November 30, 2010

I am hereby submitting the 2010-11 Special Districts budget which was adopted on June 28, 2010. The budgets contained in this workbook are for the Board-governed special districts managed through the Special Districts Department, the San Bernardino County Fire Protection District (County Fire), the Public Works Department (County Flood Control District) and the County Airports Department (CSA 60 – Apple Valley Airport). This office has reviewed the budgets for accuracy and to ensure that the Board requirements regarding their development have been followed.

The budget workbook is presented by department in the following order: San Bernardino County Fire Protection District, Special Districts Department (including CSA 60 – Apple Valley Airport), and the Flood Control District. Each department has included a staffing schedule and narrative to explain changes in budgeted staffing. The adopted operating budgets within each department are followed by sections on Equipment Purchases and Capital Improvement Projects (CIP) and Reserves.

THE BUDGET IN BRIEF

This budget book presents special revenue funds, capital project funds, and enterprise funds of the Special Districts Department and County Fire. The total spending authority for both departments (excluding CIP and Reserves) totals \$348,683,129 and a summary of the overall operating budget authority and funded positions adopted for 2010-11 is shown by department below:

Department	Adopted Budget	Funded Positions
County Fire	\$146,494,054	686
Special Districts Department	74,970,961	136
Flood Control District	127,218,114	176
Total	\$348,683,129	998

The mission of the government of the County of San Bernardino is to satisfy its customers by providing service that promotes the health, safety, well being, and quality of life of its residents according to the County Charter, general laws, and the will of the people it serves.

2010-11 HIGHLIGHTS

- Property Taxes – Budgetary property tax revenues for 2010-11 were adjusted based on the current year's property tax and special assessment collections.
- Fee Adjustments – Proposition 218 notices were sent to all Special District water and sewer ratepayers regarding fee increases. Other proposed County Fire and Special District new fees and existing fee adjustments were based on program changes and/or increases in operating expenses.
- County General Fund Support – Support to County Fire is \$7.4 million and was reduced by \$1 million while ensuring maintenance of current service levels.
- Staffing Changes – Overall net decrease of positions. County Fire's budget reflects a net staffing decrease of 12 non-suppression personnel, the Special Districts Department budget reflects a net staffing increase of one position due to a change in reporting of an extra help position, and the Flood Control District budget reflects a staffing reduction of 10 positions. Decreases in personnel for County Fire and Flood Control were implemented to be in line with program related declines in revenue.
- Salary Adjustments – Any adjustments are based on current negotiated MOUs.
- Service Level Changes – Current service levels will be maintained as the eliminated positions were vacant and had not been filled in anticipation of declining revenue.

The current economic climate continues to cause reductions in county programs and local government. We are committed to making the most of our funding and capitalizing on the strengths of our employees to provide the necessary services in the most efficient manner. The county will continue to evaluate functions that can be consolidated. The county will continue its practice of cost reduction by thoroughly reviewing all hiring and scrutinizing other expenditures.

Although the 2010-11 budget meets the county's budget objectives and addresses major policy issues, as we enter into the new fiscal year and beyond, we will be facing challenges to ensure the Board's goals and objectives and the mission of the county are accomplished.

San Bernardino County Fire Protection District

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Fire Protection District (County Fire) covers 18,353 square miles, operates 81 fire stations and facilities within 4 Regional Service Zones (Mountain, North Desert, South Desert and Valley), and serves 64 unincorporated communities, the city of Grand Terrace, and the Town of Yucca Valley. There are also 6 ambulance enterprise operations that provide service to specified areas within these Regional Service Zones. In addition, five cities or Independent Fire Protection Districts contract with County Fire: Adelanto, Fontana, Hesperia, Needles and Victorville. County Fire's executive management is provided by the Fire Chief, Deputy Chief, Assistant Chief of Administration, Assistant Chief of Operations as well as division managers and division chiefs.

County Fire is an all-risk department providing emergency mitigation and management for fire suppression, emergency medical services (paramedic and non-paramedic), ambulance services, HAZMAT response, arson investigation, technical rescue including water borne, flooding and mudslide, winter rescue operations, and terrorism and weapons of mass destruction. As part of disaster preparation, response, and mitigation, the department's Office of Emergency Services specifically provides support and assistance to the 24 cities and towns, as well as, all the unincorporated portions of the County. The field functions are supported by a countywide management system that includes organizational business practices, human resources, financial and accounting services, vehicle services and support, and equipment warehousing and distribution. County Fire also provides for the management of community safety services such as: fire prevention, building construction plans and permits, household hazardous waste, Local Oversight Program for hazardous materials, HAZMAT facility inspections, planning and engineering, and public education and outreach.

Salaries and benefits of \$67,170,306 fund 497 positions and reflect an increase of \$1,009,928 due to adding fire prevention and hazmat services to the Victorville contract funding 4 new positions as well as employee salary and benefit cost increases. These increases are partially offset by reductions of 16 various other positions to achieve cost savings.

Services and supplies of \$14,694,888 includes costs for uniforms, communications, non-inventoriable equipment, utilities, insurance, COWCAP, professional services and other miscellaneous expenditures, and reflects an increase of \$1,068,729 due to an increase in non-inventoriable equipment and equipment distribution including emergency response equipment for HazMat, arson investigations, set up costs for new vehicles, and equipment for both the Fontana and Victorville service contracts.

Central services of \$104,777 includes central computer charges and costs for Facilities Management basic custodial, grounds, and maintenance services and reflects a decrease of \$80,300 due to the migration of ISD services for the Office of Emergency Services.

Travel of \$310,385 includes costs for mandated training and certifications as well as professional development conferences and is increasing by \$173,941 due to the additional costs for instructors and training materials for the Assistance to Firefighters Grant (AFG) - Safer Grant.

Land and Improvements of \$31,500 includes costs for various structural improvements and is decreasing by \$19,184 due to the elimination of the one-time purchase of the Kelso-Cima property.

Equipment of \$583,740 includes costs for various grant related equipment and is increasing by \$319,368 due to the anticipated replacement of certain hazardous material equipment.

Vehicles of \$555,609 include unit replacement costs and are increasing by \$164,449 due to the anticipated replacement of several vehicles.

Capitalized software of \$24,500 includes costs to purchase software that is offset by cost reimbursement from various grants.

Transfers of \$574,571 include costs for office supplies and county Human Resource support which are decreasing by \$13,796 due to a reduction in Human Resource Program costs. County Fire now currently contracts with the County of San Bernardino for these services which is reflected in professional services in services and supplies.

Contingencies of \$9,336,204 are decreasing by \$2,057,183 based on a decrease in support from the county general fund.

Reimbursements of \$7,950,353 are increasing by \$847,942 primarily due to an increase in Homeland Security Grant funding for purchases of equipment and supplies.

Operating transfers out of \$7,707,988 represent allocations of general fund support to the various regional service zones and are decreasing by \$7,565,692 due to the one time transfer in the prior fiscal year to general reserves for the Richard Sewell Training Center.

Departmental revenue of \$79,131,151 reflects a net decrease of \$4,678,778 primarily as a result of a reduction in general fund support, a decrease in HazMat generator and handler fees, as well as the transfer of the American Red Cross Grant to Land Use Services and the closing of the National Resource Conservation Service Grant. Property taxes reflect an increase of \$313,756 due to anticipated special assessment current year delinquent user charges associated with Equivalent Single Family Residence fees collected through the Office of the Fire Marshal.

Mountain Regional Service Zone

DESCRIPTION OF MAJOR SERVICES

The Mountain Regional Service Zone was formed through a reorganization process effective July 1, 2008 per Local Agency Formation Commission (LAFCO) Resolution 2986/2989. This Regional Service Zone provides fire protection services to the areas of Angelus Oaks (Station #98), Fawnskin (Station #96), Forest Falls (Station #99), Green Valley Lake (Station #95), and Lake Arrowhead (Stations #91, #92, and #94). The budget also funds Limited Term Firefighters, a Paid Call Firefighter program and administrative staff. This service zone provides ambulance services through Lake Arrowhead Ambulance and Service Zone PM-1 Lake Arrowhead Paramedics.

Salaries and benefits of \$7,107,582 funds 48 positions and reflects an increase of \$512,199 wage driven employee benefits and medical insurance.

Services and supplies of \$1,509,086 include costs for uniforms, communications, utilities, insurance, COWCAP, and equipment, and reflects an increase of \$270,822 due to increases in non-inventoriable equipment for a fire engine and required general maintenance at stations.

Central services of \$4,527 are for central computer charges.

Travel of \$500 includes costs for professional development.

Equipment of \$87,000 includes costs for a thermal imaging camera and is increasing by \$57,266 due to the purchase of an OSHA approved apparatus bay exhaust system and a cardiac monitor replacement.

Vehicles of \$338,000 represent the budgeted replacement of a fire engine.

Transfers of \$1,307,907 represents costs allocations for chief officers, vehicle services/equipment maintenance, training, and fire prevention, the transfers are decreasing by \$78,557 due to a reduction in training and fire prevention costs.

Contingencies of \$158,797 are decreasing by \$882,880 to fund current year operations.

Reimbursements of \$264,547 are decreasing by \$12,113 due to a decrease in reimbursement from PM-1 Lake Arrowhead Paramedic Service Zone.

8 | County Fire

Operating transfers out of \$50,000 include costs for a brush engine apparatus bay extension capital improvement project and is decreasing by \$210,294 due to the elimination of transfers to general reserves for equipment replacement.

Departmental revenue of \$9,195,788 is increasing by \$171,386 primarily as a result of a transfer in from County Fire Mountain Regional Service Zone general reserves for equipment and an increase in Lake Arrowhead Ambulance service fee transfers.

Salaries and benefits of \$10,223,167 funds 58 positions and reflects a increase of \$44,603 primarily due to the net effect of increased wage driven benefits and insurance and decreased Limited Term firefighter staffing.

Services and supplies of \$2,709,709 includes costs for uniforms, equipment, communications, utilities, insurance, COWCAP, professional services and other miscellaneous expenditures and reflects a net increase of \$376,711 due primarily to non-inventoriable equipment for a fire engine and one-time facility repairs.

Central services of \$9,230 are for central computer services.

Travel of \$1,556 includes costs for professional development.

Vehicles of \$338,000 represent the anticipated replacement of a fire engine.

Transfers of \$2,112,063 includes costs for chief officers, vehicle services, community safety, cost recovery services, office supplies and the self contained breathing apparatus maintenance program and reflects a decrease of \$78,652 due to a decrease in training and support cost allocations from the San Bernardino County Fire Protection District.

Contingencies of \$381,094 are decreasing by \$778,302 to fund current year operations.

Reimbursements of \$963,268 are increasing by \$133,268 due to an increase in reimbursements from FP-5 Helendale/Silver Lakes Service Zone and support from the City of Hesperia contract for Station 305.

Operating transfers out is decreasing by \$105,413 due to re-class of costs related to contract agreement with City of Victorville from operating transfers out to salaries and benefits transfers out.

Departmental revenue of \$13,616,956 is increasing by \$774,638 and includes increased property tax revenue of \$596,209 based upon 2008-09 overstated actuals and anticipated supplemental property tax revenue that will not be realized. This revenue budget will be reduced in a future budget quarterly report and appropriation will be reduced accordingly.

South Desert Regional Service Zone

				Budgeted Staffing	36	36	-

Salaries and benefits of \$6,410,548 funds 36 positions and reflects an increase of \$298,615 primarily reflective of nominal cost increases for employee benefits.

Services and supplies of \$1,676,218 includes costs for uniforms, equipment, communications, utilities, insurance, COWCAP, professional services and other miscellaneous expenditures and reflects a net increase of \$357,822 due to increases in Confire dispatch costs and costs for Underground Storage Tank removal partially offset by decreases in insurance costs.

Central services of \$4,804 include central computer charges and costs for Facilities Management basic custodial, grounds, and maintenance services.

Travel of \$900 includes costs for professional development.

Other charges of \$20,925 for the capital lease purchase of a fire engine are increasing by \$16,583 due to debt service interest lease payments for a fire engine.

Equipment of \$48,000 represents the anticipated replacement of certain fire engine equipment.

Lease/purchase vehicles of \$77,000 represents the anticipated purchase of a fire engine for the Town of Yucca Valley.

Transfers of \$1,549,288 include costs for chief officers, vehicle services, community safety, cost recovery services and a self contained breathing apparatus maintenance program and are decreasing by \$32,199 due to a decrease in training and support cost allocations.

Contingencies of \$833,301 are decreasing by \$579,321 to fund current year operations.

Reimbursements of \$301,102 are decreasing by \$44,708 due to less reimbursements from grant funded facility repairs.

Departmental revenue of \$8,694,968 is decreasing by \$200,804 primarily as a result of decreased property tax revenue based on current year revenue offset by the anticipated receipt of a new federal grant.

Salaries and benefits of \$7,667,149 funds 47 positions and reflects a decrease of \$364,363, which is reflective of prior year fire incident staffing reimbursed by state, federal or government aid.

Services and supplies of \$1,857,536 includes costs for uniforms, equipment, communications, utilities, insurance, COWCAP, professional services and other miscellaneous expenditures and reflects a net decrease of \$7,357 due primarily to lower costs for insurance and a reduction in professional services costs offset by non-inventoriable equipment for fire engines.

Central services of \$9,419 represents central computer charges.

Travel of \$2,100 includes costs for professional development and reflects an increase of \$1,358 based on out of state travel, training and conferences.

Other charges of \$52,029 is increasing by \$39,529 due to the recalculation of a fire engine lease/purchase interest payment schedule for two fire engines.

Lease/purchase vehicles of \$296,000 is increasing by \$154,008 due to a recalculation of the lease/purchase payments for two fire engines.

Transfers of \$1,103,666 include costs for chief officers, vehicle services, community safety, cost recovery services and a self contained breathing apparatus maintenance program and includes a decrease of \$241,131 due to a decrease in training and support costs.

Contingencies of \$987,808 are decreasing by \$421,182 to fund current year operations.

Reimbursements of \$341,734 are increasing by \$24,648 primarily due to an increase in reimbursement from PM-2 Highland Paramedic Service Zone.

Departmental revenue of \$9,986,372 is decreasing by \$397,956 primarily as a result of decreased property taxes and state, federal and government aid for fire incident staffing offset by a transfer in from County Fire general reserves to fund the lease purchase costs for fire engines.

Service Zone FP-1 Red Mountain

DESCRIPTION OF MAJOR SERVICES

Service Zone FP-1 Red Mountain was originally approved by the Board of Supervisors on September 26, 1995 (originally as County Service Area 30). Service Zone FP-1 provides fire protection services to the community of Red Mountain through a contract, which includes staffing with Kern County Fire Department under the administrative direction of the San Bernardino County Fire Protection District. A special tax of \$100 per parcel was approved in May 1985 to generate revenue for fire protection services. Parcel count for 2010-11 is 72.

Contingencies of \$4,511 are decreasing by \$1,739 primarily to fund current operations.

Departmental revenue of \$7,609 is decreasing by \$2,813 primarily due to an anticipated decrease in special assessment revenue collected and a reduction in interest revenue.

Service Zone FP-2 Windy Acres

DESCRIPTION OF MAJOR SERVICES

Service Zone FP-2 Windy Acres was formed in January 1985 (originally as County Service Area 70 FP-1 Improvement Zone) to provide fire protection to the community of Windy Acres, and is funded by a voter approved special tax not to exceed \$407 per parcel. The budget for Windy Acres provides for a continuation of the contract, which includes staffing, with Kern County Fire Department, approved by the Board of Supervisors on September 26, 1999. Service Zone FP-2 provides fire protection services to the community of Windy Acres under the administrative direction of the San Bernardino County Fire Protection District. The current special tax rate of \$60 per parcel was established September 26, 1995. Parcel count for 2010-11 is 117.

Salaries and benefits of \$119,619 fund one Communication Engineer Technician position and an Extra Help position and are increasing by \$40,022 primarily due to the funding of the extra help position.

Services and supplies of \$162,277 represent costs for utilities, professional services and COWCAP, maintenance costs, and other miscellaneous costs. The increase of \$89,259 is primarily due to increases in general maintenance.

Central services of \$1,113 include central computer charges.

Travel of \$11,250 includes private mileage, air travel, hotel, car rental, and conference fees.

Land and improvements of \$35,000 represents the planned re-roofing of the District office building.

Equipment of \$65,000 includes the purchase of digital companion channel equipment for remote monitoring and procurement of a back-up transmitter/modulator.

Transfers of \$85,058 are increasing by \$12,833 to accommodate the increased costs for CSA 70 Countywide administrative staff support.

Contingencies of \$559,844 are decreasing by \$130,630 to fund current year operations.

Departmental revenue of \$331,886 is increasing by \$20,560 and represents property tax and interest revenue.

CSA 60 - Apple Valley Airport

DESCRIPTION OF MAJOR SERVICES

County Service Area 60 (CSA 60) funds the operation, capital project and maintenance of Apple Valley Airport, which is administered and staffed by the County of San Bernardino Department of Airports. Apple Valley Airport, which was built in 1970, is a public airport providing general aviation services to the High Desert region. CSA 60 is primarily funded by local property tax and revenue generated from leasing activities.

Services and supplies of \$1,300,215 consists of \$160,000 for the Apple Valley Airshow 2010, \$130,000 for utilities, \$22,549 for COWCAP, \$100,000 for professional services, \$94,000 in maintenance; \$20,000 for Real Estate Services for leasing services, \$20,000 in insurance costs, \$70,000 in vehicle maintenance, and \$143,666 in office supplies, uniforms, 3 new computers and related software and other various items to support the administration and maintenance of the airport. The increase is primarily attributed to the budgeting for depreciation.

Other charges of \$17,500 are for training and conferences attended by staff. There is no change in this appropriation unit because the amount is sufficient for upcoming training and conferences.

Vehicles of \$45,000 are for one vehicle for the airport manager. The current vehicle has approximately 85,000 miles.

Transfers of \$624,195 consist of salaries and benefits for the personnel assigned to CSA 60 and the administrative overhead. The decrease is due to less administration overhead.

Contingencies of \$200,216 are for unanticipated expenses.

Operating transfers out of \$1,000,000 are used to fund the CSA 60 Apple Valley Capital Airport Improvement Fund costs of several projects including, Storm Water Detention Drainage Improvements, pavement repairs and land acquisition. Initiation of specific projects will be updated with the completion of the Airport Master Plan, which is scheduled for completion in mid 2011. Due to the increase in the operating costs in this budget unit, this resulted in a decrease in this appropriation unit.

Taxes revenue of \$1,608,974 are estimated to be reduced based on the following city estimates of property tax reductions: Apple Valley (- 9%), Hesperia (- 6%), and Victorville (- 19%).

Use of money and property revenue of \$503,438 is generated from leasing activities and will decrease due to building A250 being vacant. In 2010-11, the Department will seek tenants to occupy the vacant space.

State aid revenue of \$16,000 is from other agencies contributing other tax revenue related to the General Tax Levy Homeowner. A reduction is expected due to a reduction in property tax.

Current services revenue of \$13,700 is from fuel flowage and commissions. The department estimates a reduction due to current economic situation.

Other revenue of \$350,000 is monies received from surrounding redevelopment agencies.

CSA 60 - Apple Valley Airport – Capital Improvement Fund (RAI 400)

DESCRIPTION OF MAJOR SERVICES

Community Service Area 60 (CSA 60), through the Department of Airports, manages the Capital Improvement Program (CIP) for Apple Valley Airport. Projects include utility, storm water, fire suppression plans, Airport Master Plan and construction/rehabilitation of numerous runways, taxiways, and airport facilities. Projects are funded with proceeds from CSA 60 – Apple Valley Airport budget and when available, Federal Aviation Administration (FAA) grants.

Services and supplies of \$500,000 primarily are for professional services for the Utility Master Plan, Airport Drainage Plan, Fire Suppression Plan, and the Environmental Compliance program. The decrease of \$234,000 is primarily due to the completion of the maintenance storage shade port.

Contingencies of \$6,323,726 are set aside to fund future projects. The increase in this appropriation is due to deferring projects until the Apple Valley Airport Master Plan is completed.

Departmental revenue of \$55,000 is due to the decrease of \$1,237,038 based on no federal grants expected in 2010-11.

Operating transfers in of \$1,000,000 are funds from the Operating Fund EBJ - 400 to fund capital projects. It is anticipated that upon completion of the Master Plan, projects will commence.

Land of \$500,000 is for the purchase of land near Runway 18-36 in order to secure the Runway Protection Zone of Runway 18-36.

Improvements to land of \$250,000 are for storm water drainage improvements and pavement repair. The decrease of \$2,570,385 represents a postponement of projects until the Apple Valley Airport Master Plan is completed. Projects from the recommendation of the Apple Valley Airport Master Plan will subsequently be implemented.

Improvements to structures are decreasing by \$100,000.

CSA 70 Countywide

DESCRIPTION OF MAJOR SERVICES

SPECIAL DISTRICTS

Salaries and benefits of \$11,513,464 fund 109 regular positions and are increasing by \$2,853,141 primarily due to the transfer of 2 District Coordinator positions from CSA 18 and CSA 70 D-1, cost of living increases (now being waived), retirement cost increases, and insurance cost increases. In addition, extra-help positions, previously not included in the budget, were added.

Services and supplies of \$4,954,779 include computer software expense, special department expense, street maintenance for snow plowing contract services activities, COWCAP charges; other professional and specialized services for engineering, construction, and software programming services, general maintenance of equipment and structures and vehicle charges. Services and supplies is increasing by \$1,468,788 due to higher anticipated expenditures for other professional & specialized services and street maintenance to accommodate contract business activities, including: water system improvements at Calico Ghost Town, sewer lift station modifications at Moabi Regional Park, sewer compliance modifications at Arrowhead Regional Medical Center, the completion of the water tank on Gilbert Street, and snow removal services for the Public Works Department.

Central services of \$165,997 include central computer charges and costs for Facilities Management basic custodial, grounds, and maintenance services.

Travel of \$80,850 is increasing by \$45,349 due to higher anticipated levels of travel costs for private mileage, hotel, conference fees and staff training.

Equipment of \$237,000 represents cost for replacement of server and other computer equipment as well as other maintenance equipment. The increase of \$146,018 is due to additional current year budgeted replacements as reflected in the Equipment listing.

Vehicles of \$176,000 represents the purchase of a boom truck to be used for booster pump and well maintenance.

Capitalized software of \$76,000 includes the purchase of a park and recreation tracking and management program.

Transfers of \$380,433 reflect costs for shared human resources staff and CAO Administrative Analyst III, and are increasing by \$91,853 primarily due the additional split cost of the Administrative Analyst III position.

Contingencies of \$965,965 are decreasing by \$1,658,163 to fund current year operations.

Reimbursements from the districts of \$11,240,961 represent salaries and benefits, services and supplies, and fixed assets costs incurred and charged back by Countywide and Community Development and Housing for Senior Nutrition Program costs. The increase of \$557,651 is due to additional allocation of management and operations costs.

Operating transfers out of \$400,000 provides for advances to districts to expedite reimbursement-based grant-funded projects.

Total department financing sources of \$4,949,226 includes use of money and property; state aid; current services revenue of \$3,717,643 primarily from contract business activities; other revenue of \$180,400 for assessment district administrative services; \$303,500 in anticipated residual equity transfer in from CLO 105 after project completion; and operating transfers in of \$613,000 from reimbursements for loans to district awaiting state proposition funding for capital improvement projects and interest revenue transfers from reserve funds. The increase of \$1,895,772 is primarily from anticipated increase in revenue from contract business activities.

CSA 70 D-1 Lake Arrowhead Dam

DESCRIPTION OF MAJOR SERVICES

County Service Area (CSA) 70, Improvement Zone D-1 was established by an act of the County of San Bernardino Board of Supervisors on August 26, 1974 to maintain a dam located on the east side of Lake Arrowhead known as Papoose Lake. The District is funded by property taxes and provide security, maintenance, replacement shrubbery, reforestation, and engineering services. Salaries and benefits of \$462,235 funds 3 positions and is decreasing by \$36,969 primarily due to reduced hours for extra help personnel.

Services and supplies of \$165,571 represents costs for veterinary professional services; general maintenance; animal feed; insurance; staff uniforms; and other miscellaneous such as vehicle charges and equipment leases. The decrease of \$56,339 is primarily due to a reduction in animal feed costs resulting from the Nay Foundation assisting in the expense and lower maintenance costs.

Land and improvements of \$18,700 represents costs for a handicap lift and wolf enclosure.

Transfers of \$157,251 represents costs for salaries and benefits and services and supplies support from CSA 70 Countywide and lease payment costs and is increasing by \$43,800 due to the implementation of the lease agreement.

Reimbursements of \$11,000 reflect grant funding from Community Development and Housing for a handicap lift installation.

Departmental revenue of \$761,116 represents park services and gate revenues, as well as operating transfers in from Big Bear Park operating fund (SSA 620) for property taxes. The \$181,207 increase is primarily due to revenue from additional park activity and the additional operating transfers in from additional tax revenues initially received into Big Bear Park operating fund.

FLOOD CONTROL DISTRICT

Flood Control Consolidated

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Flood Control District (District) was created in 1939 under special state legislation. Since its inception, the District has developed a very extensive system of flood control and water conservation facilities, including dams, conservation basins, debris basins, channels and storm drains. The purpose of these facilities is to intercept and convey flood flows through and away from developed areas of the county, as well as to promote water conservation and improved water quality.

The District covers the entire county, including all of the incorporated cities. The District is divided into six geographic flood zones (in recognition of the different characteristics and flood control needs in various areas). Zone 1 encompasses the county's West End, from the Los Angeles and Riverside County lines to West Fontana. Zone 2 encompasses the central area of the San Bernardino Valley easterly of Zone 1 to approximately the Santa Ana River and City Creek demarcations. Zone 3 covers the East end of San Bernardino Valley, east of Zone 2. Zone 4 covers the Mojave River Valley region, from the San Bernardino Mountains to Silver Lakes. Zone 5 primarily includes the San Bernardino mountains. Zone 6 encompasses the remainder of the county not covered by other zones. The District has also established a countywide administrative zone (Zone 7). The District's funding is primarily derived from property taxes, federal and state aid on specific projects, subdivision and permit fees, rents and royalties, and revenue from local water agencies for water spreading services.

The District's principal functions are as follows:

Flood Protection on Major Streams: In cooperation with the federal government, the District conducts programs for channel and levee construction, floodwater retention, and debris basin maintenance. Programs or projects are often done in cooperation with the incorporated cities, the U.S. Army Corps of Engineers, and the U.S. Bureau of Reclamation.

Water Conservation: The District operates and maintains water conservation basins and spreading grounds. Water from the local mountains and Northern California is spread and percolated into the groundwater basins underlying the county. The District has numerous joint use agreements with water districts allowing use of District facilities for groundwater recharge.

Storm Drain Construction: The District is active in comprehensive storm drain master planning/construction and cooperates with incorporated cities and other agencies in storm drain projects.

Facility Maintenance: The District has a proactive maintenance program for its facilities. Regular inspections of the storm drains, channels, and basins are made to requirements by various state and federal agencies.

National Pollution Discharge Elimination System (NPDES): The District is the lead permittee in the San Bernardino Valley area-wide NPDES permit with 16 cities as co-permittees. The NPDES program, through the State Water Quality Management Board, regulates storm water quality through very detailed and complex permits, which affect everyone within the Santa Ana River Watershed and is expanding into the high desert area of the Victor Valley under Phase II of the permit.

Flood Operations: During the flood season, the District maintains telemetry systems for monitoring rainfall and runoff and dispatches storm patrols as dictated by the projected severity of a storm. The District has access to a weather satellite data delivery system to provide state-of-the-art weather information. The system provides advance warning of major storm activity.

Flood Area Safety Task Force (FAST): As a result of the October/November fires of 2003, the FAST organization was created. The District is a key component of this task force, which is meant to respond to the elevated flood risk associated with the aftermath of these devastating fires.

Fund Balance					44,133,304	53,297,201	9,163,897
Budgeted Staffing					186	176	(10)

Salaries and benefits of \$14,636,798 fund 176 budgeted positions. The decrease of \$817,197 is partially due to the deletion of 9 vacant positions due to decreased workload including: 1 Contract Bark Beetle Office Assistant III; 1 Office Assistant III; 1 Engineering Technician III; 2 Engineering Technician IV's; 1 Public Service Employee; 1 Public Works Engineer III; 1 Secretary I and 1 Assistant Stormwater Manager. Additional staffing changes include: 1) the reclassification of 2 Office Assistant III's to Payroll Specialists for a slight increase of approximately \$5,000 to better align the classification with the job duties and 2) the correction of an overstatement of the Ecological Resource Specialist classification which was incorrectly listed as 4 positions in 2009-10 due to a job share position, so an adjustment of (-1) is being made to the position count with no dollar adjustment.

Services and supplies of \$72,741,127 include construction costs, legal fees, COWCAP charges, liability insurance and equipment charges. The increase of \$45,324,091 is primarily due to an increase in construction projects in 2010-11 and a reduction of \$1.6 million in flood control liability. Several projects were completed in 2009-10 including Colonies Basin No. 6 basin construction and Sultana Cypress Storm Drain Phase IIA. Projects scheduled for construction and/or completion in 2010-11 include: Sultana Cypress Storm Drain Phase II B and IIC, Alabama at City Creek, San Sevaine Channel Repair at Victoria Basin, Colonies Basin No. 6 Landscaping, Cactus Basin No. 3, Victorville Line E-01, Sheepcreek Major Repair, and San Timoteo Basin Repair. In addition to the construction projects, there are several projects accumulating funding and/or currently undergoing environmental approval including: Mojave River I-15 Levee, Desert Knolls Wash, Mountain View Acres, Cable Creek, and several other smaller projects.

Central services of \$263,800 include central computer charges and costs for Facilities Management basic custodial, grounds, and maintenance services.

Travel of \$62,200 includes conference costs, seminars, hotels, meals and air travel. Travel costs are increasing by \$37,300 due to scheduled maintenance out in the desert areas which require overnight stays for work crews.

Other charges of \$10,491,170 include debt service payments on the Judgment Obligation Bonds, Refunding Bonds, Bureau of Reclamation Loan, and right-of-way purchases. Other charges are increasing by \$2,922,059 due to an increase in budgeted interest on the Judgment Obligation Refunding Bonds 2008. While actual interest has been very low ranging from 0.18% to 0.35%, because of the adjustable rate, the 2010-11 budget is at an estimated interest rate of 4.5% to accommodate any market rate changes.

Land and improvements of \$1,162,000 include refurbishment of the Rancho Cucamonga yard building and estimated land needs for the District's projects.

Equipment of \$105,000 is increasing by \$93,000 primarily due to the anticipated purchases of two generators; one gatehouse generator for Lytle Cajon Creek and one emergency generator and wiring for the Public Works building at 825 E. Third St. in order to operate during a critical emergency. There are also small increases in easement costs in each zone.

Lease/Purchase of \$160,700 is decreasing by \$19,800 based on the final lease schedule agreement.

Capitalized Software of \$155,250 is a new appropriation unit for 2010-11. The District plans to purchase software as follows: ESRI Arc Info GIS (\$20,000); Azteca software for the National Pollution Discharge Elimination System program (\$31,250); RBF Environmental Permit hosting (\$5,000); Water Tracks for the Environmental Management Division (\$10,000); Novastar for the Water Resources Division (\$24,000); and Performance Point for the data warehouse in the Computer Services Division (\$50,000). An additional \$15,000 in appropriation for additional licenses or increases in software purchases has been budgeted.

Transfers of \$16,540,558 are increasing by \$15,807,935 primarily due to labor distribution charges which are now being budgeted in this appropriation due to GASB 54 rules. Transfers consist of the following: \$13,864,458 for labor distribution charges; \$2,182,700 to the Department of Public Works - Transportation division for reimbursement of work performed on Flood Control's behalf and reimbursement of Flood Control's share of payroll services, computer services, and administration; \$171,500 to Human Resources for Human Resource Officer services; \$150,000 to Code Enforcement for work done on our behalf; \$50,000 to the County Administrative Office for reimbursement of bond administration; \$20,900 to Human Resources for the Employee Health and Productivity program; \$70,000 to the Legislative Affairs office for legislative support and \$31,000 to the Purchasing Department for office supplies.

Contingencies of \$8,087,533 are decreasing by \$45,575,945 to allocate funding for the District's constructions projects.

Reimbursements of \$15,331,158 are increasing by \$14,843,358 primarily due to payroll distribution reimbursements of \$13,864,458 which were budgeted in salaries and benefits and are now reflected in this appropriation. The District also receives reimbursements for the following services: 1) Human Resources: \$18,900 from the Surveyor's Division, \$13,800 from Airports, \$11,000 from Architecture and Engineering, \$47,500 from Solid Waste, and \$204,000 from the Department of Public Works (Transportation); 2) Computer Services: \$9,200 from Surveyor; \$144,000 from Transportation and \$18,300 from Solid Waste; and 3) Labor: \$1,000,000 from Transportation as the District's employees perform work on Transportation projects.

Operating transfers out of \$13,891,209 is increasing by \$1,761,952 and consists of the following:

- \$2,298,597 from RFA Zone 1 General to fund RFB Zone 1 Bond Debt fund to pay for the Judgment Obligation and Etiwanda San Sevaime bond payments plus administration;
- \$6,000,000 from Zone 4 (RFQ) to Zone 1 (RFA) as a loan so that Zone 1 can complete construction of Colonias Basin #6 and Sultana Cypress Storm Drain phase IIC;
- \$2,663,100 from Zones 1 thru 6 to the Administrative Zone 7 to pay for administrative costs;
- \$1,621,734 from Zone 2 (RFF and RFG) to Zone 3 (RFL and RFM) for Zone 2's share of costs for Seven Oaks Dam and San Timoteo Channel construction and maintenance;

- \$1,204,127 from fund RFL Zone 3 General to fund RFM Zone 3 Federal Projects to provide enough operating capital for the year;
- \$62,835 from fund RLC Etiwanda San Sevaine Fee plan to fund RFD Etiwanda San Sevaine to pay for close out costs; and
- \$40,816 from Fund RFA Zone 1 General to fund RFC Day Creek to pay for the Bureau of Reclamation loan interest.

Taxes of \$37,985,300 are decreasing by \$1,137,800 to reflect an overall 3% decrease from 2009-10 current budgeted revenue.

Licenses and permits of \$133,350 are increasing by \$87,250. This is due in part to a minor increase in existing fees (\$7,050) and the addition of five new inspection fees for the National Pollution Discharge Elimination System program which is required per the area wide permit (\$94,650). These increases are partially offset by a downward trend in license and permit activity District wide.

Use of money and property of \$1,592,350 is decreasing by \$416,300 due to a dramatic decrease in the interest rates earned on the District's cash balances as the District is required to invest most of its cash balances in tax free municipal bonds of other agencies which are earning a very low interest rate.

State, federal, and other governmental aid of \$10,988,100 is decreasing by \$1,625,200 due to the following increases:

- \$1,000,000 for a grant from the State of California Department of Water Resources for the Levee Certification project;
- \$1,495,300 in agency participation in the National Pollution Elimination System program; and
- \$61,100 in the Homeowner Exemption portion of Property tax revenues;
- \$1,616,200 from the Federal Highway Authority due environmental delays in project construction;

The above increases were offset by the following decreases:

- \$2,879,000 for a grant from the United States Department of Agriculture-Natural Resources Conservation Service for the Sultana Cypress Storm Drain project-grant which will be completely drawn in 2010-11;
- \$103,131 in state and local agency funding for the LID Program.
- \$457,300 from Orange and Riverside Counties for their share of costs on Seven Oaks Dam maintenance and Santa Ana River Mainstem work;
- \$292,000 from Fontana/Rancho Cucamonga Drainage Fee District for their share of the Refunding Bond payment for the Etiwanda San Sevaine project;
- \$913,400 decrease in disaster funding from FEMA and State OES.
- \$813,400 decrease in Rancho Cucamonga Drainage Fee revenue
- \$310,969 from Chino Basin Watermaster and Inland Empire Utilities Agency for share of costs on the San Sevaine repair project;
- \$28,600 decrease in funding for the Bark Beetle Program

Current services of (\$180,400) are increasing by \$14,355 based on current estimates.

Other revenue of \$1,034,615 is decreasing by \$175,250 due to a decrease in other revenue and sales.

Other financing sources of \$2,908,000 are increasing by \$918,656 due to a net increase in sales of Flood Control District owned land and easements.

Operating transfers in of \$15,207,671 are decreasing by \$1,584,666 due to a reduction in construction projects.

Services and supplies of \$1,728,269 consist of Auto Liability insurance, motor pool charges and equipment repair and maintenance charges from Fleet Management Department. The decrease of \$59,268 is due to an anticipated slight reduction in maintenance charges.

Transfers of \$55,000 represent payments to the Department of Public Works – Transportation division for labor distribution charges for the equipment superintendent and clerical staff. These costs were previously budgeted in salaries and benefits and due to GASB 54 requirements are now reflected as transfers.

Contingencies of \$1,618,658 represent available net cash available set aside for future use.

Depreciation of \$850,000 is increasing by \$200,000 based on depreciation schedule.

Use of money and property of \$60,000 is decreasing by \$75,000 due to the decline in interest rates.

Current services of \$2,600,000 are increasing by \$100,000 due to increased usage/rates of the District's heavy equipment fleet.

Other financing sources of \$200,000 are decreasing by \$100,000 due to an anticipated decrease in old equipment sales due current market conditions.

Improvements to structures are not budgeted in 2010-11 due to building security improvements being delayed.

Equipment of \$1,500,000 represents the following purchases:

- \$300,000 for 10 on road diesel particulate filters to meet South Coast Air Quality Management District rules
- \$400,000 for 10 off road diesel particulate filters
- \$500,000 for one D-7 Dozer to replace an older model
- \$300,000 for one 1250 hp rubber tire wheel loader to replace an older model

No vehicle purchases are anticipated in 2010-11.
