Facility Diversion Rates

Material Recovery Facility - Mixed C&D Debris

Facility	More Info	Diversion Rate
<u>Advance Disposal</u>	Contact Advance to confirm diversion rates for specific material. Mixed C&D material can be self-hauled or picked-up by Advance Disposal in mixed construction dumpsters (3 yd) or roll-off (10 - 40 yd). ONLY waste from projects located within Advance Disposal's service area can be self-hauled to this facility	75%
<u>Burrtec - West Valley MRF</u>	C&D material self-hauled or taken in a roll-off (10 - 40 yd) by Burrtec	79%
<u>Burrtec - Agua Mansa MRF</u>	C&D material self-hauled or taken in a roll-off (10 - 40 yd) by Burrtec	74%
<u>CR&R - Inland Regional MRF</u>	Mixed Construction and Demolition Debris. Open to the public	60%
<u>Pomona Valley Transfer Station</u>	Open to the public	65%

Franchise Hauler Diversion Rates

Container Size	More Info	Diversion Rate
1.5 - 6 cy trash bin	Construction materials placed into one of the size bins will be taken to the landfill by the waste hauler, nothing will be recycled. *Advance Disposal provides mixed construction debris collection in these size containers.	0%
1.5 - 6 cy recycle bin	Only traditional recyclables can be placed into these bins (paper, plastic, cardboard, certain materials). Usually construction material <u>cannot</u> be recycled in these bins.	100%
10 - 40 yd roll-off (Burrtec serviced Valley Area)	Projects who rent one of these size bins through Burrtec within the valley area will receive a diversion for material hauled by Burrtec to the West Valley MRF (79%) or the Agua Mansa MRF (74%).	74% or 79%
10 - 40 yd roll-off (Mountain and Desert Area)	C&D material will be hauled to a County landfill or transfer station for projects that are located in the mountain or desert areas by Burrtec**, CR&R, or Big Bear Disposal.	43%
10 - 40 yd roll-off (Waste Management Chino Area)	Projects who rent one of these size bins through Waste Management within the Chino area will receive 65% diversion rate because the material will be hauled by Waste Management to the Pomona Valley Transfer Station.	65%

**Burrtec Customers in Victor Valley, Oro Grande, Silver Lakes, Lucerne Valley, and Adelanto unincorporated: Clean loads of concrete or asphalt receive 100%
