section 12302.25 of the Welfare and Institutions Code (WIC) mandates that each county, on or before January 1, 2003, must act as, or establish, an employer of record for collective bargaining purposes for IHSS care providers. The IHSS Public Authority (PA) was established to comply with this mandate.

In addition to its role in collective bargaining, the IHSS PA is required by WIC to provide the following mandated services:

- Establish a registry of potential care providers.
- Investigate the background and qualifications of potential care providers.
- Refer potential care providers from the registry to IHSS consumers upon request.
- Provide training for both IHSS care providers and consumers.
- Perform other functions related to the delivery of IHSS as designated by the governing board.

Fund Balance				1,397,840	
Budgeted Staffing				22.00	

Estimated appropriation in 2007-08 is expected to be less than budgeted primarily from not using any of the contingencies of \$1.3 million as well as the following:

Salaries and benefits were under budget by \$44,913 due to 3.0 vacant positions not being filled until April 2008 and an average vacancy rate of 14%.

Services and supplies were under budget by \$100,710 primarily from savings in postage, office supplies, computer equipment, and staff training and travel expenses due to less than anticipated usage.

Other charges were under budget by \$846,420 due to a change of health insurance plan administrator from Inland Empire Health Plan (IEHP) to Service Employees International Union (SEIU) effective November 2007. Premiums were reduced by \$115,000 per month from \$250,000 to \$135,000 resulting in a savings to the program.

Transfers were under budget by \$26,720 primarily due to reduced personnel charges due to vacancies and the amount of time spent by administrative support positions in the Department of Aging (DAAS).

Budgeted Staffing					22.0	25.0	3.0

Salaries and benefits of \$1,481,366 fund 25.0 budgeted positions and are increasing by \$221,612 primarily resulting from the addition of 1.0 Administrative Manager and 2.0 Office Assistant III positions. The Administrative Manager has been added to assist the Executive Director by managing and coordinating the administrative services for the program and to implement a plan for Leadership Transition. The 2.0 Office Assistant III positions are being added to support the payroll customer service duties that the program is assuming from DAAS.

Salaries and benefits are budgeted using the current Memorandum of Understanding (MOU) rates effective through June 30, 2008. The county is currently in negotiations and once the MOU is approved, salary and

benefit rates will be effective July 1, 2008. Financing will be adjusted for amended salary and benefit rates, if applicable.

Services and supplies of \$660,399 include annual registry and provider health benefits database licensing and maintenance, provider and staff training, provider background investigations and finger printing and county overhead charges (COWCAP). The increase of \$90,178 is primarily due to printing and postage costs from the increased circulation of the quarterly newsletter, annual report and open enrollment materials. There are also additional costs for County Counsel charges associated with open enrollment and equipment costs for 3.0 new staff members.

Other charges of \$2,306,000 represent payments to the SEIU for provider health benefits. The decrease of \$596,437 is due to the health plan premiums being reduced by changing the plan administrator from IEHP to Long-Term Care Workers Trust effective November 2007. There will be an open enrollment for health benefits during 2008-09 and the number of plan participants is expected to increase.

Transfers of \$84,004 represent charges for administrative support. The decrease of \$15,272 is primarily due to a decrease in salaries and benefits charges for administrative support personnel in DAAS.

Use of money and property revenue of \$38,000 is interest earnings on the Public Authority's cash balance throughout the year. The increase of \$23,500 is due to more timely payments of the quarterly claims by the state.

Federal and state aid revenue of \$3,758,260 is the federal and state mandated share of Public Authority expenditures.

Operating transfers in of \$797,206 is the county's mandated local share of Public Authority expenditures.

ECONOMIC AND COMMUNITY DEVELOPMENT CORPORATION

Patricia M. Cole

DESCRIPTION OF MAJOR SERVICES

In September 1987 the Board of Supervisors formed the County of San Bernardino Economic and Community Development Corporation to provide additional methods of financing the acquisition of property, for and on behalf of private enterprise, to promote and enhance economic development and increase opportunities for useful employment. Another primary purpose was added in July 1998, to strengthen public-private partnerships and to expand the supply of decent, safe, sanitary, and affordable housing. The annual Economic and Community Development Corporation budget provides for professional services related to the issuance of bonds, promotion of the financing program, and other program related costs. Economic and Community Development Corporation is a function of the Economic Development Agency.

There is no staffing associated with this budget unit.

COUNTY INDUSTRIAL DEVELOPMENT AUTHORITY (COIDA) Patricia M. Cole

DESCRIPTION OF MAJOR SERVICES

In March 1981 the Board of Supervisors created the San Bernardino County Industrial Development Authority (CoIDA) to issue tax-exempt industrial bonds for the furtherance of economic development and the creation of new jobs within the County. The annual CoIDA budget provides for funding for the cost of professional services related to the issuance of bonds, promotion of the financing program and other program related costs. CoIDA is a function within the Economic Development Agency.

There is no staffing associated with this budget unit.

REDEVELOPMENT AGENCY

Kathy Thomas

MISSION STATEMENT

The County of San Bernardino Redevelopment Agency (CoRDA) serves as a catalyst to revitalize communities within established redevelopment project areas by: improving infrastructure, retaining and expanding opportunities for existing businesses, attracting new businesses and private investment, creating new jobs and affordable housing and improving the living conditions of residents. Through coordinated efforts with county departments and other jurisdictions, CoRDA implements strategic programs and projects that advance economic opportunities and foster a sense of community pride.

STRATEGIC GOALS

1. Develop and implement inclusionary and replacement housing programs/projects to meet such needs and to increase, improve and preserve the redevelopment project areas' housing stock.
2. Assist in the development of capital improvements to eliminate and prevent the acceleration of physical blight and encourage the better utilization of real property and new private enterprise investment.
3. Assist in the development of business incentive programs to reconstruct, upgrade and expand commercial areas in conformance with the general plan (as amended) and community plans.
4. Effectuate the comprehensive planning, redesign, replanning, reconstruction, and/or rehabilitation of project areas in such a manner as to facilitate a higher and better utilization of land uses in accordance with the general plan.

Speedway Project Area

DESCRIPTION OF MAJOR SERVICES

In 1995, the former Kaiser Steel Mill site and other blighted industrial properties in its vicinity were formed to create the San Sevaine Redevelopment Project Area, currently known as the *Speedway Redevelopment Project Area* (Speedway). The Speedway was amended in 2004 and 2005 to add additional territory resulting in a total acreage of 3,426 acres.

San Sevaine Bond Series 2005 A was funded in December, 2005 with net proceeds of \$34,691,164. Projects to be undertaken with these bond proceeds include assistance in the improvement of public infrastructure (work on the Etiwanda/San Sevaine Flood Control Channel (South), West Fontana Flood Control Channel, road work on the Cherry/I-10 interchange, road construction on Cherry and San Bernardino Avenues), the development of public facilities such as the construction of a fire station, land acquisition, and economic incentives for businesses within the project area and acquisition of new business for the area. Proceeds allocated for housing projects will be used for home rehabilitation programs, land acquisition, infill housing programs and affordable housing development assistance.

The Agency saw a large increase in revenue in 2005-06 due to the San Sevaine Bond Series 2005 A being funded in December 2005 with net proceeds of \$34,691,164. Per the official statement of this bond series, these funds can only be spent on designated capital improvement projects. In 2007-08, departmental revenue is anticipated to be slightly higher than budget due to an increase in interest revenue.

Salaries and benefits of \$939,563 fund 8.1 budgeted positions and are increasing by \$11,246. The increased cost for salaries and benefits is the result of step increases partially offset by a decrease in worker's compensation.

Services and supplies of \$18,650,858 include the budgeting of undesignated fund balance, various costs associated with improving the area around the Auto Club Speedway and miscellaneous office expenses. Services and supplies have increased by \$299,849 generally due to an increase in anticipated project expenditures.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$12,900 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Other charges of \$3,794,450 represent debt service payments. Other charges increased by \$35,700 due to increases in principal and interest in the 2005A Series Bond payment schedule.

Land and improvements of \$6,000,000 include costs associated with the Rosemary/Iris Voluntary Sale Program and commercial/industrial land acquisitions. Both the Rosemary/Iris Voluntary Sale Program and the commercial/industrial land program have a \$3.0 million budget.

Transfers of \$10,646,998 to other county departments represent various costs, which include road projects, administrative charges, and storm drainage construction. Transfers have increased by \$1,445,422 primarily for road projects, flood control projects, and increases in administrative charges.

Contingencies of \$3,891,241 include funds held by the Trustee, Bank of NY for the 2005 Series A Tax Allocation Bonds.

Reimbursements of \$1,320,355 primarily represent payments from other Redevelopment Agency project funds to the Speedway administrative fund for staff charges. The decrease in reimbursements of \$71,857 includes decreases from other RDA project funds in the amount of \$77,549 for administrative charges and a \$5,692 increase from the Economic Development Agency for lease costs.

Operating transfers out of \$17,527,617 generally represent payments to County Fire for construction of a fire station and payments to others for a variety of projects. Operating transfers out have decreased by \$7,483,952 as 2005 Series A Tax Allocation Bond proceeds have been used in 2007-08 and are expected to be continued to be used in 2008-09.

Departmental revenue of \$14,024,567 reflects tax increment, interest revenue, and operating transfers in. The net decrease in revenue of \$3,219 represents an anticipated decrease in tax increment of \$285,945 almost fully offset by increases in interest revenue of \$252,100 and other revenue/operating transfers in of \$30,626. Other revenue of \$600,000 was reclassified to operating transfers in for 2008-09.

Cedar Glen Project Area

DESCRIPTION OF MAJOR SERVICES

In 2004, the *Cedar Glen Disaster Recovery Project Area* (Cedar Glen), consisting of 837 acres, was adopted to assist with the rebuilding of the community that was destroyed by the 2003 Old Fire.

Included in this project area are housing funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households. Based on regulations, 20% of the gross tax increment revenues are set aside and used for affordable housing.

Initial plan preparation and operating expenses were funded through a \$75,000 loan from the Speedway Project Area and subsequent loans from the county general fund of \$365,000. In addition, in December of 2005, the Board of Supervisors approved a loan of \$10.0 million from the county general fund to Cedar Glen to begin the water and road improvements. The loans will be repaid when the project area generates sufficient tax increment revenues or other financing is available.

There are no budgeted positions assigned to this project area, however administrative and staffing costs are allocated to this project area based upon time studies.

	2004-05 Actual	2005-06 Actual	2006-07 Actual	2007-08 Modified Budget	2007-08 Estimate
Appropriation	156,767	418,300	1,267,592	9,878,195	752,123
Departmental Revenue	293,426	10,297,254	788,348	403,250	845,280
Fund Balance				9,474,945	

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, expenditures in these funds are typically less than budget. The amount not expended is carried over to the subsequent year's budget. In addition, \$7.6 million of the loan proceeds are in contingencies for future approved projects, as required by the loan terms.

Departmental revenue is estimated to be greater than budget in 2007-08. Both tax increment revenue and interest revenue are estimated to be significantly greater than budget for 2007-08 by approximately \$181,830 and \$260,200 respectively.

Services and supplies of \$2,294,655 primarily represent undesignated fund balance carried over from previous years for future projects and/or improvements. Services and supplies increased by \$868,804 primarily due to the increase in project expenditures of \$554,929, professional services of \$306,380, and miscellaneous expenses of \$7,495.

Land and improvements of \$59,454 is to acquire land for the development of a well to serve the project area.

Transfers of \$450,453 represent administrative fees to the Speedway administrative fund. Increases of \$57,858 are associated with increased administrative costs.

Contingencies of \$7,600,000 are necessary because, per the Cedar Glen loan agreement, the Board of Supervisors must approve all additional projects utilizing the loan funds. Upon approval of additional projects, the funds will be transferred to the appropriate expenditure category for use.

No operating transfers out are budgeted in 2008-09 as the road and water projects funded with the initial portion of the county loan are anticipated to be completed in 2007-08.

Departmental revenue of \$836,460 includes funding from projected tax increment as well as revenue from interest. The increase in revenue of \$433,210 is related to increases in both tax increment revenue and interest revenue to reflect current trend.

Victor Valley Economic Development Authority Project Area

DESCRIPTION OF MAJOR SERVICES

In 1993, the *Victor Valley Economic Development Authority* (VVEDA), a joint powers authority, was established for the purpose of providing economic development in and around the former George Air Force Base. Five jurisdictions oversee the economic development of the area, which include: the Cities of Victorville, Hesperia and Adelanto, the town of Apple Valley, and the County of San Bernardino. The recent eighth amendment to the project area increased total acreage to 90,236 acres. The same amendment also increased the unincorporated portion of VVEDA to approximately 22,472 acres. VVEDA is administered by the City of Victorville.

Included in this project area are housing funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households. Based on regulations, 20% of the gross tax increment revenues are set aside and used for affordable housing.

There are no budgeted positions assigned to this project area, however administrative and staffing costs are allocated to this project area based upon time studies.

BUDGET HISTORY

The trend for the VVEDA budget represents a small increase over the past four years. For 2008-09, the lead agency estimates of tax increment revenue for the project area increased from prior year by over 150%.

Services and supplies of \$743,774 represent undesignated fund balance. Services and supplies decreased by \$135,426 due to anticipated increases in land purchases.

Other charges of \$66,650 represent administrative charges paid to the Victor Valley Economic Development Authority. Other charges has increased by \$46,650.

Land and improvements of \$300,000 include costs associated with commercial and/or industrial land acquisitions.

Transfers of \$290,152 include administrative charges paid to the Speedway administrative fund. The increase of \$133,114 is due to the development of new programs in the VVEDA project area.

Departmental revenue of \$256,105 consists of tax increment revenue distributed by the lead agency and revenue from interest. The increase in revenue of \$100,555 represents increases in tax increment revenue. Lead agency estimates of tax increment revenue for the project area increased from prior year by 73%. Due to this significant increase, projects will be identified as actual tax increment is received by the agency.

Mission Boulevard Joint Project Area

DESCRIPTION OF MAJOR SERVICES

In 2003, the County approved the *Mission Boulevard Joint Redevelopment Project Area* (Mission Boulevard) with the City of Montclair. Mission Boulevard totals approximately 404 acres and is administered by the City of Montclair.

The Mission Boulevard Joint Project Area only includes housing set aside funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households.

A \$50,000 loan was received from the county general fund in 2004-05 to cover costs until sufficient tax increment revenue is generated to repay the loan.

There are no budgeted positions assigned to this project area, however administrative and staffing costs are allocated to this project area based upon time studies.

Services and supplies of \$119,813 represent undesignated fund balance. Services and supplies increased \$53,612 due to increase in fund balance, reduction in transfers, and increase in departmental revenue.

Transfers of \$30,030 include administrative charges paid to the Speedway administrative fund. The decrease of \$32,785 is based upon administrative time studies in 2007-08.

Departmental revenue of \$24,570 primarily represents tax increment revenue distributed by the lead agency, which is anticipated to increase by \$2,000 in 2008-09.

Proposed Bloomington Project Area

DESCRIPTION OF MAJOR SERVICES

On November 9, 2004, the County of San Bernardino's Redevelopment Agency (CoRDA) initiated the formation of a redevelopment project area in and around the community of Bloomington. In November 2005, community members requested that the Redevelopment Agency suspend the project area formation process while the possibility of incorporation for the area was evaluated. While the process was on hold, Senator Christine Kehoe drafted Senate Bill 1206, which was approved and chaptered in September 2006. This new legislation became effective January 1, 2007, which would require CoRDA to start the redevelopment formation process anew. As a result of these factors, the Board of Supervisors terminated the proposed project area on January 30, 2007. Due to delays in returning the remaining funds to the county general fund in 2006-07, this fund was not closed until 2007-08.
