

SB 14 SUMMARY PLANS DUE SEPTEMBER 1, 2011, FOR THE 2010 REPORTING YEAR

Did you generate over 12,000 kilograms of hazardous waste or 12 kilograms of extremely hazardous waste in 2010? If 'yes', you might be required to prepare SB14 documents by September 1, 2011.

San Bernardino County Fire Department, Hazardous Materials Division is distributing compliance information from the State Department of Toxic Substances Control (DTSC) regarding Senate Bill 14. Senate Bill 14 is the Hazardous Waste Source Reduction and Management Review Act of 1989. SB 14 requires certain hazardous waste generators to consider source reduction as the preferred method of managing hazardous waste. Source reduction also provides the best protection for public health and the environment. **2010 is the new reporting year, and the Summary Progress Report (SPR) is due to the State DTSC by September 1, 2011.**
