I am hereby submitting the 2011-12 Special Districts Recommended Budget. The budgets contained in this workbook are for the Board-governed special districts managed through the Special Districts Department, the San Bernardino County Fire Protection District (County Fire), the Public Works Department (County Flood Control District) and the County Airports Department (CSA 60 – Apple Valley Airport). This office has reviewed the budgets for accuracy and to ensure that the Board requirements regarding their development have been followed.

The budget workbook is presented by department in the following order: San Bernardino County Fire Protection District, Special Districts Department (including CSA 60 – Apple Valley Airport), and the Flood Control District. The recommended operating budgets within each department are followed by sections on Equipment Purchases and Capital Improvement Projects and Reserves.

THE BUDGET IN BRIEF

This budget book presents special revenue funds, capital project funds, and enterprise funds of the Special Districts Department, County Fire, and the Public Works Department (County Flood Control District). The total spending authority for all departments (excluding CIP and Reserves) totals \$344,118,131 and a summary of the overall operating budget authority and funded positions recommended for 2011-12 is shown by department below:

Department	Recommended Budget	Funded Positions
County Fire	\$148,260,525	969
Special Districts Department	59,935,592	207
Flood Control District	135,922,014	161
Total	\$344,118,131	1,337

As in past years, these budgets have been presented at formal meetings with the appropriate advisory commission and/or municipal advisory council (MAC) for review and comment.

The mission of the government of the County of San Bernardino is to satisfy its customers by providing service that promotes the health, safety, well being, and quality of life of its residents according to the County Charter, general laws, and the will of the people it serves.

2011-12 HIGHLIGHTS

- Property Taxes – Budgetary property tax revenues for 2011-12 were adjusted based on the current year's property tax and special assessment collections and reflects a 6% decrease for County Fire, 5% decrease for Special Districts, and a 3% decrease for the Flood Control District.
- Fee Adjustments – Proposition 218 notices were sent to all Special District water and sewer ratepayers regarding fee increases and the 2011-12 budget reflects an overall increase in related revenue of 4.75%. Fee revenue is also included for County Fire and Special Districts, including new fees and adjustments to existing fees based on program changes and/or increases in operating expenses. The 2011-12 budget reflects a 2% increase in fee revenue for County Fire and a 2% increase in fee revenue for Special Districts
- County General Fund Support – Support to County Fire is \$12.4 million, a 68% increase in an effort to sustain acceptable service levels.
- Staffing Changes – Overall net increase of positions due to a change in the accounting for extra-help positions and there has been no net increase in the number of actual positions. Historically, budgeted extra-help positions have not been included in the budgeted staffing count.
- Service Level Changes – Current service levels for Special Districts will be maintained and although County Fire will have a reduction in services levels, service delivery will be minimally impacted.

The current economic climate continues to cause reductions in county programs and local government. We are committed to making the most of our funding and capitalizing on the strengths of our employees to provide the necessary services in the most efficient manner. The County will continue to evaluate functions that can be consolidated. A continuing examination of the County's programs and functions is underway in order to maintain basic and mandated services and to streamline service delivery to end users. The County will continue its practice of cost reduction by thoroughly reviewing all hiring and scrutinizing other expenditures.

Although the 2011-12 budget meets the county's budget objectives and addresses major policy issues, as we enter into the new fiscal year and beyond, we will be facing challenges to ensure the Board's goals and objectives and the mission of the County, which is to serve and enhance the well-being of its residents, are accomplished.

COUNTY OF SAN BERNARDINO SPECIAL DISTRICTS

The Special Districts Recommended Budget covers the period from July 1, 2011 – June 30, 2012. The budgets contained in this workbook are for the Board-governed special districts managed through the Special Districts Department, the San Bernardino County Fire Protection District (County Fire), the Public Works Department (County Flood Control District) and the County Airports Department (CSA 60 – Apple Valley Airport). The budget consisting of the special revenue funds, capital project funds, and enterprise funds has a total appropriation of \$344.6 million. Each department is responsible for operating within their budget and has the authority to spend up to the approved budget.

When developing their individual budgets, each department considers the following mission, vision, and value statements of the County of San Bernardino:

Mission Statement

The mission of the government of the County of San Bernardino is to satisfy its customers by providing service that promotes the **health, safety, well-being, and quality of life** of its residents according to the County Charter, general laws, and the will of the people it serves.

Vision Statement

Our vision is to create a safe, clean, and healthy environment that appeals to families and individuals, and attracts the best in business and industry. We will create, support, and enhance vibrant communities that emphasize beauty, culture, art, recreation, education, and a sense of history.

VALUES Statement

To achieve our Vision, we dedicate ourselves to these values:

- **Valuing** our workforce by providing recognition, training and education, opportunities for customer service and career development, a safe and healthy work environment and fair compensation.
- **Appreciation** and promotion of the diverse cultures that comprise our workforce and the communities we serve.
- **Leadership** by coordinating regional planning through collaboration with local communities and businesses.
- **Unquestioned integrity** that embraces a culture of honor and trustworthiness.
- **Excellence** in the development of efficient and cost-effective strategies to improve customer service in an atmosphere that allows and encourages new ideas.
- **Service** of the highest quality to our customers delivered with dignity and respect.

For 2011-12, the Special Districts annual budget process has changed due to the elimination of the publication of the Annual Report and Business Plan document. For 2011-12, the production of the Annual Report and Business Plan document has been eliminated, and the information has been incorporated into the budget document. Providing all of this information in one document is more reader friendly and cost effective. Therefore, the 2011-12 Recommended Budget book includes prior year accomplishments, departmental strategic goals, objectives, and performance measures, which demonstrate how departments meet their overall departmental mission as well as the global mission of the county.

BUDGET PLANNING CALENDAR

ONGOING

The Board of Supervisors provides ongoing policy direction to the Chief Executive Officer.

Departments provide year end estimates of revenues and expenditures to the Finance and Administration Department on a monthly basis and any significant changes will be addressed timely.

Each quarter the County Administrative Office brings an agenda item to the Board of Supervisors requesting modification of the adopted budget. These quarterly budget adjustments serve as a management tool to help each department assess the current environment, and anticipate and respond appropriately to that environment. In addition, the quarterly budget adjustments provide the Board of Supervisors with the most current information on county department revenues (sources) and appropriation (requirements) with which to base decisions, and serve as a guideline to lead the county in preparing the upcoming budget.

OCTOBER THROUGH DECEMBER

Fee Development – Departments develop their recommended fee changes for the upcoming budget year and submit them to the Finance and Administration Department for review and recommendation to the Chief Executive Officer, and to the Board of Supervisors for final approval. For 2011-12, the Finance and Administration Department required departments to compute their full cost of service, capturing both direct and indirect costs associated with fees. Departments were able to provide an alternate fee amount for the Board of Supervisors, if based on their knowledge, implementation of a full cost fee or internal service rate would not be beneficial.

JANUARY AND FEBRUARY

Five-year Operating Forecast – The Finance and Administration Department develops a five-year operating forecast of financial operations for general fund programs, projecting major revenues (sources) and expenditures (requirements), based on current service levels and expected future changes to those programs or service levels. The analysis includes the identification of trends, significant impacts, and recommendations, which are presented to the Chief Executive Officer for recommendation to the Board of Supervisors for final approval.

Budget Prep System – The in-house budget system is updated for changes in the various Memorandums of Understanding between the county and the various employee representation units.

MARCH AND APRIL

Budget Prep System – The system is opened up for departmental input in preparation of the budget submittal and internal training is conducted for all users of the system.

Internal Service Rates – The rates charged by departments for services provided to other departments are brought before the Board of Supervisors for approval. In addition to rates for internal service funds, rates for services provided by general fund departments, such as Facilities Management, Human Resources, and Architecture and Engineering are also approved.

Fee Hearing – The Board of Supervisors conducts a public hearing on the Recommended Fee changes for the upcoming fiscal year. Approved fee changes are included in the Recommended Budget submittals to the Board of Supervisors.

Strategic Plan – The upcoming five-year strategic plan is developed based on revenue projections and estimates for cost increases of ongoing costs for the five years. This plan includes the allocation of discretionary general funding (net county cost) and provides estimates of any remaining funding or shortfall needed to maintain current services.

Preparation of Recommended Budget – Departments develop their respective recommended budgets and submit them to the Finance and Administration Department for review, and to the Chief Executive Officer for recommendation, and to the Board of Supervisors for final approval. General fund departments must budget within their respective net county cost allocations given to them based on the strategic plan.

MAY AND JUNE

Submission of Recommended Budget – The Recommended Budget Book is finalized and presented to the Board of Supervisors. The County Administrative Office publishes notices and schedules public hearings to discuss the Recommended Budget.

Budget Hearing and Adoption of Adopted Budget – The Board of Supervisors conducts a public hearing on the Recommended Budget. At this time, the Board may modify the Recommended Budget. All Board approved changes are incorporated into the Adopted Budget.

JULY THROUGH SEPTEMBER

Budget Prep System – The Finance and Administration Department makes final budget changes to the Budget Prep System for items approved by the Board of Supervisors, including final fund balance adjustments.

Preparation of Adopted Budget Book – The Finance and Administration Department updates the Recommended Budget Book to reflect final changes.

Budget Process

Special Districts has special revenue funds, capital project funds, and enterprise funds. All of these funds are restricted to the revenue sources they receive. Each department having these types of funds is responsible for developing its budget based on the revenue (sources) available to them. These sources include projected revenue to be collected in 2011-12 and any revenue not spent and carried forward from prior years (for example, fund balance for special revenue funds). These budgets will be discussed during the Budget Hearing. When the Board of Supervisors approves the adopted budget, they will also approve the necessary fund balance adjustments to special revenue funds to agree to the Auditor-Controller/Treasurer/Tax Collector's actual fund balance.

Amending the Adopted Budget

An operating budget is adopted each fiscal year for all Governmental Funds. Expenditures are controlled at the appropriation unit level within budget units for the county. Any increases in appropriation in a budget unit after adoption of the adopted budget will be submitted on a quarterly budget report placed on the agenda of the Board of Supervisors and a four-fifths vote is necessary for approval.

Transfers of appropriation within the same budget unit may be approved by the County Administrative Office or the Board of Supervisors depending upon the appropriation unit. Exceptions are noted below:

Transfer of Salaries and Benefits Appropriation:

- Transfers out funded with discretionary general funding (net county cost) are not allowed.
- Transfers out not funded with discretionary general funding require Board of Supervisors approval and should be included in a quarterly budget report.
- Transfers in from other available appropriation within the budget unit will be required if budgeted salaries and benefits appropriation is inadequate to meet expenditures.

Transfer of Fixed Asset Appropriation:

- Transfers out requires Board of Supervisors approval and should be included in a quarterly budget report.
- Transfers in, less than \$10,000, may be approved by the County Administrative Office.
- Transfers in, greater than \$10,000, requires Board of Supervisors approval and should be included in a quarterly budget report.

BUDGET BOOK FORMAT

Budget units presented in this book are displayed at a fund/department level. Although some departments incorporate additional organizational levels when developing their budgets, the fund/department level of presentation was selected to provide consistency between all budget units. A sample of the departmental budget format is included in this overview.

GRANT INVENTORY REPORT SUMMARY

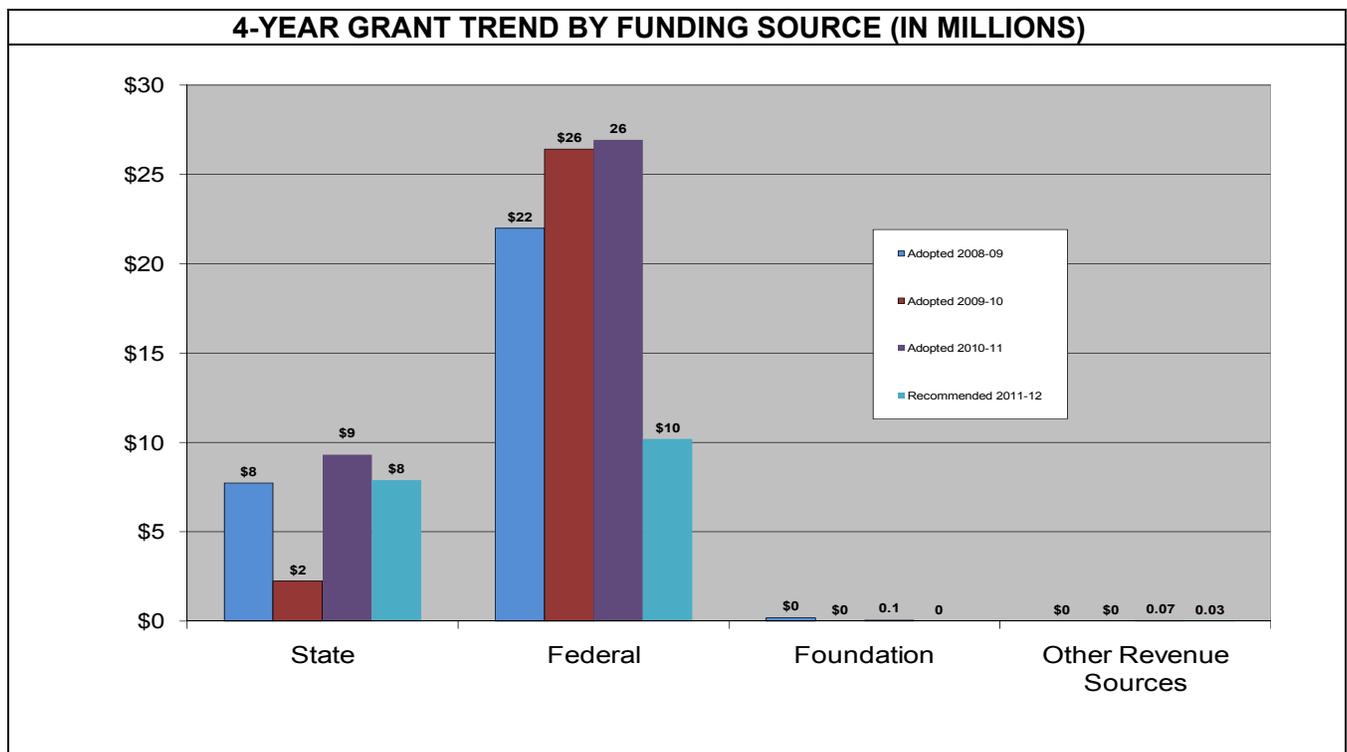

The Grant Inventory Report compiles and reports budgeted grant revenue, including departmental reimbursements among the departments related to grants acquired either directly or indirectly from federal, state, and/or local sources including private foundations. The report reflects grant comparisons based on the 2010-11 Adopted Budget and the 2011-12 Recommended Budget.

The report is prepared on a yearly basis and reflects total grant funds received and expended by each departmental group for each year, including information for multi-year grants. It is important to note that the estimated revenue for multi-year grants may appear low compared to the budgeted amount; primarily due to the budgeting of maximum amount and estimated revenue reflects the amount anticipated to be received in the current year.

REVENUE TYPE VERSUS GRANT TYPE

Grant revenue is budgeted under either Departmental Reimbursements or Revenue. Departmental reimbursements represent grant revenue payments made by the lead department to a sub-grantee department providing grant-related services on behalf of the lead department. In order to avoid duplication of revenue, this type of grant revenue is reflected in the report but excluded from the total revenue. Grant reimbursement information is included to detail and emphasize the collaboration among departments in obtaining and performing grant activities. Departmental revenue represents the total amount of grant funds budgeted for a specific year.

The detail report categorizes each grant by the following revenue types: State, Federal, Foundation, or Other Revenue Sources.

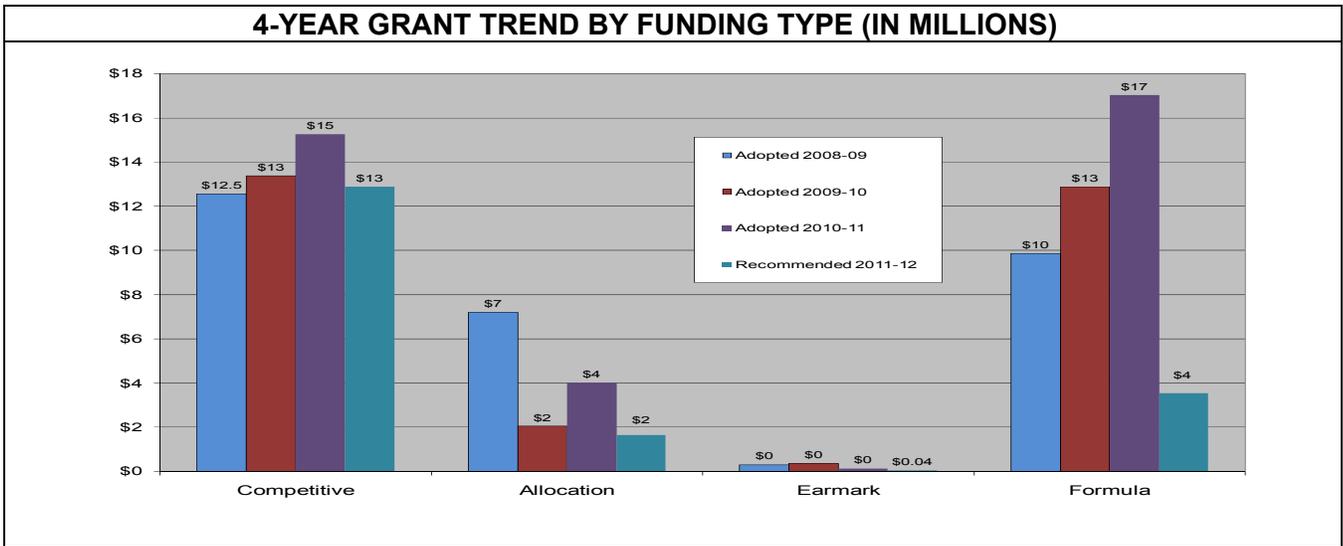

As demonstrated in the graph above, Flood Control, Special Districts, and County Fire, primarily depend on federal funding, either directly or indirectly through state pass thru grants. Federal grant funding has fluctuated over the past three years, spiking in Fiscal Year 2010-11 with the receipt of additional American Recovery and Reinvestment Act (ARRA) funding. The report is separated into two major types of grant funding received, competitive and noncompetitive.

Competitive Grants: This type of grant generally requires the submission of a proposal in response to a Request for Proposal or Request for Application from a funding agency, commonly referred to as the Notice of Funding Availability.

Noncompetitive Grants: This type of grant may or may not require the submission of a proposal. Noncompetitive grants primarily consist of direct allocations, formula grants, and earmarks. Allocations are direct funds primarily from federal and/or state sources in the form of block grants that go to a specific agency for an exclusive purpose or service. Formula grants, also known as formula-driven allocations, are allocated on a set criteria or formula basis, primarily based on regional or local geographic data (i.e., population, poverty levels, etc.) or for a specific pre-identified problem. Formula grants are generally passed through governmental intermediaries such as state, county, city governments, special commissions or district boards prior to reaching the grant recipient. Noncompetitive grant funding also includes endowments in the form of earmarks, which are congressionally allocated for a particular purpose within a specific congressional district.

As demonstrated by the graph above, the Board Governed Districts primarily depend on a combination of competitive and noncompetitive grant funding, with the majority of the noncompetitive funding coming from formula grants. For 2011-12, formula funding has decreased by approximately \$13 million. This is due primarily to the ending of federal funding for the Homeland Security Grant Program (\$10 million). Aside from allocations and formula grants, the county continuously seeks to secure competitive funding and earmarks, which have now become more difficult to secure due to the current economic downturn.

- NRCS Grant fully reconciled and closed after completing almost 2,000 forestry projects.
- Applied for and received \$400,000 Red Cross Grant and transferred the management of the grant to Land Use Services.
- Office of the Fire Marshal brought forward the 2010 Fire Code to the Board of Supervisors for approval.
- OES has successfully trained and sworn in a 753 citizens as CERT volunteers into the CERT program from 16 unincorporated communities within the county.
- OES continues to receive and manage the Homeland Security Grant program for the county and 24 cities and towns within the county. The most recent 2010 award was for \$4.46 million.

2011-12 GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: INCREASE AMBULANCE SERVICE BILLING ACCURACY TO MAXIMIZE THE POTENTIAL FOR A TIMELY COLLECTION OF AMBULANCE SERVICE REVENUES.

Objective: Transmit the standardized service call report electronically so that patient information is transmitted to the ambulance service billing contractor in an accurate and timely manner.

Measurement	2008-09 Actual	2009-10 Actual	2010-11 Target	2010-11 Estimate	2011-12 Target
Percentage of service call reports with billing information submitted to the billing contractor within 5 working days from the incident.	38.3%	72.68%	90%	75%	N/A

GOAL 2: RELOCATE RICHARD SEWELL TRAINING AND SERVICE CENTER FROM A LEASED FACILITY AT SAN BERNARDINO INTERNATIONAL AIRPORT (SBIA) TO A NEW CENTRALIZED, SECURE, AND STRATEGIC LOCATION.

Objective: Continue to estimate project cost and identify potential revenue sources to fund relocation of facility.

Measurement	2008-09 Actual	2009-10 Actual	2010-11 Target	2010-11 Estimate	2011-12 Target
Percentage of completion of project cost estimate and potential revenue source identification.	N/A	N/A	N/A	0%	10%

GOAL 3: DEVELOP AND IMPLEMENT EXPANDED BACKUP FIRE COMMUNICATIONS CENTER AT THE HIGH DESERT GOVERNMENT CENTER IN HESPERIA.

- Objective A: Develop an integrated plan with county Architecture and Engineering for the implementation of the expanded backup communications center.*
- Objective B: Apply for and secure \$300,000 from the 2011 Homeland Security Grant to fund the Computer Aided Dispatch (CAD) and IT equipment to support the Center.*
- Objective C: Purchase equipment required to make the Center operational.*

Measurement	2008-09 Actual	2009-10 Actual	2010-11 Target	2010-11 Estimate	2011-12 Target
A. Develop an integrated plan with County A&E and ISD for the implementation of the expanded/backup center	N/A	N/A	N/A	N/A	100%
B. Apply for and secure \$300,000 from the 2011 Homeland Security Grant to fund the CAD and IT equipment to support the center.	N/A	N/A	N/A	N/A	100%

The CONFIRE Communication Center functions as the dispatch center for thirteen fire agencies and the County of San Bernardino. The Center processes approximately 112,000 Fire/EMS incidents per year and 7,600 local government calls for service. Presently there is not dedicated backup center for the facility and there is little capacity to handle a substantial increase in work load.

At the direction of the Board of Supervisors, a needs assessment was completed by an outside consultant in 2007 and it was recommended that an additional site be established as an expanded or backup center to be activated when large incidents occur that require the additional capacity and staffing. Space has become available in the High Desert Government Center to move the Sheriff/Coroner/Public Administrator's Desert Dispatch Center and create an additional center for the CONFIRE Agencies. Funding for the dispatch equipment is being applied for in 2011-12 in the 2011 Homeland Security Grant application and if approved should total \$300,000. The county is funding both the building modifications and any Information Services Department (ISD) related costs regarding the radio system and consoles. The timeline for the project will be dependent upon 2011 Homeland Security Grant funding availability and availability of the new work space. Due to grant funding timelines it is anticipated this goal will not be completed until 2012-13.

GOAL 4: TO INCREASE REVENUE COLLECTED BY AMBULANCE TRANSPORT COST RECOVERY COLLECTION STAFF BY 20% OVER A THREE-YEAR AVERAGE OF COLLECTED REVENUE BEGINNING 2008-09.

Objective A: To increase Cost Recovery collections by 20% in collected revenue based on the average collected over three-year average beginning 2008-09.

Measurement	2008-09 Actual	2009-10 Actual	2010-11 Target	2010-11 Estimate	2011-12 Target
Percentage increase of revenue collected from three-year average of \$180,000	N/A	N/A	N/A	N/A	20%

During the last quarter of 2010-11 County Fire's fiscal division underwent a staffing reorganization. The purpose was to focus more on the collection of revenues but still maintain the staff necessary to perform the technical and reporting functions of the Fiscal Division. With the increase in staff County Fire should see an estimated 20% increase in our collected Ambulance Transport Cost Recovery Revenue in 2011-12. The collection of this revenue offsets the costs of the County Fire staff and the contract biller to the regions. The more that is collected the less the regions are charged at the end of the fiscal year.

San Bernardino County Fire Protection District Administration

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Fire Protection District (County Fire) covers 18,353 square miles, operates 81 fire stations and facilities within 4 Regional Service Zones (Mountain, North Desert, South Desert and Valley), and serves 64 unincorporated communities, the city of Grand Terrace, and the Town of Yucca Valley. There are also 6 ambulance enterprise operations that provide service within these Regional Service Zones. In addition, five cities are Independent Fire Protection Districts which contract with County Fire: Adelanto, Fontana, Hesperia, Needles and Victorville. County Fire's executive management is provided by the Fire Chief/County Fire Warden, Deputy Chief, Assistant Chief of Administration, Assistant Chief of Operations as well as Division Managers and Division Chiefs.

County Fire is an all-risk department providing emergency mitigation and management for fire suppression, emergency medical services (paramedic and non-paramedic), ambulance services, HAZMAT response, arson investigation, technical rescue including water borne, flooding and mudslide, winter rescue operations, and terrorism and weapons of mass destruction. As part of disaster preparation, response, and mitigation, the department's Office of Emergency Services specifically provides support and assistance to the 24 cities and towns, as well as, all the unincorporated portions of the county. The field functions are supported by a countywide management system that includes organizational business practices, human resources, financial and accounting services, vehicles services and support, and equipment warehousing and distribution. County Fire also provides for the management of community safety services such as: fire prevention, building construction plans and permits, household hazardous waste, Local Oversight Program for hazardous materials, HAZMAT facility inspections, planning and engineering, and public education and outreach.

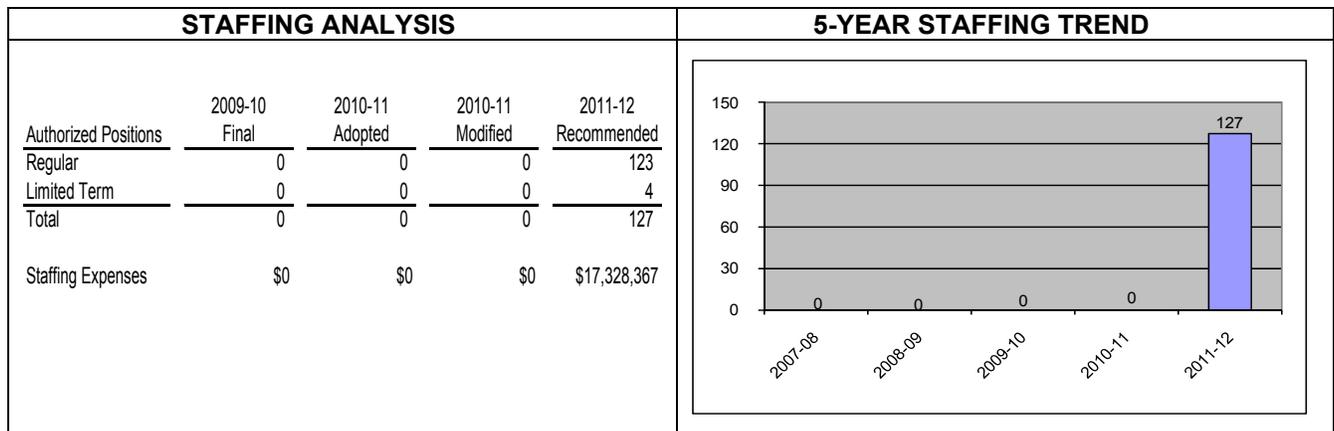

Beginning with 2011-12, San Bernardino County Fire Protection District Administration operating budget SKX is reflected in a new fund code FPD and the following operating budgets are separated from SBCFPD Administration (SKX 106) into special revenue funds with new fund agency codes: Office of Emergency Services (FES 108), Hazardous Materials (FHH 107) and Household Hazardous Waste (FHZ 107). Also, based on GASB 54 requirements, all accounting for Fire Protection Contracts have been moved to the region the contract is serving as follows: City of Needles (FSZ 610), Fontana Fire Protection District (FVZ 580), Hesperia Fire Protection District (FNZ 590), City of Victorville Fire Protection District (FNZ 590) and the City of Adelanto (FNZ 590).

Buffer Zone Protection Program Grant

DESCRIPTION OF MAJOR SERVICES

Since Fiscal Year 2005, the U.S. Department of Homeland Security has funded the Buffer Zone Protection Program (BZPP). The BZPP is designed to provide funding to protect and secure Critical Infrastructure and Key Resource (CI/KR) sites across the country as well as reduce vulnerabilities of these facilities. The program also significantly enhances their protection and deters threats or incidents of terrorism aimed at these facilities. The CI/KR sites are potential terrorist targets, which were identified through a National Review by the Preparedness Directorate Office of Grants and Training of the U.S. Department of Homeland Security. The San Bernardino Operational Area has three critical infrastructure sites that qualified for the Buffer Protection Plan and Vulnerability Reduction Purchase Plan programs in the FY07 BZPP grant. Information related to these critical infrastructure sites cannot be released due to the confidentiality of CI/KR facilities.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$14,238 includes services and supplies, central services, travel, and reimbursements to other budget units. The net decrease of \$99,892 is primarily due to the anticipated completion of grant projects carried over from the prior fiscal year.

Contingencies are decreasing by \$525 to fund current year operations.

Operating transfers out of \$21,422 are increasing by \$9,255 due to the increased reimbursements to the Sheriff/Coroner/Public Administrator's Department as a result of additional grant funded equipment purchases.

Departmental revenue of \$35,660 is decreasing by \$91,162 due to the anticipated completion of grant projects carried over from the prior fiscal year.

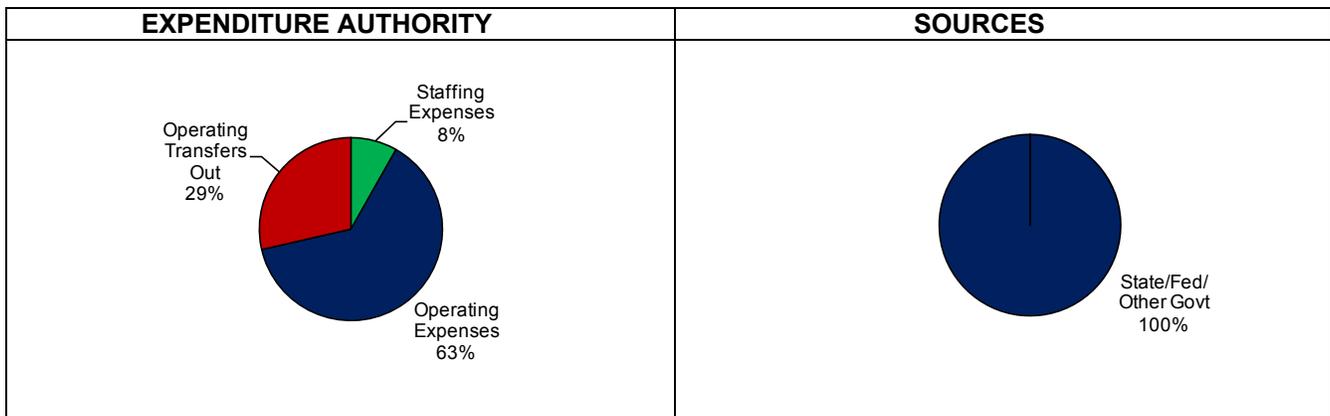

2009 USFS ARRA Stimulus Grant

DESCRIPTION OF MAJOR SERVICES

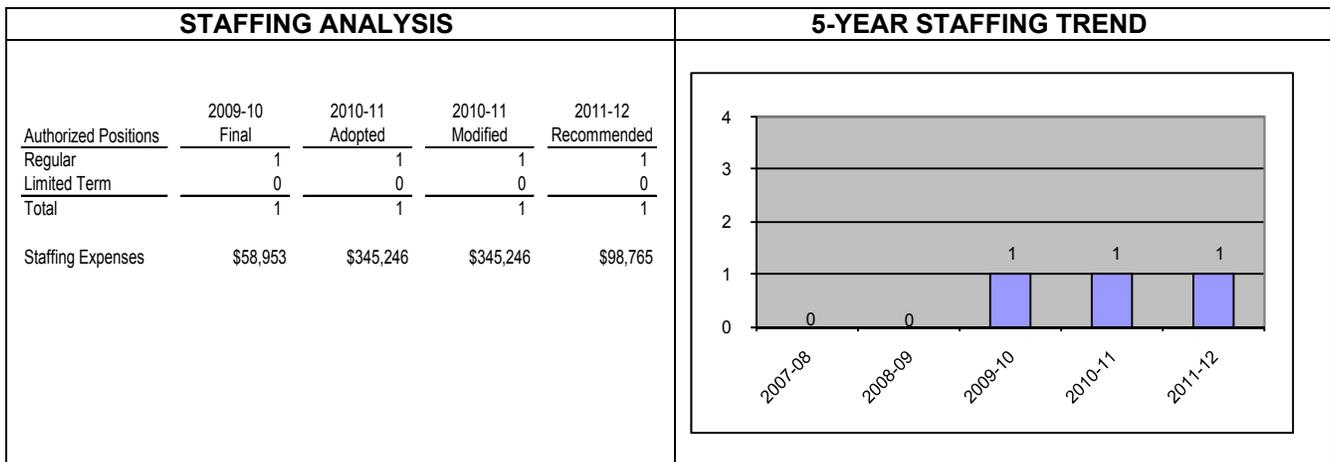

On August 18, 2009 (Item No. 35), the Board of Directors authorized County Fire to accept a total grant award of \$3,150,000 from the United States Forest Service through the American Recovery and Reinvestment Act of 2009 (ARRA) to continue the fuels reduction and fuels management program. The grant provides funding for fuels management modification/reduction projects creating defensible space, community zones, fuel breaks, and removal/modification of overgrown fuels that threaten lives and property in and around the mountain communities' Wildland Urban Interface, evacuation routes, and critical infrastructure while protecting and managing the forest to achieve a sustainable, healthy ecosystem appropriate for the area and land use. The grant performance period is from July 22, 2009 to July 31, 2012.

Hazardous Materials

DESCRIPTION OF MAJOR SERVICES

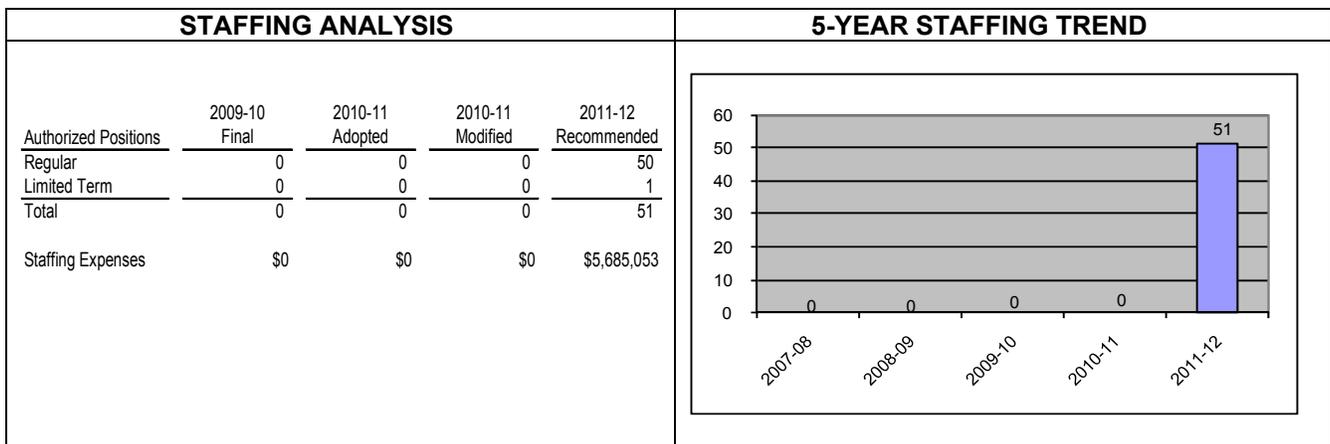

County Fire is an all-risk department that provides for the oversight and regulation of all commercial hazardous materials and wastes. The program provides services in three major areas and these services are provided to all businesses in all cities within the county. The first area is the Consolidated Unified Program Agency or the CUPA that inspects about 4,000 businesses to ensure the proper management of hazardous materials and wastes in six areas of regulatory concern. The second program involves the cleanup of contamination from leaking underground storage tanks. Monitoring of about one thousand underground storage facilities has led to the investigation of leaks at hundreds of facilities. This program works with the owner of the facility to provide the best and fastest methods to remove the contamination and protect ground water. The third program provides emergency response to, and investigation of, all releases of hazardous materials. This 24/7 team responds to all types of releases from businesses, pipelines, tanker trucks and rail cars. They are capable of mitigating the release as well as ensuring that any contamination resulting from the spill or release is remediated below any level of health risk concern. If there is any sign of misconduct, the program coordinates the county Environmental Crimes Task Force that coordinates all investigatory activity with the District Attorney's office. All activities are funded by permit fees and grants with no support from the general fund.

Household Hazardous Waste

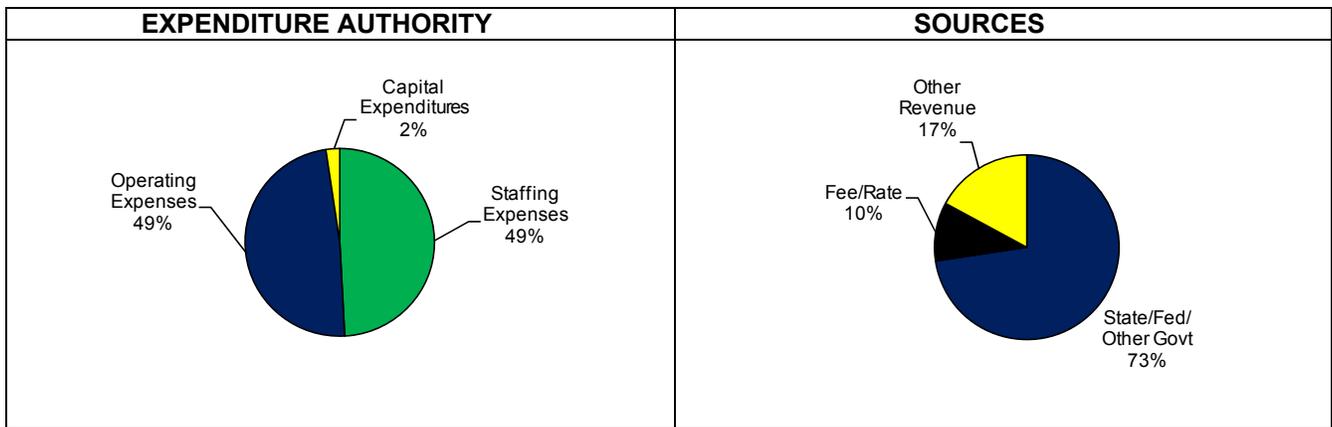

DESCRIPTION OF MAJOR SERVICES

County Fire is an all-risk department that provides a nationally recognized, award winning program for management of Household Hazardous Waste (HHW). These full service activities include the collection, packaging, transportation, re-use, recycling and ultimate environmentally safe disposal of HHW. The program re-uses or recycles hundreds of thousands of pounds of waste paint, used oil, batteries, pesticides and other household chemicals that can't go down the drain or be dumped in the landfill. The program also conducts public education programs and activities to try to eliminate the impact of these hazardous wastes on public health and the environment. The program contracts with every city and town in the county, except one, to make these services available to almost every single resident within the county.

Office of Emergency Services

DESCRIPTION OF MAJOR SERVICES

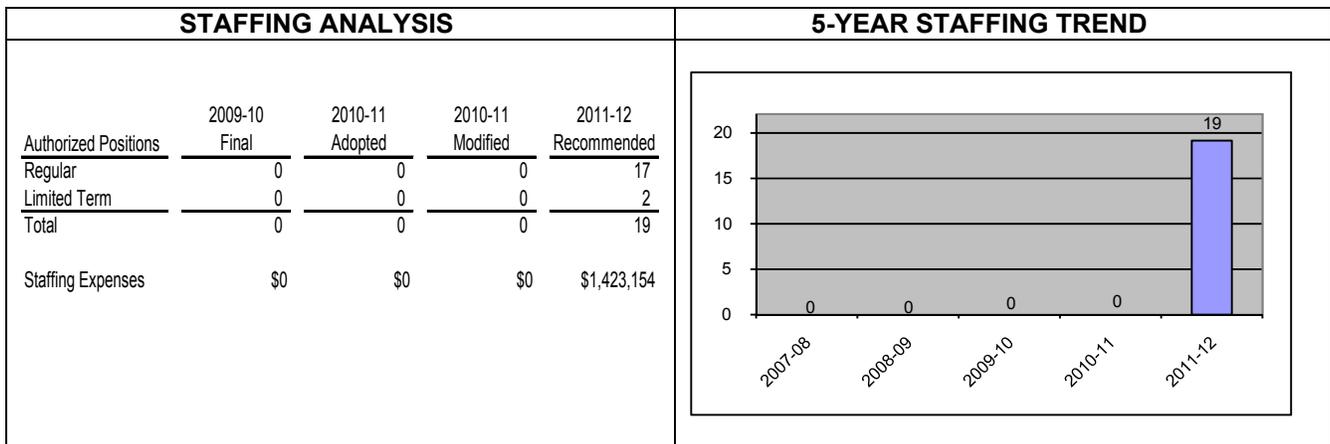

County Fire is an all-risk department providing emergency management and disaster planning and coordination throughout the county through its Office of Emergency Services (OES). It functions as the Lead Agency for the San Bernardino County Operational Area (OA). While County OES does not directly manage field operations, it ensures coordination of disaster response and recovery efforts through day-to-day program management and during a disaster or emergency. As part of disaster preparation, response, and mitigation, OES specifically provides support and assistance to all 24 cities and towns, as well as, all the unincorporated portions of the county. It is the single point of contact for the California Emergency Management Agency (CalEMA) for all county activities. OES manages numerous grants totaling millions of dollars such as the Homeland Security Grant, the Emergency Management Performance Grant, the Disaster Corps Grant for Volunteering and Preparedness and Urban Area Security Initiative Grant among many others. OES is also responsible for developing and implementing numerous county-wide plans such as the Hazard Mitigation Plan, the Mass Care and Shelter Plan just to name a few. OES also coordinates various task forces and boards such as the county's Flood Area Safety Taskforce (FAST). The county's use of the Telephonic Emergency Notification System (TENS) is also coordinated by OES. OES takes a full service approach to all of its endeavors and to all citizens of the county.

Mountain Regional Service Zone

DESCRIPTION OF MAJOR SERVICES

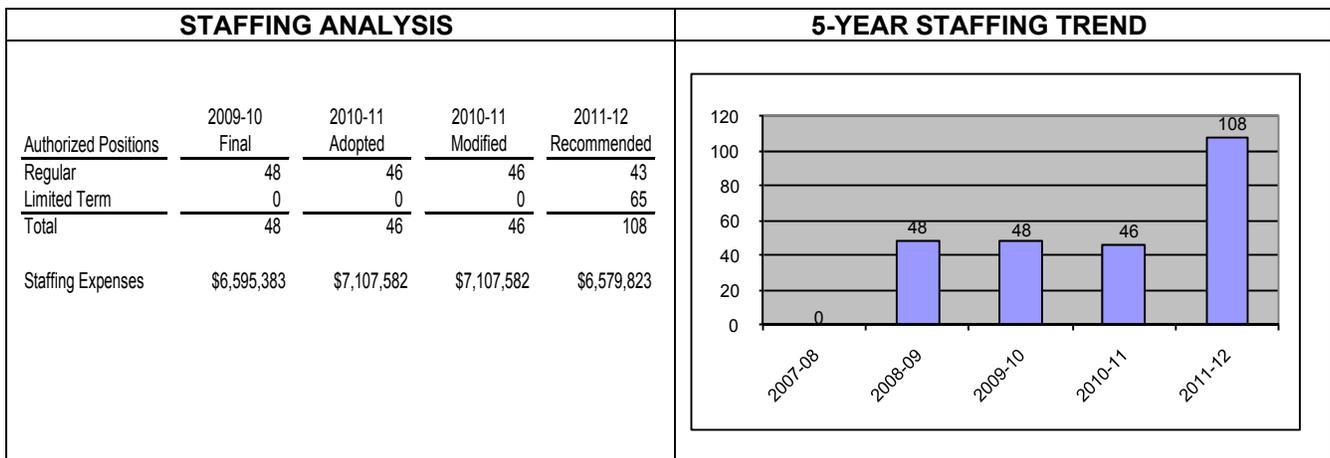

The Mountain Regional Service Zone was formed through a reorganization process effective July 1, 2008 per Local Agency Formation Commission (LAFCO) Resolution 2986/2989. This Regional Service Zone provides fire protection services to the areas of Angelus Oaks (Station #98), Fawnskin (Station #96), Forest Falls (Station #99), Green Valley Lake (Station #95), and Lake Arrowhead (Stations #91, #92, #93 and #94). The budget also funds Limited Term Firefighters, a Paid Call Firefighter program and administrative staff. This service zone provides ambulance services to the Lake Arrowhead community out of Stations #91, #92 and #94 and paramedic services out of Service Zone PM-1 Lake Arrowhead Paramedic. Beginning in 2011-12, based on GASB 54 requirements, this region will record all the revenues and appropriation for both the Ambulance and Paramedic Services (Lake Arrowhead Ambulance and Service Zone PM-1) located within this region.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$6,579,823 fund 108 budgeted positions of which 43 are regular positions and 65 extra-help. The decrease of \$527,759 is due to MOU decreases in benefits from Suppression and Non Represented/Supervisory staff. Budgeted positions are increasing by 62 positions due to a change in the accounting for extra-help positions and there has been no net increase in the number of actual positions. Historically, budgeted extra-help positions have not been included in the budgeted staffing count.

Operating expenses of \$2,934,438 includes services and supplies, central services, travel and related costs, and reimbursements to other budget units. The net increase of \$112,418 is primarily due to the inclusion of ambulance and paramedic service budget units in this budget unit beginning 2011-12. This increase is offset by reduced clothing expense due to MOU changes for Suppression and a reduction in both inventoriable equipment expense and building maintenance expense.

Capital expenditures of \$85,000 include the purchase of an apparatus bay exhaust system and a water tender. The decrease of \$340,000 is primarily due to a reduction in vehicle purchases for 2011-12.

Contingencies are decreasing by \$198,297 to fund current year operations.

Reimbursements are decreasing by \$264,547 primarily due to these transfers in now being reflected in departmental revenue as a result of the inclusion of ambulance and paramedic service budget units in this budget unit.

Operating transfers out is decreasing by \$60,500 due to a decrease in capital improvement projects transfers out.

Total revenue of \$9,096,914 includes property taxes, charges for current services, and other revenue. The increase of \$869,126 is primarily due to charges for current services as a result of the inclusion of ambulance and paramedic services budget units in this budget unit beginning 2011-12.

Operating transfers in of \$527,979 includes transfers for general fund support from San Bernardino County Fire Protection District Administration and reserves to provide funding for capital expenditures and minor CIPs. The decrease of \$490,021 is primarily due to the inclusion of ambulance and paramedic service budget units in this budget unit and their special assessments and ambulance rates are now reflected in fee/rate revenue.

Lake Arrowhead Ambulance

DESCRIPTION OF MAJOR SERVICES

Lake Arrowhead Fire Protection District has been operating ambulance transportation services since 1970. On July 27, 1987, the Board of Supervisors approved the establishment of separate ambulance enterprise funds for fire districts providing ambulance transport services. Effective July 1, 2008, as part of the County Fire Department's reorganization process, Lake Arrowhead Ambulance operations were established in connection with the Mountain Regional Service Zone and continued to be recorded in the same ambulance fund, but operationally within the Regional Service Zone.

BUDGET CHANGES AND OPERATIONAL IMPACT

Beginning 2011-12, based on GASB 54 requirements, the Lake Arrowhead Ambulance operating budget has been moved to the Mountain Regional Service Zone (FMZ), so that all accounting resides within the region the ambulance operations are serving. Therefore, this budget unit is no longer necessary and is expected to be closed out during 2011-12.

Service Zone PM-1 Lake Arrowhead

DESCRIPTION OF MAJOR SERVICES

Service Zone PM-1 Lake Arrowhead was approved by the Board of Supervisors in June 1981 (originally CSA 70 PM-1). A special tax for paramedic services, not to exceed \$10 per parcel, was approved in November 1981. In 1991, the voters increased the special tax not to exceed \$17 per parcel. This Service Zone provides additional funding to support the paramedic staffing and services at the Lake Arrowhead stations in the Mountain Regional Service Zone. Parcel count for 2011-12 is 15,709.

BUDGET CHANGES AND OPERATIONAL IMPACT

Beginning 2011-12, based on GASB 54 requirements that all accounting reside within the region it operates in, the Service Zone PM-1's operating budget has been moved to the Mountain Regional Service Zone (FMZ). Therefore, this budget unit is no longer necessary and is expected to be closed out during 2011-12.

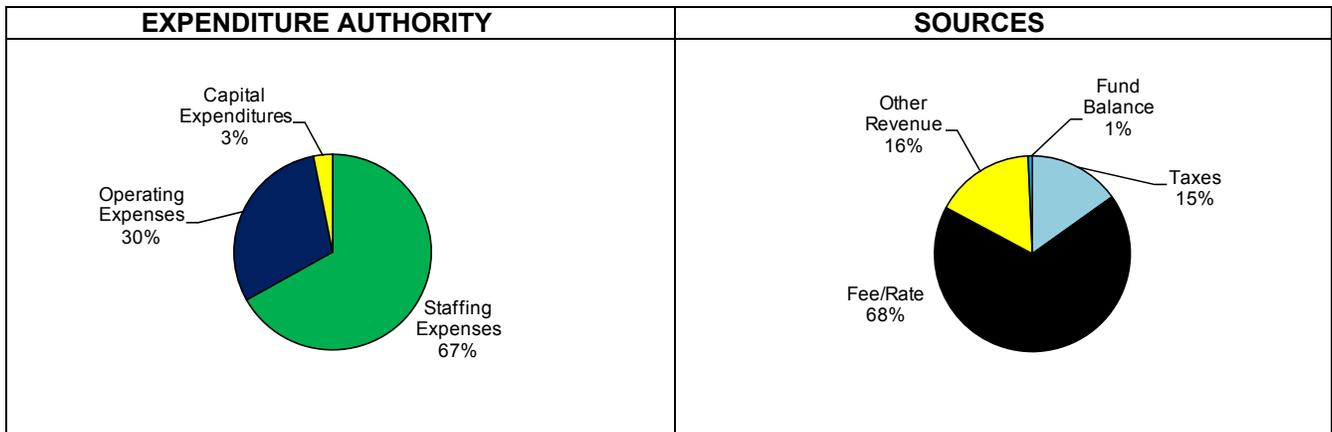

North Desert Regional Service Zone

DESCRIPTION OF MAJOR SERVICES

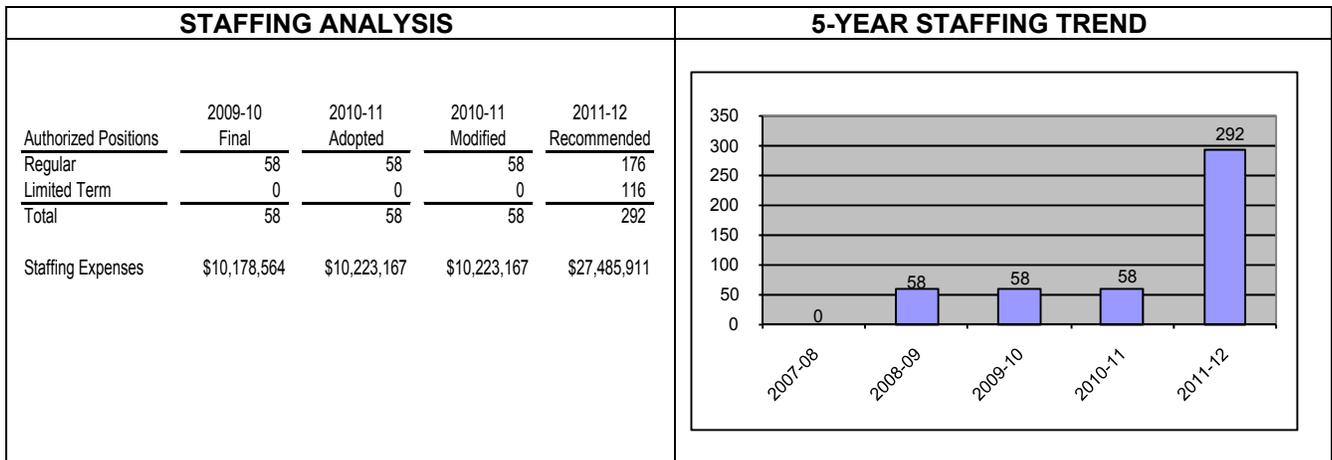

The North Desert Regional Service Zone was formed through a reorganization process effective July 1, 2008 per LAFCO resolution 2986/2989. This Regional Service Zone provides fire protection services to the areas of Spring Valley Lake (Station #22), Oak Hills (Station #40), Summit Valley (Station #48), Lucerne Valley (Station #8), Lucerne Valley – East (Station #7), Silver Lakes (Station #4), Phelan (Station #10), Wrightwood (Station #14), Pinon Hills (Station #13), El Mirage (Station #11), Baldy Mesa (Station #16), Mt. View Acres (Station #37), Harvard (Station #46), Baker (Station #53), Hinkley (Station #56) and Searles Valley (Station #57). The budget funds Limited Term Firefighters, a Paid Call Firefighter program and Administrative Staff. BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$27,485,911 fund 292 budgeted positions of which 176 are regular positions and 116 are extra-help positions. The net increase of \$17,262,744 and 234 positions is due to the city contracts for Victorville, Hesperia, and Adelanto being added to this budget unit from San Bernardino County Fire Protection District Administration and a change in the accounting for extra-help positions. Historically, budgeted extra-help positions have not been included in the budgeted staffing count. There has been no net increase in the number of actual positions for the district. This increase is offset by MOU decreases in benefits from Suppression and Non Represented/Supervisory staff.

Operating expenses of \$12,294,197 includes services and supplies, central services, travel and related costs, and reimbursements to other budget units. The net increase of \$7,376,683 is primarily due to the inclusion of the city fire service contracts and the ambulance and paramedic service budget units in this budget unit beginning 2011-12. This increase is offset by reductions in clothing expense due to MOU changes for Suppression, non-inventoriable equipment, special department expense, and automotive repairs and maintenance.

Capital expenditures of \$1,299,000 include an equipment purchase of cardiac monitors, a fire engine, three brush patrol engines, a water tender, and an ambulance engine. The increase of \$961,000 is primarily due to an increase in vehicle purchases as detailed above.

Contingencies are decreasing by \$381,094 to fund current year operations.

Reimbursements of \$139,737 are decreasing by \$823,531, primarily due to these reimbursements are now being reflected in fee/rate revenue as a result of the inclusion of city fire service contracts and the ambulance and paramedic service budget units in this budget unit.

Total revenue of \$34,307,451 includes special assessment fees, ambulance service fees, city contract revenues, other revenue, and residual equity transfers in. The increase of \$26,592,419 is a result of the inclusion of city fire service contracts and the ambulance and paramedic service budget units in this budget unit.

Operating transfers in of \$6,345,092 reflects the for general fund support from San Bernardino County Fire Protection District Administration and the use of reserves to provide funding for capital expenditures. The net increase of \$358,212 is primarily due to the increase in general fund support and from reserves to fund various capital expenditures. These increases are offset by decreases as a result of the inclusion of ambulance and paramedic service budget units in this budget unit and their transfers in are now reflected in fee/rate revenue.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$6,712,181 fund 113 budgeted positions of which 39 are regular positions and 74 are extra-help. The increase of \$301,633 and 77 positions is due to the city contract for Needles being added to this budget unit from San Bernardino County Fire Protection District Administration and a change in the accounting for extra-help positions. Historically, budgeted extra-help positions have not been included in the budgeted staffing count. There has been no net increase in the number of actual positions for the district. This increase is offset by MOU decreases in benefits from Suppression and Non Represented/Supervisory staff.

Operating expenses of \$3,533,112 includes services and supplies, central services, travel and related costs, other charges for financed equipment, and reimbursements to other budget units. The increase of \$255,593 is primarily due to the inclusion of the city fire service contract and the ambulance and paramedic service budget units in this budget unit beginning 2011-12 based on GASB 54 to account for appropriations and revenues in the region in which they operate. This increase is offset by reductions in non-inventoriable equipment, building maintenance, and reduced clothing expense due to MOU changes for Suppression.

Capital expenditures of \$408,253 include a gate opener in structures and improvement to structures, the anticipated replacement costs of an ambulance and brush patrol in vehicles, and the continuing five year payment schedule for a fire engine in lease purchase – vehicles. The increase of \$201,900 is primarily due to increased vehicle purchases for 2011-12.

Contingencies are decreasing by \$600,864 to fund current year operations.

Reimbursements of \$34,913 include salaries and benefits transfers in for a shared District Coordinator position. The decrease of \$263,974 is primarily due to these reimbursements are now being reflected in fee/rate revenue as a result of the inclusion of the city fire service contract and the ambulance and paramedic service budget units in this budget unit.

Total revenue of \$7,449,259 includes property taxes, special assessment fees, ambulance service fees, city contract revenue, other revenue, and residual equity transfers in. The increase of \$1,692,254 is primarily due to the inclusion of the city fire service contract and the ambulance and paramedic service budget units in this budget unit and is offset by decreased property tax revenue based on current trends.

Operating transfers in of \$3,244,079 reflects the general fund support from San Bernardino County Fire Protection District Administration and the use of reserves to provide funding for capital expenditures. The net increase of \$429,601 is primarily due to the increase in general fund support and from reserves to fund various capital expenditures. These increases are offset by decreases as a result of the inclusion of ambulance and paramedic service budget units in this budget unit and their transfers in are now reflected in fee/rate revenue.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$20,988,332 funds 200 budgeted positions of which 142 are regular positions and 58 are extra-help. The increase of \$13,321,549 and 153 positions is due to the city contract for Fontana being added to this budget unit from San Bernardino County Fire Protection District Administration and a change in the accounting for extra-help positions. Historically, budgeted extra-help positions have not been included in the budgeted staffing count. There has been no net increase in the number of actual positions for the district. This increase is offset by MOU decreases in benefits from Suppression and Non Represented/Supervisory staff.

Operating expenses of \$8,455,158 includes services and supplies, central services, travel, other charges, and reimbursements to other budget units. The increase of \$5,410,408 is primarily due to the inclusion of the city fire service contract and the ambulance and paramedic service budget units in this budget unit beginning 2011-12. This increase is offset by a reduction of clothing expense due to MOU changes for Suppression.

Capital expenditures of \$319,306 include a bathroom remodel project, a roof replacement project, a parking lot rehab in improvements to structures, and also the final payment of a fire engine in lease/purchase vehicles. The increase of \$23,306 is primarily due to an increase in improvements to structures.

Contingencies are decreasing by \$987,808 to fund current year operations.

Reimbursements are decreasing by \$341,734 primarily due to these reimbursements are now being reflected in fee/rate revenue as a result of the inclusion of the city fire service contract and the ambulance and paramedic service budget units in this budget unit.

Total revenue of \$27,153,830 includes property taxes, special assessment fees, ambulance service fees, city contract revenue, other revenue, and residual equity transfers in. The increase of \$18,891,133 is primarily due to the inclusion of the city fire service contract and the ambulance and paramedic service budget units in this budget unit and is offset by decreased property tax revenue based on current trends.

Operating transfers in of \$2,620,780 includes transfers in for general fund support of \$2,276,006 from San Bernardino County Fire Protection District Administration and transfers in from reserves to provide funding for capital expenditures. The net increase of \$887,105 is primarily due to the increase in transfers for general fund support and from reserves to fund various capital expenditures. These increases are offset by decreases as a result of the inclusion of ambulance and paramedic service budget units in this budget unit and their operating transfers in are now reflected in fee/rate revenue.

Service Zone PM-2 Lake Highland Paramedic

DESCRIPTION OF MAJOR SERVICES

Service Zone PM-2 Highland was originally approved by the Board of Supervisors on June 8, 1985 (originally CSA 38 L). In November 1985 voters approved a special tax for paramedic services not to exceed \$19 per residential unit and \$38 per commercial unit. Service Zone PM-2 provides paramedic service to the unincorporated portion of San Bernardino. In 1999 the City of Highland detached from CSA 38L. County Fire contracts with the City of San Bernardino Fire Department to provide staffing for paramedic services to unincorporated area remaining within the PM-2 Zone boundaries. Parcel count for 2011-12 is 4,573.

BUDGET CHANGES AND OPERATIONAL IMPACT

Beginning 2011-12, based on GASB 54 requirements that all accounting reside within the region it operates in, the Service Zone PM-2's operating budget has been moved to the Valley Regional Service Zone (FVZ). Therefore, this budget unit is no longer necessary and is expected to be closed out during 2011-12.

Service Zone PM-3 Yucaipa Paramedic

DESCRIPTION OF MAJOR SERVICES

Service Zone PM-3 Yucaipa was approved by the Board of Supervisors on February 24, 1986 (originally CSA 38 M). In June 1987 voters approved a special tax for paramedic services not to exceed \$24 per residential unit and \$35 per commercial unit. Service Zone PM-3 provides paramedic service to the unincorporated portion of Yucaipa. In 1999 the City of Yucaipa detached from CSA 38 Zone M. County Fire contracts with the City of Yucaipa to provide staffing for paramedic services to the remaining unincorporated area within the PM-3 Zone boundaries. Parcel count for 2011-12 is 233.

BUDGET CHANGES AND OPERATIONAL IMPACT

Beginning 2011-12, based on GASB 54 requirements that all accounting reside within the region it operates in, the Service Zone PM-3's operating budget has been moved to the Valley Regional Service Zone (FVZ). Therefore, this budget unit is no longer necessary and is expected to be closed out during 2011-12.

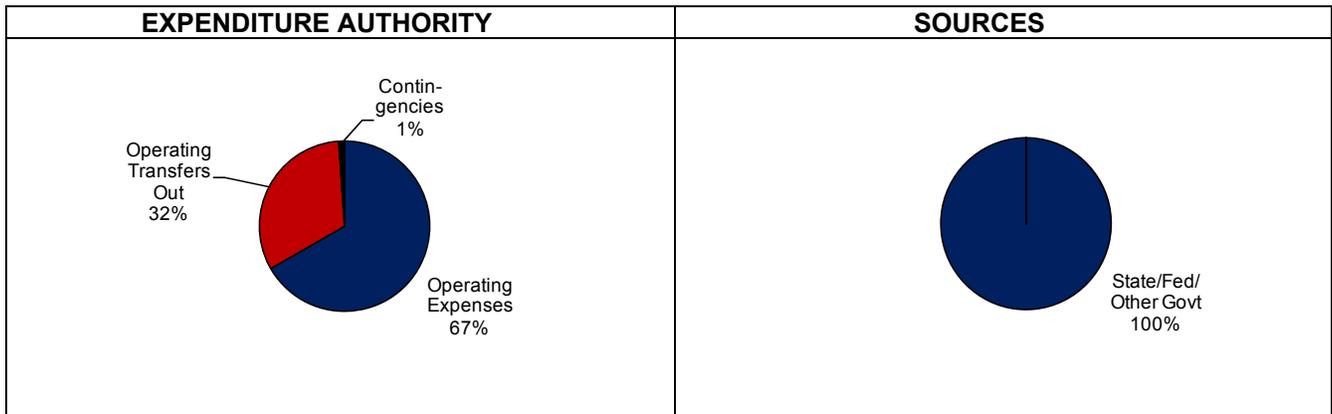

Homeland Security Grant Program

DESCRIPTION OF MAJOR SERVICES

Since 1999, grant funds have been received from the California Emergency Management Agency (Cal EMA) for terrorism risk capability assessments and eligible equipment for Emergency First Responders. The Homeland Security Grant Program is one tool among a comprehensive set of federal measures administered by Cal EMA to help strengthen the state against risks associated with potential terrorist attacks. Cal EMA has approved and awarded this grant, and the acceptance of this grant will continue San Bernardino County's effort to continue implementing the objectives and strategies of the Homeland Security Grant Program and respond to other catastrophic events.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$3,809,492 includes services and supplies, central services, travel, and reimbursements to other budget units. The net decrease of \$3,199,197 is primarily due to the reduced FY10 Homeland Security Grant Program funding from Cal EMA in 2011-12.

Contingencies of \$62,268 are decreasing by \$140,890 based on amount of grant funding unallocated in 2011-12.

Operating transfers out of \$1,839,836 is decreasing by \$1,283,229 due to reduced transfers out to the Sheriff/Coroner/Public Administrator and Public Health as a result of decreased grant expenditures in 2011-12 which is funded by the FY10 Homeland Security Grant Program from Cal EMA.

Departmental revenue of \$5,711,596 is decreasing by \$4,623,317 due to the funding of FY10 Homeland Security Grant Program from Cal EMA being reduced in 2011-12.

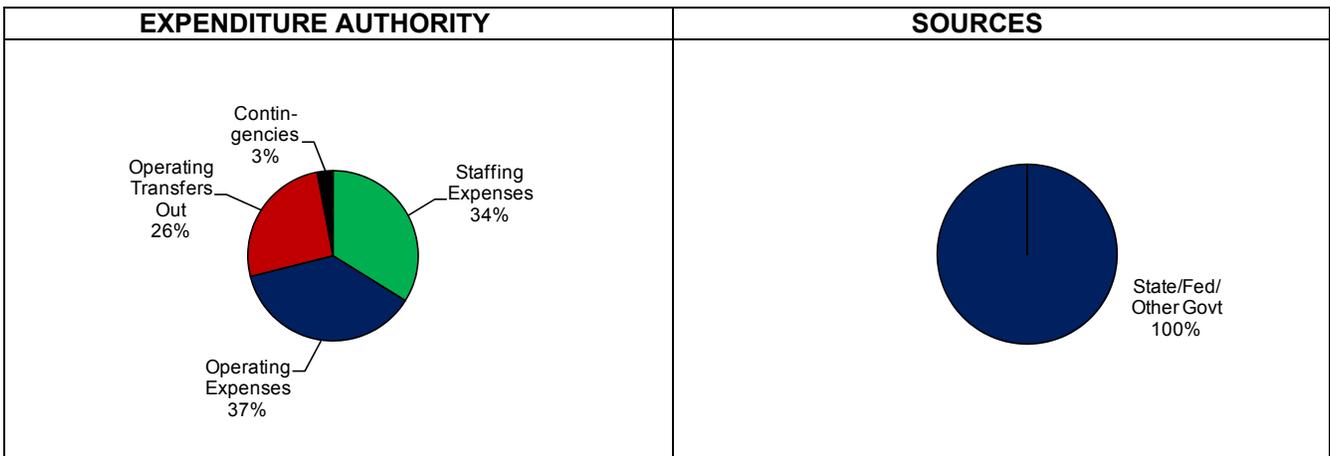

2008 Federal Pre-Mitigation Tree Removal Grant

DESCRIPTION OF MAJOR SERVICES

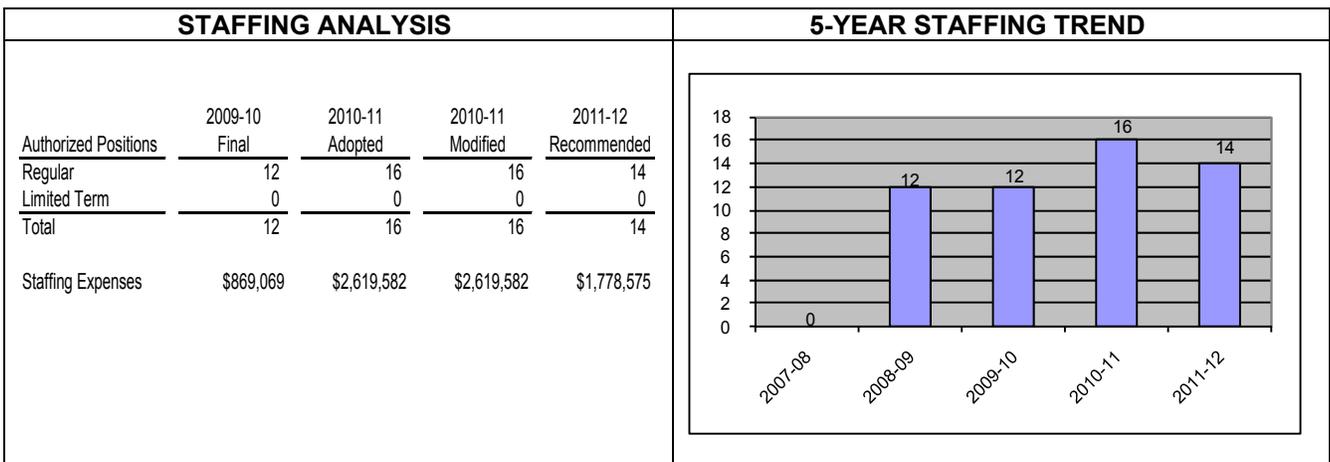

On July 8, 2008 the Board of Directors authorized County Fire to accept a total grant award of \$3,500,000 from the United States Forest Service to continue funding for the Tree Removal/Fuels Reduction Program under the Cooperative Forestry Assistance Act of 1978. On May 12, 2009, the Board approved the acceptance of an additional \$10,000,000 from Public Law (PL) 110-329 Consolidated Security, Disaster Assistance, and Continuing Appropriation Act of 2009 to extend the programs end date from July 14, 2011 to July 14, 2013. The grant provides funding for fuels management modification/reduction projects creating defensible space, community zones, fuel breaks, and removal/modification of overgrown fuels that threaten lives and property in and around the mountain communities' Wildland Urban Interface, evacuation routes, and critical infrastructure while protecting and managing the forest to achieve a sustainable, healthy ecosystem appropriate for the area and land use. The grant performance period is from July 15, 2008 to July 14, 2013.

SPECIAL DISTRICTS

2011-12 GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: INCREASE CUSTOMER SERVICE LEVELS TO DISTRICT CUSTOMERS

Objective: Redesign the Internet website, increasing functionality, public awareness and to support district operations.

Measurement	2008-09 Actual	2009-10 Actual	2010-11 Target	2010-11 Estimate	2011-12 Target
Percentage of completion of redesigning the Internet website.	N/A	20%	100%	60%	100%

Redesigning the Internet website will allow the department to establish a visible local presence within each community served. The website will make business information available, answer frequently asked questions and allow for customer feedback. It will also increase public awareness of the department, district programs and services, and outlying district websites through direct website links. The department will also incorporate convenient web based payment options for district customers.

GOAL 2: CREATE A SAFER WORK ENVIRONMENT FOR EMPLOYEES

Objective: Increase employee safety training opportunities and awareness.

Measurement	2008-09 Actual	2009-10 Actual	2010-11 Target	2010-11 Estimate	2011-12 Target
Percent of employees that attend tailgate safety meetings.	N/A	N/A	N/A	N/A	85%
Percent decrease of worker's compensation claims prior year.	N/A	N/A	N/A	N/A	10%
Percent decrease of vehicle accidents over prior year.	N/A	N/A	N/A	N/A	10%

Training and education improve safety in the workplace, support employees' professional development, and increase customer service levels. Frequent meetings and training sessions keep employees updated on the latest changes in regulations, safety procedures, job skills, assignments, and responsibilities. Safety meetings and training opportunities encourage employees to think about their work environment, apply best practices and decrease accidents. Through continuous education efforts, the department expects to see an increase in employee safety awareness, a decrease in accidents and associated costs, as well as a higher level of productivity as employees remain on the job injury free.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$104,773 includes 1 regular budgeted position and 1 public service employee (PSE) position. The decrease of \$14,846 is primarily due to reduction in PSE hours.

Operating expenses of \$272,187 includes costs for utilities, maintenance, other professional and specialized services for technicians, vehicle charges, insurance, administrative support, and COWCAP charges. The increase of \$12,489 is primarily due to higher utility charges and insurance costs.

Capital expenditures of \$65,000 is for the purchase of translators/modulators and a digital monitoring system. The decrease of \$35,000 is due to a reduction in improvements to structures for a roof replacement project budgeted in 2010-11.

Contingencies of \$530,812 are decreasing by \$29,032 to fund capital improvement projects.

Operating transfers out of \$50,000 is to fund Pinto Mountain roadway capital improvement project.

Departmental revenue of \$329,801 includes property taxes and interest earnings and are decreasing by \$2,085 based on current trends.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$1,503,104 consists of \$160,000 for the Apple Valley Airshow 2011, \$130,000 for utilities, \$71,037 for COWCAP, \$827,652 in reimbursements for staffing expenses for the personnel assigned to CSA 60 and the administrative overhead. The remaining balance supports vehicle maintenance, office supplies, and general maintenance to support the administration and maintenance of the airport. The slight increase of \$4,348 is due to inflationary costs.

Contingencies of \$1,316,621 are set aside for unanticipated expenses.

Depreciation of \$560,000 is based on a depreciation schedule.

Operating transfers out of \$319,718 are used to fund the CSA 60 Apple Valley Capital Airport Improvement Fund costs of several projects including Storm Water Detention Drainage Improvements, pavement repairs and land acquisition. Initiation of specific projects will be updated with the completion of the Airport Master Plan, which is scheduled for completion by December 2011. Due to the increase in the operating costs and the reduction of tax revenue in this budget unit, this resulted in a decrease in this appropriation unit.

Taxes of \$1,512,435 are estimated lower by 6% due to lower property tax values.

Fee/rate revenue of \$13,600 is from fuel flowage and commissions. The department estimates a slight reduction due to current economic situation.

Other revenue consists of \$527,272 from leasing activities and \$50,000 from use permit fees, landing fees, fuel flowage and commissions. The \$276,166 reduction is based on pending state enforced reallocation of redevelopment monies.

Capital expenditures consist of \$270,000 in vehicle and service equipment purchases, as detailed on the Equipment Budget Listing for County Service Area 60 – Apple Valley Airport.

SPECIAL DISTRICTS

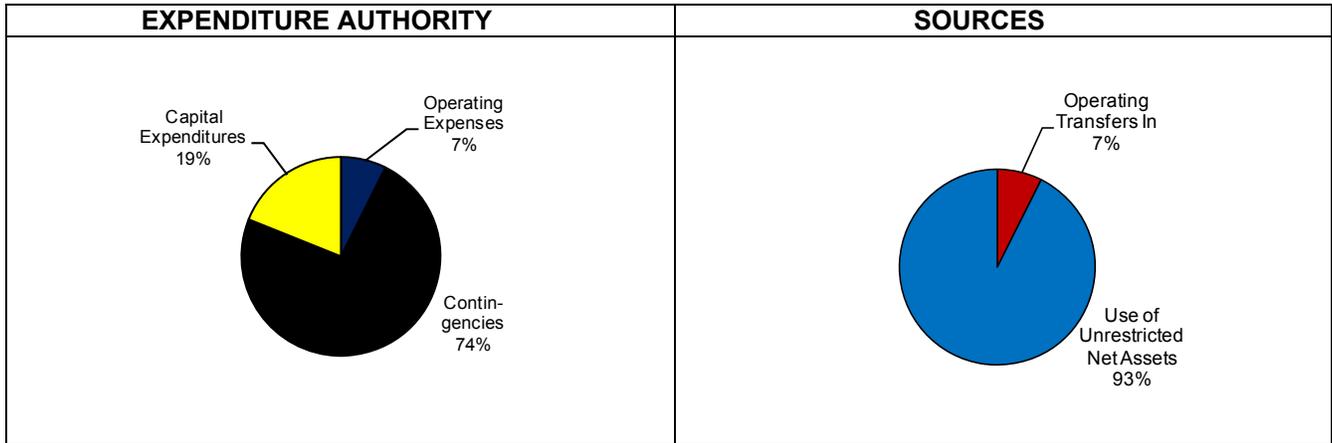

CSA 60 – Apple Valley Airport – Capital Improvement Fund

DESCRIPTION OF MAJOR SERVICES

Community Service Area 60 (CSA 60), through the Department of Airports, manages the Capital Improvement Program (CIP) for Apple Valley Airport. Projects include utility, storm water, fire suppression plans, Airport Master Plan and construction/rehabilitation of numerous runways, taxiways, and airport facilities. Projects are funded with proceeds from CSA 60 – Apple Valley Airport budget and when available, Federal Aviation Administration (FAA) grants.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$500,000 are primarily for professional services for the Utility Master Plan, Airport Drainage Plan, Fire Suppression Plan, and Environmental Compliance program.

Contingencies of \$4,985,584 are set aside to fund future projects. The decrease of \$843,142 is primarily due to less operating transfers in from the County Service Area 60 operating budget.

Total revenue has decreased by \$55,000 based on no federal grants expected in 2011-12.

Operating transfers in of \$500,000 are funds from the CSA 60 – Apple Valley Airport operating budget unit to fund capital projects. It is anticipated that upon completion of the Master Plan, projects will commence.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$9,461,886 fund 86 regular budgeted positions and 18 extra help regular positions and are decreasing by \$2,051,578 and 18 regular positions primarily due to a reduction in staffing for positions previously dedicated to Crestline Sanitation District not being funded in 2011-12 as a result of the district becoming self-governed.

Operating expenses of \$3,590,509 includes computer hardware and software costs, small tools and instruments, non-inventoriable equipment, insurance premiums, COWCAP charges, other professional and specialized services for engineering services, rents and leases, vehicle service charges, maintenance charges, central computer charges, costs for Facilities Management basic custodial, grounds, and maintenance services, travel and training costs, and transfers for shared human resources staff and County Administrative Office administrative support. The decrease of \$1,578,550 is primarily due to reductions in special department expense, use of other professional and specialized services for contract services work budgeted under capital expenditures in 2011-12, maintenance of equipment, and general maintenance of structures costs associated with contract service work.

Capital expenditures of \$1,146,000 includes the replacement of four vehicles at the end of their useful life, one camera van and trailer at the end of its useful life, radio read system equipment for the remote meter reading system, radio meter read software, and improvements to land and structures to support contract business activities, including the water system improvements at Calico Regional Park and continued work on the Gilbert Street water tank. The increase of \$94,200 is primarily due to reclassifying of contract service work support from outside contractors to capital expenditures from operating expenses.

Contingencies of \$977,794 are increasing by \$21,629 to support future year operations.

Reimbursements of \$9,048,074 include salaries and benefits, services and supplies, and fixed assets transfers incurred by CSA 70 Countywide and charged back to the appropriate district. The decrease of \$2,192,887 is primarily due to the loss of reimbursements from Crestline Sanitation District which is now a self-governed district.

Operating transfers out of \$974,302 provides for advances to districts to expedite reimbursement-based grant-funded projects and funds the purchase of an office building. The increase of \$574,302 is primarily due to higher capital improvement project funding requirements in 2011-12.

Total revenue of \$3,098,548 includes interest earnings, current services revenue primarily from contract business activities, construction and engineering services, and administrative services. The decrease of \$1,287,678 is primarily due to reduced interest earnings, reduction in grant funds from AQMD and lower anticipated contract business activity revenue.

Operating transfers in of \$1,122,302 represents CIP funding support from reserves and interest revenue transfers from reserve funds. The increase of \$509,302 is primarily due to funding from reserves for the purchase of an office building.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1,164 is for additional workers compensation payment to Special District's JPA insurance fund for the prior year.

Operating expenses of \$519,611 is primarily for maintenance costs, insurance, professional engineering services, cost for a shared position with CSA 70 Countywide, and administrative support costs. The decrease of \$48,196 is primarily due to reduction in use of a shared position and lower insurance costs.

Capital expenditures is decreasing by \$165,000 due to the purchase of a loader in 2010-11 and no capital purchases programmed for 2011-12.

Contingencies of \$1,288,470 are increasing by \$526,423 to support future year operations.

Operating transfers out are decreasing by \$500,000 due to no funding for capital improvement projects programmed in 2011-12.

Departmental revenues of \$501,396 include property taxes and interest earnings and are decreasing by \$10,243 based on current trends.

CSA 120 North Etiwanda Preserve

DESCRIPTION OF MAJOR SERVICES

County Service Area 120 was formed on July 1, 2009 as a result of Local Agency Formation Commission Resolution Number 3051. The resolution included the dissolution of CSA 70 OS-1 and OS-3. The District provides for the management, protection and operation of 762 acres of a preserved Riversidian Coastal Sage Habitat located north of Rancho Cucamonga and east of Day Creek Boulevard. The district is funded by interest income generated annually from a \$700,000 endowment from SANBAG; from additional endowments received when acreage is accepted into the district for open space management; and from grant funding when available. This district has an advisory commission and utilizes the Second Supervisorial District's Rancho Office for meetings.

CSA 20 Joshua Tree

DESCRIPTION OF MAJOR SERVICES

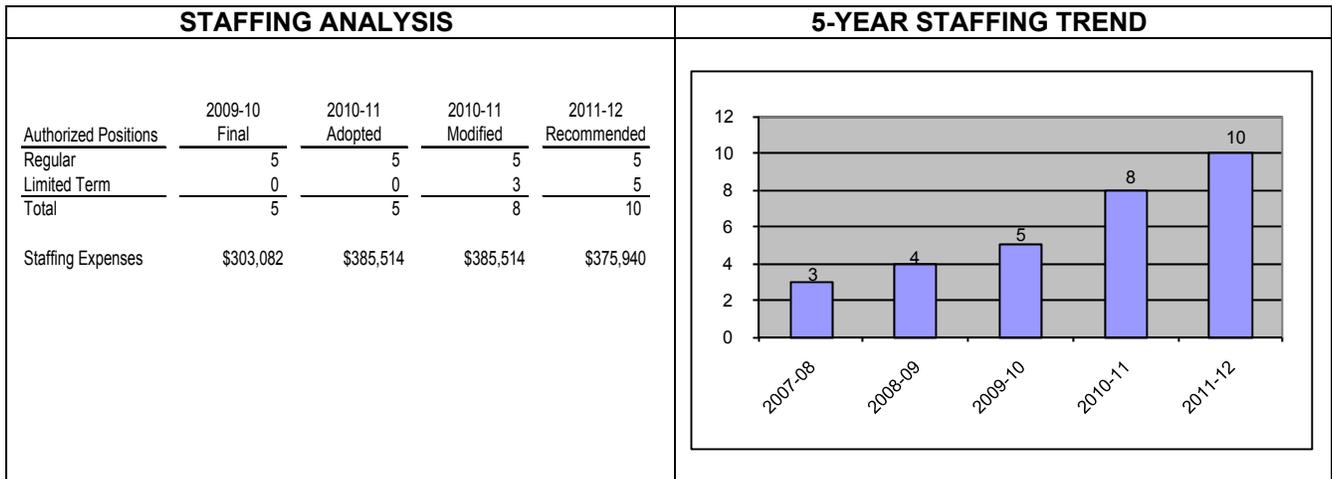

County Service Area (CSA) 20 was established by an act of the County of San Bernardino Board of Supervisors (Board) on June 1, 1964. Resolution 1993-22 consolidated the services of fire with streetlighting, park and recreation. This District provides funding for four parks, three ball fields, one recreation center building, a water playground, a skateboard park, and a 12,000 square foot community center. The District also provides maintenance for area streetlights. Fire powers were removed by adoption of a resolution by the Board of Supervisors on June 17, 2008, effective July 1, 2008, as a result of the County Fire Department reorganization. This District has a Board appointed Municipal Advisory Council and utilizes the Joshua Tree Community Center for meetings.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$224,858 fund 3 regular budgeted positions and 1 public service employee position (PSE). The decrease of \$41,192 is primarily due to the reduction in PSE hours.

Operating expenses of \$413,862 includes costs for utilities, maintenance, vehicle charges, insurance, administrative support, repayment of short-term loan from CSA 70 Countywide, and COWCAP charges. The increase of \$9,662 is primarily due to the increase in vehicle charges.

Capital expenditures of \$19,000 is for the purchase of playground equipment for Midway Park. The decrease of \$26,000 is due to a reduction in equipment purchases.

Contingencies of \$75,421 are decreasing by \$7,149 due to reduced departmental revenue and available fund balance.

Reimbursements of \$134,000 are from Community Development and Housing capital improvement funds and Community Development Block Grant programs for three different projects.

Operating transfers out of \$65,000 is to fund the capital improvement project at Midway Park. The decrease of \$111,000 is due to reduced transfers for programmed capital improvement projects.

Total revenue of \$551,711 primarily represents property taxes, park program fees, concessions and rent, interest earnings, and other miscellaneous revenue. The decrease of \$204,718 is primarily due to reduced residual transfers in for capital improvement projects and no Proposition 40 funding for 2011-12.

Operating transfers in of \$50,000 represents a short-term loan from CSA 70 Countywide.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$578 fund 1 public service employee position. The decrease of \$12,731 is due to a reduction in PSE hours as a result of maintenance functions now performed by a Maintenance Worker II position shared with CSA 70 P-6 El Mirage and CSA 56 Wrightwood.

Operating expenses of \$81,711 includes costs for utilities, maintenance, vehicle charges, insurance, administrative support, and COWCAP charges. The net increase of \$28,390 is primarily due to the repayment of short-term loan to CSA 70 Countywide and higher costs for utilities and insurance.

Capital expenditures are decreasing by \$20,000 due to no programmed capital improvement projects for this budget unit in 2011-12.

Contingencies are decreasing by \$14,243 due to reduced departmental revenue.

Reimbursements are decreasing by \$20,000 due to a reduction in reimbursable projects.

Operating transfers out is decreasing by \$160,153 due to the reduction in programmed capital improvement projects requiring transfers for 2011-12.

Total revenue of \$62,269 include property taxes, park program fees, concessions and rent, interest earnings, and other miscellaneous revenue. The decrease of \$175,498 is primarily due to no Proposition 40 grant funding expected in 2011-12 and reduced residual transfers for capital improvement projects.

Operating transfers in of \$20,000 represents a short-term loan from CSA 70 Countywide to meet operational cash flow needs.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$25,214 include costs for utilities, maintenance, vehicle charges, insurance, and administrative support. The increase of \$7,276 is primarily due to higher costs for maintenance and property insurance associated with a newly completed playground area and contributions to the JPA insurance pool as a result of financing shortfalls.

Capital expenditures are decreasing by \$17,000 due to no capital or equipment purchases programmed for 2011-12.

Contingencies of \$22,364 are increasing by \$10,551 to fund future year operations.

Operating transfers out of \$60,000 are to fund a capital improvement project for the Senior Center remodel. The decrease by \$40,000 is due to the completion of a playground capital improvement project.

Departmental revenue of \$81,820 includes property taxes, interest earnings, and residual equity transfer for reimbursement of a Community Development and Housing (CDH) grant funded capital improvement project. The decrease of \$33,518 is primarily due to a reduction in CDH funding and Prop 40 grant funding.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$928,656 fund 7 regular budgeted positions and 44 public service employee (PSE) positions. The decrease of \$169,320 is due to a reduction in hours for budgeted staff.

Operating expenses of \$1,579,409 include costs for utilities, maintenance, professional services for recreational classes, vehicle charges, equipment leases, insurance, administrative support, and COWCAP charges. The increase of \$103,558 is primarily due to repayment of short-term loan to CSA 70 Countywide.

Capital expenditures of \$5,000 is for purchase of a new water slide at Swim Beach. The decrease of \$41,000 is due to reduced equipment purchases for 2011-12.

Contingencies of \$63,306 are decreasing by \$51,220 to fund current year operations and due to reduced departmental revenue and available fund balance.

Reimbursements of \$41,003 are for costs of shared Park General Manager position with CSA 29 Lucerne Valley Park.

Operating transfers out of \$170,000 includes a \$100,000 transfer of shared property taxes to Moonridge Zoo and a transfer to fund Bear City Park capital improvement project. The decrease of \$2,720,000 is due primarily to a reduction in Proposition 84 grant funding for Paradise Park.

Total revenue of \$2,411,654 primarily represents property taxes, park program fees, grant funds, concessions and rent, interest earnings, and other miscellaneous revenue and are decreasing by \$2,856,339 due to no Proposition 84 grant funding expected in 2011-12.

Operating transfers in of \$230,000 represents short term loan from CSA 70 Countywide for cash flow purposes and a contribution for Big Bear City Park through the Third Supervisorial District.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$148,685 fund 2 regular budgeted positions and 5 public service employee (PSE) positions. The decrease of \$16,805 is due to reduced hours for PSE positions.

Operating expenses of \$236,426 include costs for utilities, maintenance, professional services for recreational classes, vehicle charges, insurance, administrative support, and COWCAP charges. The increase of \$44,642 is primarily due to higher costs for utilities, insurance, and COWCAP charges.

Capital expenditures of \$40,000 include the purchase of a riding lawnmower to support operations.

Contingencies of \$220,329 are decreasing by \$125,212 to fund current year operations including capital expenditures.

Reimbursements of \$33,254 are for salaries and benefits for a Maintenance Worker II position shared with CSA 120 North Etiwanda Preserve and with CSA 70 P-6 El Mirage Park. The decrease of \$822 is due to a reduction in staffing expenses allocated to the other districts.

Operating transfers out of \$1,370,952 includes transfer of \$1,293,452 of Proposition 84 funds to Kessler Park capital improvement project and transfer of \$77,500 in district funds to Ayala Park capital improvement projects. The decrease of \$384,055 is due primarily to less capital improvement projects funding in 2011-12.

Departmental revenue of \$1,641,739 includes property taxes, Proposition 84 grant funds, interest earnings, residual transfers in from capital improvement projects, and other miscellaneous revenue and are decreasing by \$397,488 primarily due to reduced residual transfers in for less capital improvement projects expected in 2011-12.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses of \$1,200 fund prior year workers compensation payment due to Risk Management JPA insurance fund.

Operating expenses of \$337,716 primarily represent costs for street maintenance, equipment repairs, insurance, and transfers for salaries and benefits and services and supplies support from CSA 70 Countywide including use of a District Coordinator. The increase of \$15,516 is due in part to additional road repairs required following 2010-11 storm damage.

Contingencies of \$15,711 are decreasing by \$120,452 due to additional road repairs and reduced departmental revenue and available fund balance.

Operating transfers out of \$60,000 is to capital improvement project fund CKO-190 for paving project.

Departmental revenue of \$281,391 represents property taxes, interest, and service charges and is decreasing by \$9,576 based on current trends.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$16,250 include road maintenance, auditing costs, and transfers for salaries and benefits and services and supplies support from CSA 70 Countywide. The net decrease of \$3,968 is primarily due to lower anticipated road maintenance expenditures and an increase of transfers for salaries of assigned staff.

Contingencies are decreasing by \$706 due to reduced departmental revenue and available fund balance.

Departmental revenue of \$9,188 represents annual service charges and interest, and is decreasing by \$1,620 primarily due to higher anticipated delinquencies based on current trends.

CSA 70 R-11 Running Springs

DESCRIPTION OF MAJOR SERVICES

County Service Area (CSA) 70, Zone R-11 was established by an act of the County of San Bernardino Board of Supervisors on July 9, 1984 to maintain .75 miles of paved road. This Road District received a per parcel service charge to fund road maintenance and snow removal services. A mailed ballot election was held to increase the service charge to cover expenses in August 2010, was unsuccessful, and the zone was dissolved in 2010-11.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$1,468 include road maintenance, auditing costs, and transfers for salaries and benefits and services and supplies support from CSA 70 Countywide and 2011-12 is the first full year of operations.

Contingencies of \$412 are to support future operations.

Operating transfers out of \$65,000 includes transfers for funding to capital improvement project fund CPY-566 for road improvements. The decrease of \$20,950 is due to a reduction in carry-over funds based on current year usage and a reduction in the overall project scope.

Departmental revenue of \$16,850 represents special taxes and is decreasing by \$69,100. In 2010-11, the first year of charges to residents, the charge was based on the amount to fund the capital improvement project. Subsequent years, beginning 2011-12, the charge includes only the amount necessary to fund road maintenance.

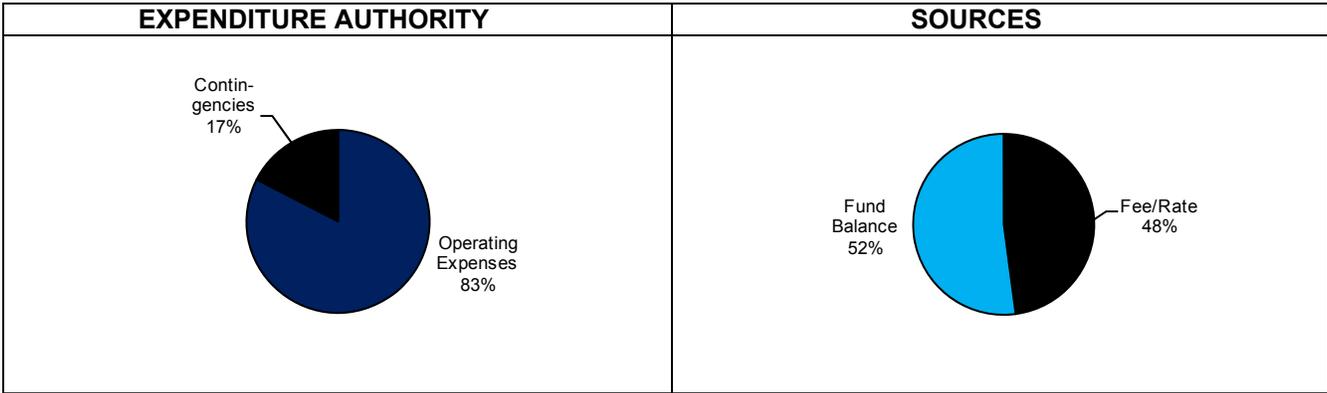

CSA 79 R-1 Green Valley Lake

DESCRIPTION OF MAJOR SERVICES

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$39,551 includes road maintenance, auditing costs, and transfers for salaries and benefits and services and supplies support from CSA 70 Countywide. The net increase of \$2,654 is due to an increase in debt service for the loan from the 2010-11 CSA revolving loan fund offset by a decrease in street maintenance as a result of substantial savings from new service contracts.

Contingencies of \$8,347 are increasing by \$4,509 for future operations.

Operating transfers out is decreasing by \$13,000 due to full reimbursement of funds to CSA 70 Countywide in 2010-11.

Departmental revenue of \$22,952 represents special taxes and interest and is decreasing by \$28,715 primarily due to a reduction in other revenue as a result of loan proceeds from CSA revolving loan fund in 2010-11 that will not be received in the current year.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$1,619,542 include non-inventoriable equipment for a remote monitoring system, professional services for sewage treatment, general system maintenance costs, and the allocation of management and operations support from CSA 70 Countywide. The decrease of \$114,096 is primarily due to reduced computer hardware requirements and use of other professional and specialized services, elimination of loan payment, and reduced allocation charges from CSA 70 Countywide.

Contingencies of \$670,810 are decreasing by \$58,129 to fund current year capital improvement projects.

Operating transfers out of \$399,076 represents funding for capital improvement projects and a transfer to capital replacement reserves for future system replacement projects. The increase of \$231,757 is primarily due to additional capital improvement project funding requirements in 2011-12.

Departmental revenue of \$1,790,385 includes taxes, interest earnings, and user fees for sanitation services and is increasing by \$47,050 primarily due to lower anticipated delinquencies based on current trends.

Capital expenditures are decreasing by \$34,500 due to a change in the project scope for securing the district workshop.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$380,111 include other professional and specialized services for sewage treatment, general system maintenance, and the allocation of management and operations support from CSA 70 Countywide. The increase of \$9,141 is primarily due to an increase in other professional and specialized services for system maintenance.

Contingencies of \$263,471 are decreasing by \$78,359 to fund current year operations.

Operating transfers out of \$68,940 represents funding to CSA 82 Park to support park operations and transfer to capital replacement reserve for future system replacement projects and is increasing by \$1.

Departmental revenue of \$399,398 includes taxes, interest earnings, and user fees for sanitation services and is decreasing by \$13,206 primarily due to lower anticipated taxes, interest revenue and higher delinquencies on service charges based on current trends.

CRESTLINE SANITATION

DESCRIPTION OF MAJOR SERVICES

The Special Districts Department provided management and operations services to 5,330 Equivalent Dwelling Units (EDUs) within the Crestline Sanitation District (CSD). On August 5, 2010 the residents of the Crestline area voted in favor of Measure T approving an independent Board of Directors for CSD. As a result, the CSD is now a self governed district and completely separated from the Special Districts Department.

ANALYSIS OF RECOMMENDED BUDGET

All Crestline Sanitation District assets are now managed by the CSD Board of Directors.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$50,247 include electric billings, lease of lights from Edison, COWCAP and transfers for salaries and benefits and services and supplies support from CSA 70 Countywide. The decrease of \$20,114 is primarily due to the cancellation of the installation of additional streetlights.

Contingencies of \$3,345 are decreasing by \$6,556 due to reduced departmental revenue and available fund balance.

Departmental revenue of \$43,902 includes service charges and interest earnings and is decreasing by \$6,411 primarily due to a reduced contribution by developer of Lytle Creek North. It is anticipated that the additional development within Lytle Creek North and the fee increases that will be implemented over the course of the next couple fiscal years will realize sufficient revenues to support operations.

BUDGET CHANGES AND OPERATIONAL IMPACT

Staffing expenses are decreasing by \$43,860 due to the deletion of one public service employee. Prior to 2011-12 public service employees were not designated as budgeted staffing.

Operating expenses of \$775,972 include electric billings, lease of lights from Edison, and transfers for salaries and benefits and services and supplies support from CSA 70 Countywide. The net increase of \$54,434 is primarily due to higher anticipated energy costs.

Contingencies of \$321,262 are decreasing by \$169,607 to fund current year operations due to higher energy costs and a reduction in departmental revenue. This planned use of contingencies is to eventually reduce contingencies to equal six months of operating expenses.

Departmental revenue of \$631,752 includes property taxes and interest and is decreasing \$62,568 primarily due to lower anticipated tax receipts along with higher delinquencies based on current trends.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$187,920 includes non-inventoriable equipment for magnetic flow meters, utilities, other professional and specialized services for tank inspections, general system maintenance costs, water mitigation costs, and the allocation of management and operations support from CSA 70 Countywide. The increase of \$11,103 is primarily due to higher anticipated system maintenance costs.

Contingencies of \$41,911 are decreasing by \$6,670 to fund current operations.

Operating transfers out of \$52,348 includes funding for current year capital improvement projects (funds EAV and ELR) and a transfer to capital replacement fund (EAX) for future system replacement projects. The decrease of \$37,868 is primarily due to reduced capital improvement projects funding requirements for future years.

Total revenue of \$169,695 includes interest earnings, residential sales and revenues from leasing water rights. The decrease of \$2,802 is primarily due to anticipated reduction in water consumption.

Operating transfers in of \$60,149 includes a transfer from capital replacement fund EAX to support operating transfers out to capital improvement projects (funds EAV and ELR) and to support district operations. Support for district operations is to fund operating expenses programmed for unforeseen emergencies and high maintenance and repair activity throughout the year and will be processed only if necessary. The increase of \$23,649 is due to higher capital improvement projects requirements in 2011-12 and additional operations and management support.

Capital expenditures are decreasing by \$42,000 as the district completed the purchase of chlorinators in 2010-11.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$2,288,799 include utilities, other professional and specialized services for road paving, general system maintenance, water mitigation costs, and the allocation of management and operations support from CSA 70 Countywide. The decrease of \$130,695 is primarily due to anticipated reductions in utilities, general system maintenance and water mitigation costs.

Contingencies of \$683,356 are decreasing by \$29,697 due to reduced departmental revenue and available fund balance.

Operating transfers out of \$379,794 represents transfers for current year programmed capital improvement projects (fund EBL) and a transfer to capital replacement reserve for future system replacement projects (fund EBR). The decrease of \$720,206 is primarily due to reduced capital improvement projects funding requirements in 2011-12.

Total revenue of \$2,402,767 includes property taxes, interest earnings, and residential sales. The increase of \$213,918 is primarily due to higher anticipated property tax collections and higher water sales due to user fee adjustments.

Operating transfers in of \$125,000 includes a transfer from a capital replacement reserve (fund EIV) to fund an operating transfer out for a current year programmed capital improvement projects (fund EBL) and is decreasing by \$1,325,000 due to reduced capital improvement projects requirements in 2011-12.

Capital expenditures are decreasing by \$84,000 as district completed purchase of chlorinators in 2010-11.

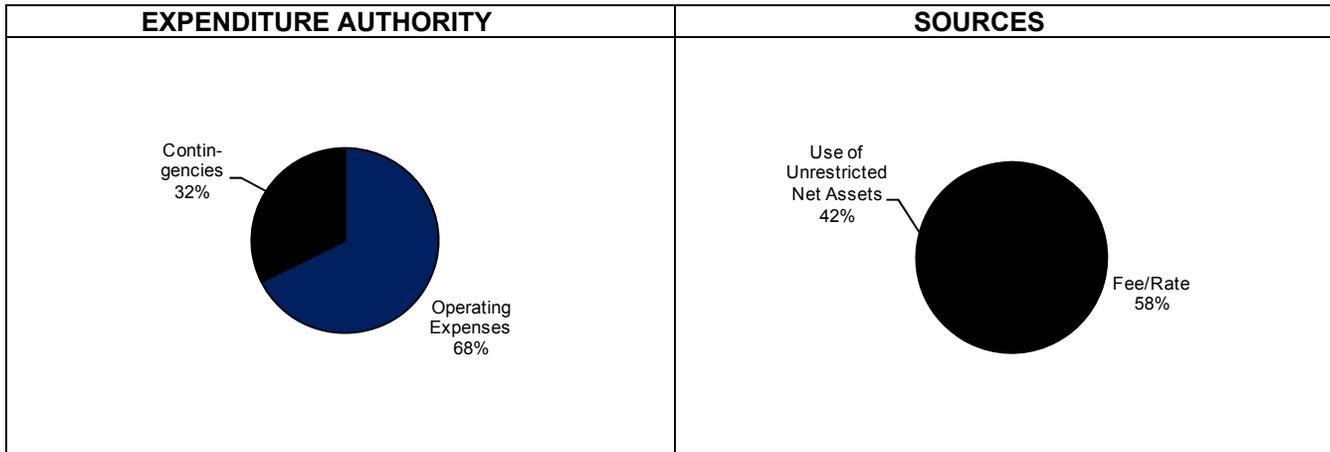

CSA 70 CG Cedar Glen

DESCRIPTION OF MAJOR SERVICES

County Service Area (CSA) 70, Zone CG was established by an act of the County of San Bernardino Board of Supervisors on July 12, 2005 to provide water service to the community of Cedar Glen. Through an Operations and Maintenance agreement the District provided water service to approximately 331 Arrowhead Manor Water Company (AMWC) customers from November 2006 through January 2009. The District closed escrow on AMWC on January 29, 2009 acquiring all of its assets. The District has also undertaken a multi-phase capital improvement project to upgrade system infrastructure. The District does not utilize an Advisory Commission or Municipal Advisory Council. Meetings are held with residents as needed.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$2,719,917 include utilities, other professional and specialized services, general system maintenance, water mitigation costs, and the allocation of management and operations support from CSA 70 Countywide. The decrease of \$224,684 is primarily due to reduced use of other professional and specialized services, lower anticipated electricity costs, reduced general system maintenance expenses and lower water mitigation costs.

Contingencies of \$660,480 are increasing by \$236,047 to fund future year operations.

Operating transfers out of \$274,364 includes transfers to capital improvement project funds (CCN and CJU) and is decreasing by \$410,636 primarily due to reduced capital improvement project requirements in 2011-12.

Total revenue of \$2,349,950 includes interest earnings and residential sales and is increasing by \$19,214 primarily due to user fee adjustments.

Operating transfers in of \$943,523 includes transfers from capital replacement and expansion funds for district operations and capital improvement projects and is decreasing by \$2,419,030 primarily due to the completion of temporary water shares purchased in 2010-11. The district utilizes replacement and expansion funds to support expenditures related to replacement and expansion activities throughout the year, such as funding for water replacement costs, debt service for expansion projects, and fixed asset purchases to support system expansions. Additionally, transfers fund operating expenses budgeted for emergencies and high maintenance and repair activity throughout the year and will be processed only if necessary.

Capital expenditures of \$182,060 include equipment purchases and well rehabilitations and are decreasing by \$2,047,940 primarily due to the completion of temporary water shares purchased in 2010-11.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$536,356 include utilities, other professional and specialized services for tank inspections, system maintenance, maintenance of structures, and the allocation of management and operations support from CSA 70 Countywide. The increase of \$20,294 is primarily due to higher maintenance requirements.

Contingencies of \$150,398 are decreasing by \$80,774 to fund current year operations.

Total revenue of \$380,608 includes interest earnings and residential sales and is decreasing by \$1,500.

Operating transfers in of \$134,089 represents funding from replacement reserves to support district operations and is decreasing by \$101,957 due to reduced operations and maintenance support requirements in 2011-12. Additionally, transfers fund operating expenses budgeted for emergencies and high maintenance and repair activity throughout the year and will be processed only if necessary.

Capital expenditures are decreasing by \$63,000 as the district completed purchase of chlorinators in 2010-11.

FLOOD CONTROL DISTRICT Granville M. Bowman

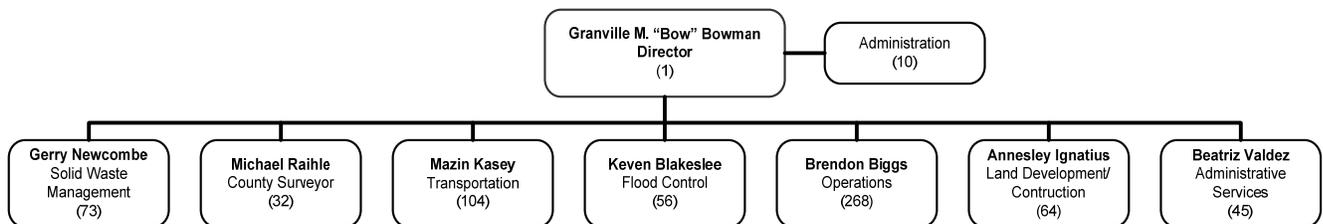

MISSION STATEMENT

The Public Works Department provides a broad range of services and infrastructure to help ensure safe and desirable communities for the people of San Bernardino County. Areas of responsibilities include roads, traffic, flood control, storm water quality, water conservation, solid waste services, and County Surveyor functions.

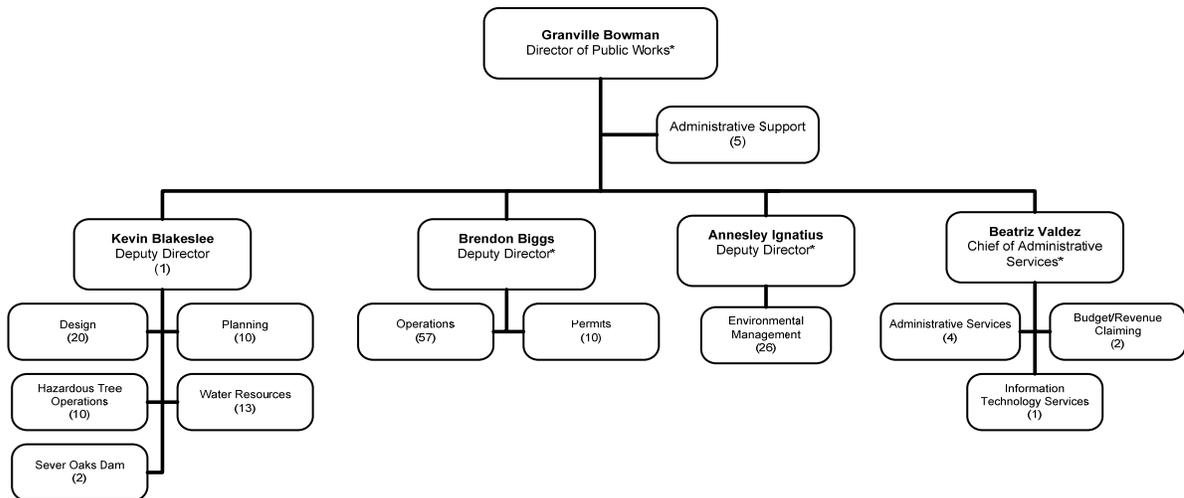

ORGANIZATIONAL CHART

Public Works:

Flood Control District:

*Position budgeted in a different budget unit.

2009-10 AND 2010-11 ACCOMPLISHMENTS

- During 2009-10, the District completed two major projects: 1) Sultana Cypress Storm Drain Phase IIA and 2) Cucamonga Basin No. 6 Phase 1. For 2010-11, the District anticipates completing the Sultana Cypress Storm Drain Phase IIB and IIC. In addition, during the December 2010 storms, over 64 District locations received damage including 5 basins filled to capacity. Four basins have been fully excavated and repairs are being completed at a few remaining sites. The District submitted approximately \$5 million in disaster reimbursement claims.

2011-12 GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

GOAL 1: FLOOD CONTROL DISTRICT – IMPROVE FLOOD PROTECTION AND INCREASE WATER RECHARGE AT FLOOD CONTROL FACILITIES.

*Objective A: Continue to increase the annual volume of water recharge at District facilities.
Objective B: Continue to reduce risk of flooding by evaluating and improving District levees.*

Measurement	2008-09 Actual	2009-10 Actual	2010-11 Target	2010-11 Estimate	2011-12 Target
1A. Acre-feet of water recharged at Flood Control District basins.	27,300	39,300	60,000	60,000	60,000
1B. Number of District Levee or Flood Control facilities studied to meet FEMA standards.	66	75	75	75	87

The recharge volume for 2009-10 was 39,300 acre-feet, which represents a significant increase from the previous year. This increase was a result of local water agencies receiving a higher percentage of State Project Water. Projections for the coming year show an increase because the local water agencies are anticipating a further increase in their allocation of State Project Water.

FLOOD CONTROL DISTRICT

Flood Control District

DESCRIPTION OF MAJOR SERVICES

The San Bernardino County Flood Control District (District) was created in 1939 under special state legislation. Since its inception, the District has developed a very extensive system of flood control and water conservation facilities, including dams, conservation basins, debris basins, channels and storm drains. The purpose of these facilities is to intercept and convey flood flows through and away from developed areas of the county, as well as to promote water conservation and improved water quality.

Budget at a Glance	
Total Expenditure Authority	\$142,495,878
Total Sources	\$89,192,291
Fund Balance	\$53,303,587
Total Staff	161

The District covers the entire county, including all of the incorporated cities. The District is divided into six geographic flood zones (in recognition of the different characteristics and flood control needs in various areas). Zone 1 encompasses the county's West End, from the Los Angeles and Riverside County lines to West Fontana. Zone 2 encompasses the central area of the San Bernardino Valley easterly of Zone 1 to approximately the Santa Ana River and City Creek demarcations. Zone 3 covers the east end of San Bernardino valley, east of Zone 2. Zone 4 covers the Mojave River valley region, from the San Bernardino Mountains to Silver Lakes. Zone 5 primarily includes the San Bernardino mountains. Zone 6 encompasses the remainder of the county not covered by other zones. The District has also established a countywide administrative zone (Zone 7). The District's funding is primarily derived from property taxes, federal and state aid on specific projects, subdivision and permit fees, rents and royalties, and revenue from local water agencies for water spreading services.

The District's principal functions are as follows:

Flood Protection on Major Streams: In cooperation with the federal government, the District conducts programs for channel and levee construction, floodwater retention, and debris basin maintenance. Programs or projects are often done in cooperation with the incorporated cities, the U.S. Army Corps of Engineers, and the U.S. Bureau of Reclamation.

Water Conservation: The District operates and maintains water conservation basins and spreading grounds. Water from the local mountains and northern California is spread and percolated into the groundwater basins underlying the county. The District has numerous joint use agreements with water districts allowing use of District facilities for groundwater recharge.

Storm Drain Construction: The District is active in comprehensive storm drain master planning/construction and cooperates with incorporated cities and other agencies in storm drain projects.

Facility Maintenance: The District has a proactive maintenance program for its facilities. Regular inspections of the storm drains, channels, and basins are made as required by various state and federal agencies.

National Pollution Discharge Elimination System (NPDES): The District is the lead permittee in the San Bernardino valley area-wide NPDES permit with 16 cities as co-permittees. The NPDES program, through the State Water Quality Management Board, regulates storm water quality through very detailed and complex permits, which affect everyone within the Santa Ana River Watershed and is expanding into the high desert area of the Victor Valley under Phase II of the permit.

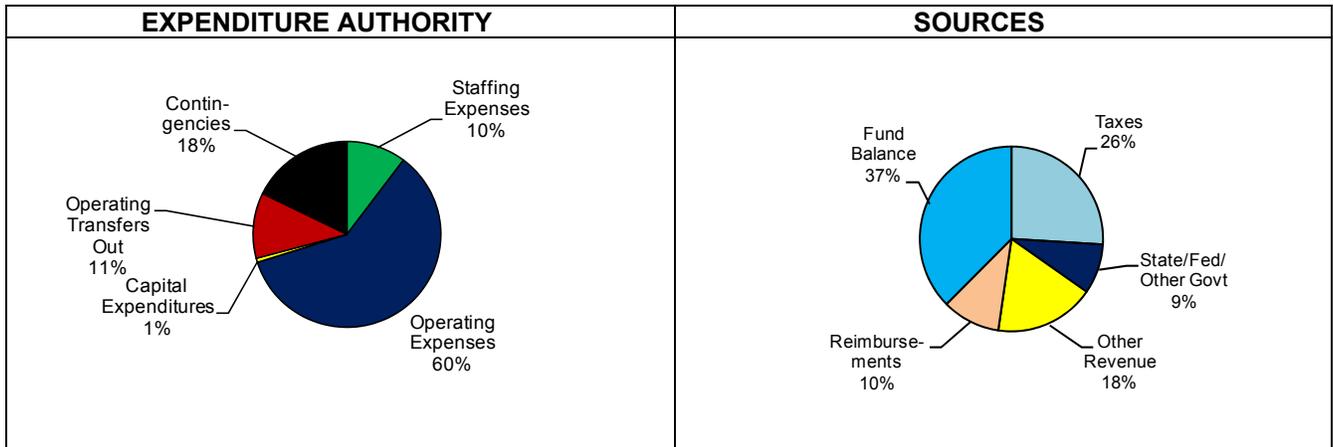

Flood Operations: During the flood season, the District maintains telemetry systems for monitoring rainfall and runoff and dispatches storm patrols as dictated by the projected severity of a storm. The District has access to a weather satellite data delivery system to provide state-of-the-art weather information. The system provides advance warning of major storm activity.

Flood Area Safety Task Force (FAST): As a result of the October/November fires of 2003, the FAST organization was created. The District is a key component of this task force, which is meant to respond to the elevated flood risk associated with the aftermath of these devastating fires.

BUDGET CHANGES AND OPERATIONAL IMPACT

Appropriation

Staffing expenses of \$14,629,886 fund 161 budgeted positions. The overall net increase of \$454,092 is due to an MOU increase of 3%, annual step increases, and an overall increase in employee benefit costs. The increase is offset by 1.5 hour per pay period leave bank savings and the net deletion of 7 vacant positions that are no longer needed.

Operating expenses of \$85,285,086 include service contracts for Flood Control construction project costs, legal fees, COWCAP charges, liability insurance, office supplies, equipment charges, computer hardware/software and ISD support, travel and training, debt service payments, right-of-way costs and transfers. The net increase of \$11,874,677 is primarily due to an increase of \$13,581,958 in professional services for construction of the following projects: San Sevaine Channel repair, Cucamonga Basin #6, Cactus Basin #3, Alabama at City Creek, Lytle Cajon and Warm Creek Channels, San Timoteo Basins, Elder Creek Channel (design and environmental), Mojave River I-15 Levee, Mountain View Acres, Yucca Loma Storm Drain Project, and Sheep Creek repair; and an increase in transfers of \$1,761,233. These increases were partially offset by the following decreases: 1) \$659,200 in outside legal services; 2) \$442,400 in equipment and vehicle charges and repairs based on anticipated usage; 3) \$1,792,432 in operating expenses as these funds are now reflected in contingencies; 4) \$351,900 in special department expenses based on actual usage; 5) \$213,917 in other charges due to decreased right of way needs and a reduction in contributions to other agencies; and 6) minor decreases in miscellaneous expenses of \$8,665.

Capital expenditures of \$1,039,200 are decreasing by \$543,750 due to the following: a decrease of \$507,000 related to a reduction in land/easement purchases and a decrease of \$155,250 in capitalized software purchases. The net decrease is offset slightly by an increase of \$50,000 to structures and improvement to structures to replace or repair the Rancho Cucamonga yard building, an increase of \$10,000 in equipment purchases needed to replace the gatehouse generator at Lytle Cajon Creek, and the purchase of rain gauges to be installed in Zones 3, 4 and 6 in the amount of \$58,500.

Contingencies of \$25,328,937 are decreasing by \$10,508,331 due to allocating funds to projects that are now anticipated to go into the construction phase. Those funds are reflected in the operating expenses category.

Reimbursements of \$14,556,994 are decreasing by \$734,164 and consists of the following: 1) internal payroll distribution reimbursements of \$12,929,394; 2) labor reimbursements of \$1,220,000 from Transportation as the District's employees work on Transportation projects; 3) reimbursements for Human Resources services: \$18,900 from the County Surveyor; \$14,500 from Airports; \$48,000 from Solid Waste; and \$201,100 from Transportation; 4) reimbursements for Computer Services costs: \$6,700 from Surveyors; \$105,100 from Transportation and \$13,300 from Solid Waste. The overall decrease is primarily due to a reduction in internal payroll distribution charges as a result of deleting several positions during 2010-11 in addition to the proposed staffing reduction in 2011-12.

Operating transfers out of \$16,212,769 is decreasing by \$2,178,440 and consists of the following:

- \$6,700,000 as a transfer from RFA Zone 1 General to fund RFB Zone 1 Bond Debt fund to pay for the Judgment Obligation and Etiwanda San Sevaine bond payments plus administration;
- \$3,500,000 transfer from Zone 4 (RFQ) to Zone 1 (RFA) as a loan so that Zone 1 can complete construction of San Sevaine Channel and for cash flow purposes;
- \$3,363,700 for inter-fund contributions from Zones 1 thru 6 to the Administrative Zone 7 to pay a fair share of administrative costs;
- \$1,397,034 from fund RFG to fund RFF (both in Zone 2) to close out fund RFG which is no longer needed;
- \$1,075,000 from Zone 2 (RFF and RFG) to Zone 3 (RFL and RFM) for Zone 2's share of costs for Seven Oaks Dam and San Timoteo Channel construction and maintenance;
- \$100,000 from Zone 4 (RFQ) to Transportation to fund the Mojave River Watershed Group; and
- \$77,035 from fund RLC Etiwanda San Sevaine Fee plan to Zone 1(RFA) for reimbursement of Etiwanda San Sevaine costs.

Departmental Revenue

Taxes of \$36,920,100 are decreasing by \$1,065,200 to reflect an overall 2.8% decrease from 2010-11 modified budget revenue.

State, federal, and other government aid of \$12,435,830 is decreasing by \$3,442,555 and consists of the following:

- \$3,443,700 from Federal Highway Administration for the Alabama at City Creek project;
- \$2,357,450 from the Rancho Cucamonga Redevelopment Agency to assist in the San Sevaine Bond payment;
- \$1,883,700 from local cities for the Valley wide National Pollution Discharge Elimination System program.
- \$1,000,000 from Department of Water Resources for a grant to assist in construction of Cactus Basin #3;
- \$800,000 from Orange and Riverside Counties for reimbursement on Seven Oaks Dam maintenance;
- \$600,000 from the Ontario Community Facilities District for reimbursement of Etiwanda/San Sevaine costs;
- \$491,500 from Chino Basin Watermaster and Inland Empire Utilities Agency for work on the San Sevaine Channel repair in Zone 1;
- \$435,200 from the Cities of Highland, Redlands and San Bernardino, Inland Valley Development Agency (IVDA) and State Office of Emergency Services Alabama at City Creek project;
- \$426,200 for the General Tax Levy Homeowners Exemption;
- \$360,000 from the City of Rialto for their share of costs of street improvements as part of the Cactus Basin #3 project;
- \$243,000 from the Town of Yucca Valley for their share of costs for the Long Canyon Corps Study;
- \$225,000 from the City of Rancho Cucamonga to assist in the San Sevaine Bond payment;
- \$100,080 from the State of California Department of Water Resources for retention of the Local Levee Grant;
- \$50,000 from the City of Fontana drainage fees to assist in the San Sevaine Bond payment;
- \$20,000 from various water agencies for water spreading activities;

The decrease of \$3,442,555 in state, federal, and other government aid is primarily due to a decrease of \$1,540,000 due to completion of the Natural Resources Conservation Service grant; a decrease of \$899,920 in the Levee Certification (LOLE) state grant to only reflect the 10% retention amount; and a decrease in other government aid of \$970,035 for various agency cost shares due to completion of projects.

Fee/rate revenue of \$232,850 are increasing by \$29,900 due to an increase in permit fees that were approved by the Board of Supervisors on May 3, 2011 and an increase in services provided to the Solid Waste Management Division.

Other revenue of \$2,367,792 consists of revenue from interest earned on the District's available cash, rents and concessions, and surplus property sales. The decrease of \$3,167,173 is due to a \$2,384,500 decrease in surplus property sales, a \$422,200 anticipated reduction in royalty revenues, a \$226,000 decrease in sales of master plans of drainage, aerial room services and other reports, a \$134,473 decrease in cash contribution from the City of Rancho Cucamonga to reflect the last payment of the Day Creek loan.

Operating transfers in of \$22,678,725 are increasing by \$7,471,054 due to increased needs by the different zones.

STAFFING CHANGES AND OPERATIONAL IMPACT

During 2010-11, the District had a net reduction of 8 vacant positions. For 2011-12, the District is eliminating 8 vacant positions, which consist of 2 limited term positions and 6 regular positions (1 Maintenance and Construction Supervisor, 1 Maintenance and Construction Worker II, 1 Pesticide Applicator, 1 Public Works Engineer II, 1 Automated Systems Technician, and 1 Office Assistant III) that are no longer necessary due to a reduction in workload and streamlining of duties within the department. In addition, the District is adding one limited term position, Public Works Engineer IV, to provide support with the levee certification program.

BUDGET CHANGES AND OPERATIONAL IMPACT

Operating expenses of \$2,287,269 consist of Auto Liability insurance, motor pool charges and equipment repair and maintenance charges from Fleet Management Department. The decrease of \$196,000 is primarily due to an anticipated reduction in automotive repairs and maintenance charges.

Contingencies of \$4,695,861 represent available net cash available set aside for future use.

Depreciation of \$1,000,000 is increasing by \$150,000 based on depreciation schedule.

Fee/rate revenue of \$3,000,000 is increasing by \$400,000 due to increased usage/rates of the District's heavy equipment fleet. Flood Control's equipment is available for usage by both the District and the Public Works Department - Transportation Division and is reimbursed by Transportation when used for their projects and maintenance.

Other revenue of \$245,000 is decreasing by \$15,000 due to decreased interest earned on cash balance.

Capital expenditures of \$1,115,000 represent the following purchases:

- \$750,000 to replace 3 Caterpillar IT 14 wheel loaders; each costing \$250,000.
- \$250,000 for a 6x6 4000 gallon Compress Natural Gas truck for watering the grading dust perimeter, mowing operations, and other maintenance work throughout the District.
- \$10,000 for items needed to compact washouts in compliance with the Levee Certification program.
- \$45,000 for toilet trailers to be used for work release and county crews when working on large projects.
- \$60,000 to replace 2 4x4 pickups; one for the Environmental Management Division and one for the Stormwater Program. Each vehicle is anticipated to cost \$30,000.
