Contributions/Uses include:

- (a) A \$20.0 million contribution for a new Property Tax System Reserve was approved on June 28, 2011 and was to be funded by \$11.0 million from excess tax sale proceeds, \$4.0 million from recorder fees, and \$5.0 million from discretionary general funding. Since the excess tax sale proceeds will not be processed this fiscal year, only \$9.0 million can be contributed to this new reserve in 2011-12.
- (b) This represents a \$1.0 million contribution to the High Desert Fire Station Reserve.
- (c) \$4.0 million use of Capital Project Reserve to be contributed towards the funding of the County Building Program
- (d) A total of \$1,218,640 use of the Business Process Improvement Reserve funds. Of the \$1.2 million, \$864,427 was approved for use as part of the 2011-12 Adopted Budget and \$354,213 was recommended for use as part of the First Quarterly Budget Report. The Business Process Improvement reserve will be eliminated at the end of 2011-12, and any remaining amount will fall into fund balance at the end of the fiscal year.

<b>Economic Development Agency</b>							
Economic Development	24,787	0	(666,900)	249,714	0	441,973	Economic Development Agency had salary savings of \$200k from vacancies in multiple positions during the course of the year. The reduction in requirements represents unfinished projects for which one-time funding was allocated of \$120k as well as the Agency's conservative cost management strategy saving an additional \$160k. This resulted in a \$442k increase to General Fund contingencies. (Page 32)

Health Care Administration	(32,375,000)	0	(29,585,000)	(40,000)	(2,750,000)	0	Health Care is reducing sources and requirements primarily due to lower debt service payments. (Page 37)
Behavioral Health Behavioral Health	(3,929,987)	222	(6,822,449)	2,892,684	0	0	Reduction in services and supplies are related to projects and contracts that were delayed or postponed until the new fiscal year. Salary and Benefit savings resulted from position vacancies. Appropriations have been reduced to reflect current and accrued expenses. Year End Adjustments reflect final true expenditures and revenues for fiscal year 2011/12. (Page 35)
Public Health Public Health	(6,313,520)	(152,203)	(9,033,658)	2,576,579	0	(8,644)	PHL had several vacancies during 2011-12 resulting in significant savings. Programs have been evaluating costs and controlling expenses while trying to maximize grant reimbursements. Decreases in equipment/software expenditures and Transfers In are due to delays in line item spending plan approval for PRP grant not allowing purchases in the fiscal year. Decreases in revenue are attributable to staffing shortages and the shift of resources to Primary Care LHIP in the clinics. Foster Care grant was reduced and several other reimbursements were reduced due to decreased expenditures in these grants. (Page 38)

California Children's Services	(1,411,323)	0	(2,965,090)	(21,712)	0	1,575,479	CCS maintained several vacant positions during the year. The main source of revenue for this Department is from the State and it is reimbursement at different percentages based on the employee and the work being performed. When positions are left vacant there will be unused appropriations for both Salaries and Benefits. Transfers include indirect overhead costs related to salaries and benefits payable to PHL, vacancies all year long have reduced expenditures in this unit. (Page 36)
Indigent Ambulance Aging and Adult Services	0	0	0	0	0	0	
Aging Programs	(831,658)	0	(802,727)	(28,931)	0	0	Appropriation and revenue reductions of \$831,658 are primarily due to salary and benefit savings and operational costs. Salary and benefit were reduced due to vacant positions and operational expenses were due to reduced contractor payments and decrease in operating transfers out. Revenues are less than anticipated due to the decrease in salary and benefit reductions and operational costs. (Page 34)
Public Guardian- Conservator	(9,874)	0	(160,603)	(27,859)	0	178,588	Appropriation reduction is primarily due to salary and benefit savings. Salary and benefit were less due to vacant positions due to the result of medical leaves. Operational expenses were a factor but to a lesser degree. Revenue was under by 4% primarily due to reduced Medical Administration Activities funds. (Page 38)
Child Support Services	(1,473,964)	0	(1,441,883)	(32,081)	0	0	Appropriation and revenue reductions of \$1,473,964 are primarily due to salary and benefit savings and operational costs. Salary and benefit were reduced due to vacant positions throughout the fiscal year and operational expenses were less primarily due to a decrease in the amount of service process transactions a slight increase in ISD and reimbursement costs offset by slight decreases in fixed assets. Revenues are less than anticipated due to the decrease in salary and benefit reductions and operational costs. (Page 36)
HS - Administrative Claim Administrative Claim	(23,788,062)	(3,900,000)	(26,095,810)	(1,592,252)	0	0	The appropriation and revenue reduction of \$27.7 million is primarily due to salary and benefit savings which is due to the budget uncertainty at the State level, the core HS departments held off on filling vacant/new positions until allocations were approved and received in the State budget. Additional savings is due to reductions in public assistance transportation and ancillary expenditures and purchases for child welfare clients which were less than originally anticipated. Reductions in fixed assets are due to less than anticipated spending in Equipment (4040) for projects originally planned for the current fiscal year now to be completed in 2012-13. (Page 37)
Domestic Violence/Child Abuse	(125,000)	0	(402,419)	277,419	0	0	Due to a reduction in State revenue received for Child Abuse Prevention and Intervention overall budget was reduced. (Page 37)
Entitlement Payments	(3,138,997)	0	(3,133,540)	0	0	(5,457)	Appropriation and revenue were reduced due to CalWORKs caseload declining sharply as a result of the 12 month reduction in lifetime program eligibility. There was also a continuation of exemptions to mandatory participation in Welfare to Work activities for parents with young children. This resulted in a significant reduction in the number of clients participating in Welfare-to-Work, and a corresponding reduction in the need for childcare services. Additionally, the poor job market meant fewer clients were able to find employment, therefore the need for childcare was diminished. (Page 37)

KINGAP	475,478	0	(67,096)	0	0	542,574	Overall appropriation and revenue reduced due to average cost per case being slightly lower than estimated at the time the 3rd Quarter Adjustment. Due to an adjustment at the end of the year to account for a new program classifying cases as federally eligible, the federal revenue is increased and state revenue is decreased. Net county cost savings will be used in other HS Subsistence budget units to allow the HS to remain within overall net county targets. (Page 38)

Veterans Affairs	55,264	0	46,002	0	0	9,262	Overall appropriation is over budget \$36,443 that is offset by an increase in revenue of \$55,264. Overall, there is no impact to net county cost. The overage is primarily due to salary and benefit increase as the department did not reduce staff as the result of the staffing decreases in 2011-12. Staff for the VA was maintained at 2010-11 levels for the entire fiscal year. Revenues increased due to increase in State revenue that was offset by State Mental Health funds. (Page 39)

Trial Court Funding MOE	(1,024,486)	0	(530,467)	0	0	(494,019)	Operating expenditures are being reduced by \$530,467 which reflects a decrease in the total cost of court operations which are funded through this budget unit. Total adjusted appropriation of \$24.4 million includes the County's capped MOE payment of \$23,552,806. Revenues are being reduced by \$1.0 million which reflects a decrease in the amount of revenue being generated by fees associated with traffic/criminal fines, penalty assessments, vital statistics, civil filing fees, traffic school and recording fees. Modified revenue of \$16.9 million is retained by the County to offset the net county cost of the MOE. (Page 42)
District Attorney	0	(75,000)	280,000	640,000	0	(995,000)	Budgeted reimbursements are reduced by \$640,000 because of less money received from the department's Special Revenue Funds primarily related to real estate fraud prosecution. As planned, the Department requires \$995,000 of general fund contingencies due to continued negotiations with employees of the attorney's unit related to certain benefit reductions proposed by the county that have not yet been enacted. Bridge funding was set aside at the beginning of 2011-12 to cover this cost. (Pages 39-40)

Administration/Corrections/ Detention	(12,855,000)	0	(15,835,000)	1,071,000	0	1,909,000	Revenue and appropriation are reduced by \$12.8 million and \$15.8 million, respectively, primarily due to AB 109 (Public Safety Realignment) being approved but not fully implemented in 2011-12. Reimbursements are reduced by \$1.1 million mostly because of not receiving money from the department's SB 678 - Criminal Recidivism Special Revenue Fund during 2011-12. These funds are now budgeted for transfer in 2012-13. The net impact of these budgetary decreases is a resulting \$1.9 million increase to general fund contingencies primarily due to unfilled non-AB 109 budgeted positions. (Page 40)
Court-Ordered Placements	0	0	(1,105,000)	0	0	1,105,000	Appropriation is decreased by \$1.1 million due to the number of juveniles committed to the California Youth Authority or group homes being significantly less than originally anticipated. As a result of this budget savings, general fund contingencies are increased by a corresponding amount. (Page 39)

The change in County process resulted in the need to utilize General Fund contingencies. Revenue is decreased by \$11.7 million primarily because of less funding received from the following sources: (1) U.S. Marshal due to fewer federal inmates being housed at county detention facilities, and (2) Law enforcement contract cities as these cities opted to hold certain budgeted positions vacant during the year. Operating Transfers In are reduced by \$764,000 mostly due to less Homeland Security Grant funds received from County Fire. Appropriation is decreased by \$7.6 million primarily due to a number of budgeted positions not being filled and certain fixed asset expenditures not proceeding as planned. The \$4.6 million increase in reimbursements is mostly due to additional jail access fee revenue transferred from the Local Detention Facility Special Revenue Fund for costs associated with the operation, renovation, remodeling, and/or construction of the department's detention facilities.

Additionally, there is a recommendation for a \$14.2 million contribution to a new Property Tax Administration Fee reserve to set aside funds for potential liabilities related to a pending lawsuit. This table shows an increase to Operating Transfers Out for demonstrative purposes only and is meant to reflect an increase to the balance sheet account. Countywide Discretionary	7,545,000	1,500,000	0	0	0	9,045,000	Revenue Adjustments include an increase of \$2.5 million in Property Related revenue primarily due to Unitary (Public Utility) valuations being higher than projected, offset by a decrease in Supplemental Property Tax revenue.  Sales Tax revenue is \$1.5 million higher than anticipated due to one-time construction receipts.  Operating Transfers In are increasing \$1.5 million related to discretionary General Funds returned by County Fire as a result of departmental savings.  Other revenue is \$3.1 million higher than anticipated due to the close-out of a special revenue fund (\$2.5 million), and \$1.5 million in unclaimed property tax refunds, which are offset by a \$1.1 million decrease in anticipated interest revenue. During the course of the year, fourteen (14) reimbursable positions were deleted as the department completely realigned its business approach. The resulting changes led to reduced project activities, which are reflected in the \$44M reduction to Total Requirements and \$0.5M reduction in interdepartmental reimbursements. This is offset by a \$20M increase to contingencies which reflects the transfer of available fund balance and a \$23M revenue reduction associated with federal funds allocated. Both available fund balance and the federal funds are available for future projects. (Page 48)
Workforce Development	(3,030,000)	0	(3,323,000)	0	0	293,000	Workforce Development Department had Salaries & Benefits savings of \$700k from vacancies in multiple positions throughout the year. The \$3m reduction in requirements primarily represents unexpended funding for training and related activities. The \$3m reduction in sources represents the unclaimed federal funds associated with the unexpended funding. This revenue will be available for training programs reprogrammed in the FY 2012-13 budget. (Page 51)

Wraparound Reinvestment Fund	(453,303)	0	(8,720,541)	186,561	(3,900,000)	11,980,677	Salaries are less than budget due to department mid year filling positions within the general fund rather than this special fund due to the ability to maximize federal funding. Public assistance and operating transfers out are less than budget due to plans for this funding being set aside in contingency rather than being spent in current year. Special Revenue Funds must appropriate entire unreserved fund balance each year. Accordingly, actual expenditures in this budget are typically less than budget. Unexpended amounts are carried over to subsequent year's budget. Unexpended funds recovered from contractors as their contracts end and additional interest earned resulted in an additional \$453,303 in revenue over budget. (Page 53)

State Seized Assets	0	0	(1,340,000)	0	30,000	1,310,000	Appropriation is decreased by \$1.3 million mostly due to not incurring budgeted costs in 2011-12 related to the purchase of mobile data computers for marked patrol vehicles and miscellaneous equipment such as lightbars, cages, shotgun racks, etc. needed to outfit new patrol cars. (Page 58)
Auto Theft Task Force	192,000	0	90,000	0	0	102,000

CAL-ID Program	(816,000)	0	(1,142,000)	0	0	326,000	Appropriation for this budget unit is decreased by \$1.1 million because staffing and other operating costs of the Local Automated Fingerprint Identification System were less than originally projected. Revenue is decreased by \$816,000 as less cost reimbursement is needed in 2011-12 from the local contracting municipal agencies that participate in the CAL-ID Program. (Page 58)
Capital Project Fund	0	0	(691,000)	0	0	691,000	Appropriation is decreased by \$691,000 mostly because no projects were identified by the department for funding from this budget unit during 2011-12. (Page 58)
Court Services Auto	218,000	0	(370,000)	0	0	588,000	The \$588,000 increase in contingencies is the result of additional court fine revenues and reduced costs for automotive maintenance/repair of the Court's Civil Division vehicles. (Page 58)
Court Services Tech	0	0	(569,000)	0	0	569,000	Appropriation is decreased by \$569,000 primarily due to not proceeding with the purchase of computer equipment and software upgrades for the Court's Civil Division. These expenditures are now included in the 2012-13 budget. (Page 59)
Local Detention Facility Revenue	2,873,236	0	4,075,000	0	0	(1,201,764)	Revenue and appropriation are increased by \$2,873,236 to account for the booking fee allocation received from the state and the corresponding transfer to the county general fund for costs associated with the operation, renovation, remodeling, and/or construction of the department's detention facilities. In addition, the department is using \$1,201,764 of contingencies for transfer to the county general fund to help mitigate the deficit incurred in the department's general fund budget unit. (Page 59)

Reimbursements decreased due to less transfers from other funds primarily from Measure I due to delayed capital projects or reduced snow removal costs. Revenue decreased primarily due to less contributions from other agencies such as SANBAG (\$1.6 million), and a combination of reduced RDA funds (\$19.8 million) due to delayed or cancelled projects or funds had already been advanced in FY 10-11. Partially offset by an increase of Gas Tax revenue (\$7.2 million) and FEMA revenue (\$0.5 million). Net changes resulted in a \$6.2 million decrease in contingencies. (Pages 61-65)

Measure I Programs	1,362,000	0	(9,664,400)	3,581,500	0	7,444,900	Appropriation is decreasing by \$9.7 million primarily due to delayed capital projects such as Shadow Mountain Road grade separation, Starlite Mesa Drive apron installation, San Bernardino Avenue road widening, Rancho Road signal, road widening, & drainage improvement, and Yates Road widening. Additionally, reimbursement of Routine Maintenance projects (countywide) were less than anticipated. Revenues are increasing due to higher than anticipated Measure I sales tax revenue. The net change of these adjustments is an increase in contingencies of \$7.4 million. (Pages 61-65)

Salaries and Benefits were less than budgeted due to the length of time needed to fill nursing positions (\$6,924,849). Additionally, equipment costs were less than budget due to postponing many of the projects until 2012-13 (\$3,008,169). (Page 65)

In addition, operating transfer out decreased by \$7.5 million due to less than delayed capital projects and less than anticipated expenses for current capital projects budgeted in other Solid Waste funds. Fixed assets decreased by \$0.5 million due to less than anticipated cost of equipment and the delay of some capital projects.  Revenue increased by \$0.5 million due to unanticipated FEMA reimbursements. Operating transfers in increased due to a repayment of a loan from the Site Enhancement Fund which was made to complete septic pond improvements ahead of receipt of designated septic revenues. The net effect of these changes was an increase in contingencies of \$17.9 million. (Pages 66-67)
Site Closure and Maintenance	(556,000)	0	(3,383,000)	0	0	2,827,000	0	Appropriation decreased by \$3.4 million due to less than anticipated cost of capital projects. Revenues decreased due to less than anticipated interest revenue. The net change was an increase in contingencies of \$2.8 million. (Page 67)
Site Enhancement, Expansion, and Acquisition	(205,000)	0	(720,000)	0	0	2,760,000	(2,245,000)	Appropriation and fixed assets decreased due to delayed capital projects. Revenues decreased due to less than anticipated interest revenue. The net change was an increase in contingencies of \$2.8 million. (Page 67)
Environmental Fund	(48,600)	(6,541,400)	(2,600,000)	0	0	0	(3,990,000)	Appropriation and fixed assets decreased due to delayed capital projects and reduced need for non-routine professional services related to maintenance of environmental systems. The net change was a decrease in operating transfers in. (Page 67)
Environmental Mitigation Fund	(111,000)	0	(617,000)	0	0	506,000	0	Appropriation decreased by \$0.6 million due to the elimination of the Community County Program and a reduction in payments to cities because actual tonnage received was less than budgeted. Revenues decreased due to reduced tonnage. The net change was an increase in contingencies of \$0.5 million. (Page 67)

Quarterly Budget Report Format Overview  
Fiscal Year 2011-12**

**The Quarterly Budget Report for the first three quarters of the fiscal year is divided into three main sections as listed below. For the Fourth Quarter Budget Report, the Budgeted Staffing and Personnel Actions Section is typically omitted as any recommended changes are incorporated into the succeeding fiscal year Recommended Budget presented to the Board of Supervisors in June for adoption.**

1. Budget Section
2. Budgeted Staffing and Personnel Actions Section
3. Other Section

**Budget Section**

This section of the report portrays the most recent approved budget, recommended changes to that budget, and the new recommended budget for all fund types (general fund, special revenue funds, internal service and enterprise funds). Due to the distinctive nature of these fund types, each is portrayed in a different format to more accurately demonstrate their attributes. Each format contains the starting point of the budget. In the first quarter, the starting point is typically the adopted budget. For the following three quarters, the starting point is the ending date of the quarter being reported. That ending date of the quarter is considered the modified budget at that point of time. Requested adjustments included in the quarterly report are then reflected, followed by the recommended amount. The recommended amount is the summation of the starting point and the requested adjustments.

**General Fund**

There are a variety of schedules for the general fund based on different levels of summarization.

The **Total General Fund Recommended Adjustments** schedule is presented at the highest level. Additionally, this schedule shows the available contingencies of the general fund.

The **General Fund Recommended Adjustment by Appropriation and Revenue Group** details total revenue by revenue grouping such as Taxes, Licenses and Permits, etc. and total expenditures by appropriation unit, such as Salaries and Benefits, Services and Supplies, and Equipment. Notations may be included if the starting point figures were modified from the last quarterly report.

The **Summary of General Fund Recommended Revenue Adjustments by Grouping** and the **Summary of General Fund Recommended Appropriation Adjustments by Grouping** compiles total revenues or appropriation into reporting groups which are presented in the 2011-12 Adopted Budget book.

**San Bernardino County**  
**Quarterly Budget Report Format Overview**  
**Fiscal Year 2011-12**

**Summary of General Fund County Reserves** presents detail regarding the general purpose and specific purpose revenues. The schedule provides the ending balance of the prior fiscal year, the approved contributions and uses, and an estimated ending balance for the current fiscal year. Notations may be provided for significant contributions and uses.

The **General Fund Detail Recommended Adjustments** schedule lists all general fund budget units whether or not there is a budget adjustment contained in the quarterly report. If an adjustment is requested, a written explanation is included in the line item of the budget unit with a reference to the page number of the report which details the actual budget adjustment required. This schedule lists only the adjustments; there is no starting or ending balance. Additionally, if a general fund budget unit has an adjustment that impacts general fund contingencies, the change is listed in the Change in General Funds Contingencies column. These budget adjustments are summarized for presentation in the general fund schedules previously listed.

**Special Revenue Fund**

The **Special Revenue Fund Recommended Adjustments** schedule contains beginning unreserved fund balance and the starting and ending points for sources, requirements, and contingencies for each budget unit within the fund type.

The **Special Revenue Fund Detail Recommended Adjustments** schedule lists all budget units within the fund type whether or not there is a budget adjustment contained in the quarterly report. If an adjustment is requested, a written explanation is included in the line item of the budget unit with a reference to the page number of the report which details the actual budget adjustment required. This schedule lists only the adjustments; there is no starting or ending balance. If a budget unit has an adjustment that impacts departmental contingencies, the change is listed in the Contingencies column. These adjustments are summarized for presentation in the special revenue fund recommended adjustments schedule.

**Internal Service Fund and Enterprise Fund**

The **Internal Service Fund and Enterprise Fund Recommended Adjustments** schedule contains the beginning revenue over/(under) balance and the starting and ending points for sources, requirements, and fixed assets for each budget unit within the fund type.

The **Internal Service Fund and Enterprise Fund Detail Recommended Adjustments** schedule lists all budget units within the fund type whether or not there is a budget adjustment contained in the quarterly report. If an adjustment is requested, a written explanation is included in the line item of the budget unit with a reference to the page number of the report which details the actual budget adjustment required. This schedule lists only the adjustments; there is no starting or ending balance. If a budget unit has an adjustment that impacts departmental contingencies, the change is listed in the Contingencies column. These adjustments are summarized for presentation in the internal service fund and enterprise fund recommended adjustments schedule.

**Budgeted Staffing and Personnel Actions Section (Typically first three quarters only)**

The Budgeted Staffing and Personnel Actions Section provide a variety of schedules based on differing levels of summarization. The **Budgeted Staffing by Grouping/Department** schedule contains the starting point of budgeted staffing. In the first quarter, the starting point is the adopted budget staffing. For the next two quarters, the starting point is the ending date of the prior quarterly report. Requested adjustments (adds and deletes) included in the quarterly report are reflected, followed by recommended figures which represent the summation of the starting point and the requested adjustments. In budgeted staffing schedules, counts are provided for both regular and limited term staff. Limited term consists of contract, extra help and recurrent position types.

The second schedule in the Budgeted Staffing and Personnel Actions Section is a listing of **Position Adds, Corrections, Deletes, Restore, and Classification Reviews** by Human Resources. This schedule lists budgeted staffing information by department, classification, position action, and position type for each budgeted position number with requested changes. Additionally, bargaining unit, pay range, current salary, and classified or unclassified designation is provided. There is a total column which represents the increases or decreases to budgeted staffing counts. Following the total column are the new classification, conflict of interest and Fair Labor Standards Act (FLSA) status columns. These last three columns contain data only when needed. However, for presentation purposes only, a budgeted position number line may have blanks in the classification, position action, and/or position type columns. If this occurs, then the values for those columns are the same as the last stated value in that column.

The third schedule in the Budgeted Staffing and Personnel Actions Section is a listing of **Position Reclassifications and Technical Title Changes**. Since Position Reclassifications and Technical Title Changes require data to be provided based on the current position as well as the proposed position, the data contained in this schedule is basically the same as the prior schedule except that both the before and after information is presented.

The fourth schedule in the Budgeted Staffing and Personnel Actions Section is **Classification Actions**. This listing provides for routine maintenance of the classifications contained in the county's payroll system. The listing may include actions such as deletions, restorations, and/or the establishment of new classifications.

The last schedule in the Budgeted Staffing and Personnel Actions Section is **Salary and Benefits by Classification**. This listing provides the maximum salary and estimated benefits for each classification included in the report.

**Other Section**

The Other Section includes a variety of other schedules including the quarterly budget adjustments the Auditor-Controller/Treasurer/Tax Collector must input into the financial accounting system, a listing of acronyms used in the quarterly report, this quarterly budget report format overview and a Board of Supervisors Discretionary Fund Quarterly Spending Plan.

**Quarterly Budget Report Format Overview**  
**Fiscal Year 2011-12**

The **Quarterly Budget Adjustments** schedule contains all the technical adjustments that need to be made into the county's financial accounting system in order to report changes to adopted budget figures. Page number references for these budget adjustments are contained in each of the explanation columns contained in the general fund, special revenue fund, and internal service and enterprise fund detail recommended adjustments schedules.

The **Acronyms** schedule of the report contains acronyms used throughout the quarterly budget report. This consolidated listing was created as a reference schedule for the reader.

The **Board of Supervisors Discretionary Fund Quarterly Spending Plan** section contains a list of allocations recommended for approval by the Board to be distributed out of the Board of Supervisors' Board Discretionary Funding budget unit. This is in accordance with County Policy 02-18, which states that each discretionary funding allocation shall be submitted through the quarterly budget update (unless otherwise determined by the Chief Executive Officer) and must be approved by a majority of the Board. This plan is in order by the Supervisorial District that is allocating the funds and then alphabetically by recipient organization.
