Action Item – Review and Recommendation on the Apple Valley Airport Cafe

Moved by Commissioner Marquez seconded by Commissioner Asmus. The item passed unanimously to approve the recommendation of the Apple Valley Airport Cafe.

Commissioner Reports/Comments

Commissioner Bagley reported that the last time that he was at Twentynine Palms Airport that there was no water available.

Public Comments

Mr. Khademi reported issues with asphalt at Chino Airport.

Information Item: Apple Valley Airshow Dedication

A request was made for the Apple Valley Airshow to dedicate this year's airshow to Capt. Joseph McConnell and Korean War veterans. Capt. Joseph McConnell was the first triple jet ace in American history. He flew during the Korean War and had close ties to the High Desert. An item was taken to the Board of Supervisors for approval of the dedication.

Information Item: Discuss Planning Commission Meeting Conflicts

Mr. Bagley explained that San Bernardino County does not have an Airport Land Use Commission. The Planning Commission utilizes Airport Commissioners for Planning Commission items. The Planning Commission meetings sometimes conflict with the Airport Commission meetings. Because they meet infrequently and the Airport Commission meets regularly on a specific day he would like our calendar to be shared with the Planning Commission so not to schedule a meeting on the same day.

Information Item: Kimball Avenue Traffic Pattern

Ms. Snelgrove explained that there are issues with ingress and egress at the commercial gate complex. The development of Kimball Ave was designed and approved by the City of Chino several years ago. The work involved with that project was delayed until now. Kimball Ave was not designed for usage of heavy truck, but there is potential for gates to be added off of Flight Ave for trucks to come to the airport.

Commissioner Bagley requested that this item be put on the agenda again.

Action Item – Motion made to create a Sub-Committee for the Kimball Ave Traffic Pattern

Moved by Commissioner Asmus seconded by Commissioner Canepa. The item passed unanimously to create a sub-committee for the Kimball Ave traffic patterns.

Information Item: Daggett Solar Facility Project

The company Clearway Energy is moving forward with a conditional use permit to construct and operate a utility-scale photovoltaic solar energy installation.

Ms. Snelgrove shared that there are two issues from the Department's perspective. This is the largest solar array in approximate location to any operational airport in the United States. This has the potential to possibly be distractive to the aviation community.

Presentation given by James Kelly with Clearway Energy.

Break 11:42 am – 11:52 am
